Total				1,700,000	\$36,182,050

* Staff calculated labor costs by applying appropriate hourly cost figures to burden hours; labor cost totals reflect solely that of the commercial entities affected. The hourly rates used were based on mean wages for managerial/professional time (e.g., compliance evaluation and/or planning), professional/technical time (e.g., designing and producing notices, reviewing and updating information systems), and clerical time (e.g., reproduction tasks, filing, and, where applicable to the given event, typing or mailing). See BLS National Compensation Survey, June 2006, Table 1, available at <http://www.bls.gov/ncs/ocs/sp/ncbl0910.pdf> (Management, professional, and related; office and administrative support) and BLS Occupational Employment and Wages 2006, Table 2, available at <http://www.bls.gov/news.release/pdf/ocwage.pdf> (professional, scientific, and technical services - business and financial operations). Consumers have a continuing right to opt-out, as well as a right to revoke their opt-out at any time. When a respondent changes its information sharing practices, consumers are again given the opportunity to opt-out. Again, staff assumes that the time required of consumers to respond affirmatively to respondents' opt-out programs (be it manually or electronically) would be minimal.

** The estimate of respondents is based on the following assumptions: (1) 100,000 respondents, approximately 70% of whom maintain customer relationships exceeding one year, (2) no more than 1% (1,000) of whom make additional changes to privacy policies at any time other than the occasion of the annual notice; and (3) such changes will occur no more often than once per year.

As calculated above, the total annual PRA burden hours and labor costs for all affected entities in a given year would be 2,000,000 hours and \$44,101,000, respectively.

Estimated Capital/Other Non-Labor Costs Burden: Staff believes that capital or other non-labor costs associated with the document requests are minimal. Covered entities will already be equipped to provide written notices (e.g., computers with word processing programs, typewriters, copying machines, mailing capabilities). Most likely, only entities that already have on-line capabilities will offer consumers the choice to receive notices via electronic format. As such, these entities will already be equipped with the computer equipment and software necessary to disseminate the required disclosures via electronic means.

Acting General Counsel.

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of

information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-5960 or send an e-mail to omb@cdc.gov. Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC or by fax to (202) 395-6974. Written comments should be received within 30 days of this notice.

Proposed Project

Restriction on Travel of Persons (OMB Control No. 0920-0488)—Reinstatement without Change—National Center for Preparedness, Detection, and Control of Infectious Diseases (NCPDCID), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The Centers for Disease Control and Prevention is requesting OMB approval to reinstate without change the information collection request, Restriction on Travel of Persons (OMB Control No. 0920-0488). This information collection request expired on March 31, 2007.

CDC is authorized to collect this information under 42 CFR 70.5 (certain communicable diseases; special requirements). This regulation requires that any person who is in the communicable period for cholera, plague, smallpox, typhus, or yellow fever or having been exposed to any

such disease is in the incubation period thereof, to apply for and receive a permit from the Surgeon General or his authorized representative in order to travel from one State or possession to another.

Control of disease transmission within the States is considered to be the province of State and local health authorities, with Federal assistance being sought by those authorities on a cooperative basis without application of Federal regulations. The regulations in 42 part 70 were developed to facilitate Federal action in the event of large outbreaks requiring a coordinated effort involving several States, or in the event of inadequate local control. While it is not known whether, or to what extent situations may arise in which these regulations would be invoked, contingency planning for domestic emergency preparedness is now commonplace. Should these situations arise, CDC will use the reporting and recordkeeping requirements contained in the regulations to carry out quarantine responsibilities as required by law.

The only cost to respondents is their time to submit the application materials. The estimated annualized burden for this data collection is 3,600 hours.

ESTIMATED ANNUALIZED BURDEN HOURS

Regulation	Respondent	No. of respondents	No. of responses per respondent	Average burden per response (in hours)
42 CFR 70.3 Application to the State of Destination for a permit.	Traveler	2,000	1	15/60
42 CFR 70.3 Copy of material submitted by applicant and permit issued by State health authority.	Attending physician	2,000	1	15/60
42 CFR 70.4 Report by the master of a vessel or person in charge of conveyance of the incidence of a communicable disease occurring while in interstate travel.	State health authority	8	250	6/60
42 CFR 70.4 Copy of material submitted or State or local health authority under this provision.	Master of a vessel or person in charge of conveyance.	1,500	1	15/60
42 CFR 70.5 Application for a permit to move from State to State while in the communicable period.	State health authority	20	75	6/60
	Traveler	3,750	1	15/60
	Attending physician	3,750	1	15/60
