DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4743-N-06]

Notice of Planned Closing of Portland, OR; Omaha, NE; Albuquerque, NM; and Birmingham, AL; Post-of-Duty Stations

AGENCY: Office of Inspector General, (HUD).

ACTION: Notice of planned closing of the Portland, Oregon; Omaha, Nebraska; Albuquerque, New Mexico; and Birmingham, Alabama post-of-duty stations.

SUMMARY: This notice advises the public that the HUD Office of Inspector General (OIG) plans to close its Portland, Oregon; Omaha, Nebraska; Albuquerque, New Mexico; and Birmingham, Alabama post-of-duty stations, and also provides a cost-benefit analyses of the impact of these closures.

FOR FURTHER INFORMATION CONTACT: Bryan Saddler, Counsel to the Inspector General, Room 8260, Department of Housing and Urban Development, 451 Seventh Street, SW., Washington, DC 20410-4500, 202-708-1613. (This is not a toll free number.) A telecommunications device for hearing- and speech-impaired persons (TTY) is available at 800-877-8339 (Federal Information Relay Services). (This is a toll-free number.)

SUPPLEMENTARY INFORMATION: Between 1997 and 2000 HUD/OIG established one and two person post-of-duty stations in Portland, Oregon; Omaha, Nebraska; and Albuquerque, New Mexico to give direct support to the Operation Safe Home (OSH) initiative to combat violent and drug related crime in the public and assisted housing in the city and nearby communities. Nationwide experience since the initiation of OSH in 1994 had proven that the best results/impact could be obtained when an HUD/OIG Special Agent was physically located in the target city. However, in accordance with the requirements of the Fiscal Year 2002

HUD Appropriations Act (Pub. L. 107-73, approved November 26, 2001), HUD/OIG terminated OSH and began re-deploying staff to focus on investigations involving single-family fraud and property flipping. This change eliminated the need to maintain separate post-of-duty stations in Portland, Oregon; Omaha, Nebraska; and Albuquerque, New Mexico, and gave HUD/OIG the opportunity to generate cost savings associated with discontinuing an additional office.

Regarding the Birmingham, Alabama post-of-duty station, it has existed since the early 1970s. During the 1990s, the office was staffed with a senior auditor and two staff auditors. The senior auditor and one staff auditor have left HUD/OIG, and the office is currently left with one staff auditor. Closing this office gives HUD/OIG the opportunity to generate cost savings associated with discontinuing an office, since the audits currently performed by the office can be performed as efficiently and effectively by staff in HUD/OIG's Atlanta Regional Office.

Section 7(p) of the Department of Housing and Urban Development Act (42 U.S.C. 3535(p)) provides that a plan for field reorganization, which may involve the closing of any field or regional office, of the Department of Housing and Urban Development may not take effect until 90 days after a cost-benefit analysis of the effect of the plan on the office in question is published in the **Federal Register**. The required cost-benefit analysis should include: (1) An estimate of cost savings anticipated; (2) an estimate of the additional cost which will result from the reorganization; (3) a discussion of the impact on the local economy; and (4) an estimate of the effect of the reorganization on the availability, accessibility, and quality of services provided for recipients of those services.

Legislative history pertaining to section 7(p) indicates that not all reorganizations are subject to the requirements of section 7(p). Congress stated that "[t]his amendment is not intended to [apply] to or restrict the internal operations or organization of the Department (such as the establishment of new or combination of existing organization units within a field office, the duty stationing of employees in various locations to provide on-site service, or the establishment or closing, based on workload, of small, informal offices such as valuation stations)." (See House Conference Report No. 95-1792, October 14, 1978 at 58.) The duty-stations in Portland, Oregon; Omaha, Nebraska; Albuquerque, New Mexico;
