Comments c/o Sarah Cudahy, One Independence Square, 250 E. St. SW, Washington, DC 20427. Please note that at this time, mail is sometimes delayed. Therefore, we encourage emailed comments.

FOR FURTHER INFORMATION CONTACT:

Sarah Cudahy, 202-606-8090, register@fmcs.gov.

SUPPLEMENTARY INFORMATION: Copies of the proposed questions are available below. Paper copies are available by emailing register@fmcs.gov. Please ask for the Stakeholder Survey.

I. Information Collection Request

Agency: Federal Mediation and Conciliation Service.

Form Number: Not yet assigned.

Type of Request: New collection; generic clearance.

Affected Entities: Private sector; state, local, and tribal governments; individuals or households; and federal government.

Frequency: These methods of engagement are utilized on an as-needed basis. Each engagement is completed once.

Abstract: Pursuant to the Administrative Dispute Resolution Acts of 1990 and 1996, 5 U.S.C. 561 *et seq.* and 571 *et seq.*, and 29 U.S.C. 173(f), the Federal Mediation and Conciliation Service provides conflict prevention, management, and resolution services, including, but not limited to, public policy facilitation and mediation services, to Federal agencies. As part of these services, sometimes FMCS employees need to survey or ask questions to determine the best process and participants to prevent, manage, or resolve the issue, particularly for public policy mediations, public policy or environmental facilitations, or negotiated rulemaking. To do so, FMCS has created a set of questions to ask various stakeholders about issues, concerns, engagement, and appropriate

stakeholders relevant to the issues. The survey format will differ depending on the project, but may be conducted in one or more of the following ways, both in-person and virtually: Individual or group interviews, individual or group discussions, or written surveys. The survey requests information such as stakeholder understanding of the particular issue, stakeholder interests in the particular issue, appropriate stakeholders, methods of engagement with the issue, and other similar information that will allow FMCS to best create a successful process. A link to the survey is found here: https://tags.fmcs.gov/4DAction/FC/DoAsynchTop?Fedreg*UPPJ*919/10300. To log in, go to: <https://tags.fmcs.gov/>, use user name “Fedreg” and password “UPPJ.” The collection of such information is critical for ensuring the appropriate process, stakeholders, and stakeholder input in the process. No other collections are being conducted that would provide this information to FMCS.

Burden: The current total annual burden estimate is that FMCS will receive information from approximately 15,000 respondents per year. Interviews and discussions would be approximately thirty minutes in duration. Written surveys would take approximately ten minutes to complete. FMCS expects the total burden to not exceed 2,535 hours per year.

II. Request for Comments

FMCS solicits comments to:

i. Evaluate whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.

ii. Enhance the accuracy of the agency's estimates of the burden of the proposed collection of information.

iii. Enhance the quality, utility, and clarity of the information to be collected.

iv. Minimize the burden of the collections of information on those who are to respond, including the use of appropriate automated, electronic collection technologies or other forms of information technology.

III. The Official Record

The official records are electronic records.

SUPPLEMENTARY INFORMATION:

I. Background

A. Fiscal Year DSH Allotments

A State's Federal fiscal year (FY) disproportionate share hospital (DSH) allotment represents the aggregate limit on the Federal share (FS) amount of the State's DSH payments to DSH hospitals in the State for the FY. The amount of such allotment is determined in accordance with the provisions of section 1923(f) of the Social Security

Act (the Act), with some State-specific exceptions as specified in section 1923(f) of the Act. Under such provisions, in general, a State's FY DSH allotment is calculated by increasing the amount of its DSH allotment for the preceding FY by the percentage change in the Consumer Price Index for all Urban Consumers (CPI-U) for the previous FY.

The Patient Protection and Affordable Care Act of 2010 (Pub. L. 111-148), as amended by the Health Care and Education Reconciliation Act of 2010 (Pub. L. 111-152) (collectively, the Affordable Care Act), amended Medicaid DSH provisions, adding section 1923(f)(7) of the Act. Section 1923(f)(7) of the Act would have required reductions to States' FY DSH allotments from FY 2014 through FY 2020, the calculation of which was described in the Disproportionate Share Hospital Payment Reduction final rule published in the September 18, 2013 **Federal Register** (78 FR 57293). Subsequent legislation, most recently the Consolidated Appropriations Act, 2021 (Pub. L. 116-260, enacted December 27, 2020), delayed the start of these reductions until FY 2024. The final rule delineating a revised methodology for the calculation of DSH allotment reductions beginning in 2020 (subsequently delayed by further statutory enactment) was published in the September 25, 2019 **Federal Register** (84 FR 50308).

Because there are no reductions to DSH allotments for FY 2018 through FY 2023 under section 1923(f)(7) of the Act, as amended, this notice contains only the State-specific final FY 2018 and FY 2019 DSH allotments and preliminary FY 2020 and FY 2021 DSH allotments, as calculated under the statute without application of the reductions that would have been imposed beginning as early as FY 2014 under prior versions of section 1923(f)(7) of the Act. This notice also provides information on the calculation of the FY DSH allotments, the calculation of the States' institution for mental diseases (IMD) DSH limits, and the amounts of States' final FY 2018 and FY 2019 IMD DSH limits and preliminary FY 2020 and FY 2021 IMD DSH limits.

B. Determination of Fiscal Year DSH Allotments

Generally, in accordance with the methodology specified under section 1923(f)(3) of the Act, a State's FY DSH allotment is calculated by increasing the amount of its DSH allotment for the preceding FY by the percentage change in the CPI-U for the previous FY. Also, in accordance with section 1923(f)(3) of
