Technical Corrections to the Export Administration Regulations Based Upon a Systematic Review of the CCL; Correction

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Correcting amendment.

SUMMARY: The Bureau of Industry and Security published a final rule in the **Federal Register** on April 18, 2008 (73 FR 21035), that amended the Export Administration Regulations (EAR) to make various technical corrections and clarifications to the EAR as a result of a systematic review of the CCL. The amendments in that final rule included a revision to the “Unit” paragraph in the List of Items Controlled section of Export Control Classification Number (ECCN) 9A004. However, because of an inadvertent formatting error in a rule published on March 18, 1999 (64 FR 13338), the “Related Controls” paragraph in that CCL entry appeared to be a part of the “Unit” paragraph. This resulted in the inadvertent removal of the “Related Controls” paragraph in the List of Items Controlled section of that ECCN entry when the “Unit” paragraph was revised with the publication of the April 18, 2008, rule. Today’s rule corrects that inadvertent removal by adding the “Related Controls” paragraph back into that ECCN entry.

DATES: *Effective Date:* This rule is effective: May 8, 2008.

Comments on this collection of information should be submitted separately from comments on the final rule (i.e. RIN 0694-AE32)—all comments on the latter should be submitted by one of the three methods outlined above.

SUPPLEMENTARY INFORMATION:

Background

On April 18, 2008, the final rule, Technical Corrections to the Export Administration Regulations based upon a Systematic Review of the CCL was published in the **Federal Register** (73 FR 21035). The amendments in that final rule included a revision to the “Unit” paragraph in the List of Items Controlled section of Export Control Classification Number (ECCN) 9A004. The changes made in the April 18 rule made *no* changes to the “Related Controls” paragraph of that ECCN entry. However, because of an inadvertent formatting error that occurred in a final rule published on March 18, 1999 (64 FR 13338), the “Related Controls” paragraph appeared to be a part of the “Unit” paragraph, which resulted in the inadvertent removal of the “Related Controls” paragraph in the List of Items

Controlled section when the “Unit” paragraph was revised with the publication of the April 18, 2008, rule. The formatting issue involved the “Related Controls” paragraph not appearing on its own line in the Code of Federal Regulations (CFR) and the “Related Controls” heading not being italicized. This rule corrects those inadvertent formatting errors from the 1999 rule that were compounded with the publication of the April 18 rule, by adding the “Related Controls” paragraph back into ECCN 9A004.

Although the Export Administration Act expired on August 20, 2001, the President, through Executive Order 13222 of August 17, 2001, 3 CFR, 2001 Comp., p. 783 (2002), as extended by the Notice of August 15, 2007, 72 FR 46137 (August 16, 2007), has continued the Export Administration Regulations in effect under the International Emergency Economic Powers Act.

Rulemaking Requirements

1. This final rule has been determined to be not significant for purposes of E.O. 12866.

2. Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid Office of Management and Budget Control Number. This rule contains a collection of information subject to the Paperwork Reduction Act of 1980 (44 U.S.C. 3501 *et seq.*). This collection has been approved by the Office of Management and Budget under control number 0694-0088, “Multi-Purpose Application,” which carries a burden hour estimate of 58 minutes for a manual or electronic submission.

3. This rule does not contain policies with Federalism implications as that term is defined under E.O. 13132.

4. The Department finds that there is good cause under 5 U.S.C. 553(b)(B) to waive the provisions of the Administrative Procedure Act requiring prior notice and the opportunity for public comment because they are unnecessary. The changes made by this rule are not substantive changes, but rather are updates to cross-references, conformance of units of measure to item descriptions, and removal of outdated references. This rule does not alter any right, obligation or prohibition that applies to any person under the Export Administration Regulations (EAR). Because these revisions are not substantive changes, it is unnecessary to provide notice and opportunity for
