BILLING CODE 6730-02-P

FEDERAL TRADE COMMISSION**Privacy Act of 1974; System of Records**

AGENCY: Federal Trade Commission (FTC).

ACTION: Notice of modified systems of records.

SUMMARY: The FTC is making technical revisions to several of the notices that it has published under the Privacy Act of 1974 to describe its systems of records. This action is intended to make these notices clearer, more accurate, and up-to-date.

DATES: This notice shall become final and effective on January 7, 2022.

FOR FURTHER INFORMATION CONTACT: G. Richard Gold, Attorney, Office of the General Counsel, FTC, 600

Pennsylvania Avenue NW, Washington, DC 20580, (202) 326-3355.

SUPPLEMENTARY INFORMATION: To inform the public, the FTC publishes in the **Federal Register** and posts on its website a "system of records notice" (SORN) for each system of records that the FTC currently maintains within the meaning of the Privacy Act of 1974, as amended, 5 U.S.C. 552a ("Privacy Act" or "Act"). See <https://www.ftc.gov/about-ftc/foia/foia-reading-rooms/privacy-act-systems>. The Privacy Act protects records about individuals in systems of records collected and maintained by Federal agencies. (A system is not a "system of records" under the Act unless the agency maintains and retrieves records in the system by the relevant individual's name or other personally assigned identifier.) Each Federal agency, including the FTC, must publish a SORN that describes the records maintained in each of its Privacy Act systems, including the categories of individuals that the records in the system are about where and how the agency maintains these records, and how individuals can find out whether an agency system contains any records about them or request access to their records, if any. The FTC, for example, maintains 40 systems of records under the Act. Some of these systems contain records about the FTC's own employees, such as personnel and payroll files. Other FTC systems contain records about members of the public, such as public comments, consumer complaints, or phone numbers submitted to the FTC's Do Not Call Registry.

The FTC's SORNs discussed in this notice apply only to the FTC's own Privacy Act record systems. They do not cover Privacy Act records that other Federal agencies may collect and maintain in their own systems. Likewise, the FTC's SORNs and the Privacy Act of 1974 do not cover personal records that private businesses or other non-FTC entities may collect, which may be covered by other privacy laws.

On June 12, 2008, the FTC republished and updated all of its SORNs, describing all of the agency's systems of records covered by the Privacy Act in a single document for ease of use and reference. See 73 FR 33592. To ensure the SORNs remain accurate, FTC staff reviews each SORN on a periodic basis. As a result of this systematic review, the FTC made revisions to several of its SORNs on April 17, 2009 (74 FR 17863), August 27, 2010 (75 FR 52749), February 23, 2015 (80 FR 9460), November 2, 2017
