Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call (404) 639-7570 or send an email to omb@cdc.gov. Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC or by fax to (202) 395-5806. Written comments should be received within 30 days of this notice.

Proposed Project

Health Professional Application for Training (HPAT)—New —National Center for HIV/AIDS, Viral Hepatitis,

STD, and TB Prevention (NCHHSTP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

CDC/NCHHSTP is requesting OMB approval to collect data that will be used to monitor and evaluate performance of CDC funded grantees that offer Sexually Transmitted Disease (STD) and Human immunodeficiency virus (HIV) prevention training, training assistance, and capacity building assistance to physicians, nurses, disease intervention specialists, health educators and other public health professionals. Information collection approval is sought for three years.

CDC/NCHHSTP will use the Health Professional Application for Training (HPAT) for this data collection. This instrument was previously approved under OMB clearance #0920-0017 as a Participant Information Form, but was removed from that information collection request upon its most recent revision. The HPAT allows CDC grantees to use a single instrument when partnering with other Health and Human Services (HHS) funded training programs and does not duplicate information collection efforts. The HPAT will serve as the official training application form used for training activities conducted by the CDC-funded STD/HIV Prevention Training Centers'

(PTCs) and the HIV Capacity Building Assistance (CBAs) grantees who offer classroom and experiential training, web-based training, clinical consultation, and capacity building assistance to maintain and enhance the capacity of health care professionals to control and prevent STDs and HIV.

The HPAT will also be used to collect information from the training participants regarding their: (1) Occupations, professions, and functional roles; (2) principal employment settings; (3) location of their work settings; and (4) programmatic and population foci of their work. This data collection provides CDC with information to determine whether the training grantees are reaching their target audiences in terms of provider type, the types of organizations in which participants work, the focus of their work and the population groups and geographic areas served; the data collection is also used to triage and assign CBA provider requests.

The 7,400 respondents represent an average of the number of health professionals trained by the CBA and PTC grantees during the years 2010 and 2011. There are no costs to respondents other than their time.

It is estimated that this collection will involve a total of 617 annual burden hours.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Form name	Number of respondents	Number responses per respondent	Average burden per response (in hours)
Healthcare Professionals	Health Professional Application for Training (HPAT)	7,400	1	5/60

LeRoy Richardson,

Chief, Information Collection Review Office,
Office of Scientific Integrity, Office of the
Associate Director for Science, Office of the
Director, Centers for Disease Control and
Prevention.

Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and

instruments, call 404-639-7570 or send comments to Leroy Richardson, 1600 Clifton Road, MS D-74, Atlanta, GA 30333 or send an email to omb@cdc.gov.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Written comments should
