SUPPLEMENTARY INFORMATION: Notice of this proposed administrative settlement is made in accordance with the Section 122(i) of CERCLA. The Settlement Agreement concerns work to be done by Tuleyome, a non-labile party in connection with the Corona Mine/Twin Peaks Mine ("Site"), located in Napa County, California. Tuleyome is a non-profit volunteer organization focused on protecting the wild and agricultural heritage of the inner Coastal Range and Western Sacramento Valley California. Tuleyome maintains offices at 607 North Street, Woodland, CA 95695. Tuleyome certifies in the Settlement Agreement that it is not a liable party under CERCLA, and that it does not intend to acquire ownership in the Site. This Settlement Agreement falls under EPA's Good Samaritan Initiative, which adopted CERCLA administrative tools including a model Administrative Settlement and Order on Consent (AOC). The purpose of these administrative tools is to reduce barriers

under CERCLA for non-labile volunteers to clean up orphan mine sites. The Corona Mine/Twin Peaks Mine Settlement Agreement is based on the updated 2018 model AOC, and has been vetted with EPA Headquarters Office of Site Remediation Enforcement. Parties to the Settlement Agreement include the EPA and Tuleyome.

The Site that is the subject of this Settlement Agreement includes 32 contiguous acres of land that has been disturbed from past mining efforts at the Corona and Twin Peaks mercury mines. The 32-acre project is located within a larger 328.8-acre area that is owned by Corona/Twin Peaks Historical Association LLC which obtained the property from the previous owner, John Livermore (deceased), in 2012. Under this Settlement Agreement, Tuleyome agrees to carry out a removal action involving pilot studies to assess the effectiveness of various chemical amendments to address discharges from the Corona Mine drainage tunnel, mine waste consolidation, and revegetation. The work will also include improvements to existing infiltration trenches and construction of other surface water runoff controls. Tuleyome has performed work at the Site since 2016 under oversight by the California Regional Water Quality Control Board, Central Valley Region.

The performance of this work by Tuleyome will be overseen by EPA. The settlement includes a covenant not to sue Tuleyome pursuant to Sections 106 or 107(a) of CERCLA. EPA will consider all comments received on the Settlement Agreement in accordance with the **DATES** and **ADDRESSES** sections of this Notice and may modify or withdraw its consent to the Settlement Agreement if comments received disclose facts or considerations that indicate that the settlement is inappropriate, improper, or inadequate.

FEDERAL DEPOSIT INSURANCE CORPORATION

Agency Information Collection Activities: Submission for OMB Review; National Survey of Unbanked and Underbanked Households; Comment Request (3064–0167)

AGENCY: Federal Deposit Insurance Corporation (FDIC).

ACTION: Notice and request for comment.

SUMMARY: The FDIC, as part of its obligations under the Paperwork Reduction Act of 1995, invites the general public and other Federal agencies to take this opportunity to comment on the renewal of an existing information collection for its sixth National Survey of Unbanked and Underbanked Households (Household Survey), currently approved under OMB Control No. 3064–0167. The Household Survey is scheduled to be conducted in partnership with the U.S. Census Bureau as a supplement to its June 2019 Current Population Survey (CPS). The survey seeks to measure and track economic inclusion among U.S. households, and to identify the factors that inhibit the participation of these households in the mainstream banking system and opportunities to expand the use of banking services among underserved consumers. The results of these ongoing surveys will help policymakers and bankers understand the issues and challenges underserved households perceive when deciding how and where to conduct financial transactions. On November 6, 2018, the FDIC requested comment for 60 days on a proposal to renew these information collections. The FDIC received two comments which are discussed below. The FDIC hereby gives notice of its plan to submit to OMB a request to approve the renewal of this information collection, and again invites comment on the renewal.

DATES: Comments must be submitted on or before March 25, 2019.

ADDRESSES: Interested parties are invited to submit written comments to the FDIC by any of the following methods:

- *https://www.FDIC.gov/regulations/laws/federal.*
- *Email: comments@fdic.gov.* Include the name and number of the collection in the subject line of the message.
- *Mail:* Manny Cabeza (202–898–3767), Counsel, MB–3007, Federal Deposit Insurance Corporation, 550 17th Street NW, Washington, DC 20429.
- *Hand Delivery:* Comments may be hand-delivered to the guard station at the rear of the 17th Street Building

(located on F Street), on business days between 7:00 a.m. and 5:00 p.m.

All comments should refer to OMB control number 3064–0167. A copy of the comments may also be submitted to the OMB desk officer for the FDIC: Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Washington, DC 20503.

SUPPLEMENTARY INFORMATION:

Proposal To Renew the Following Currently Approved Collection of Information

Title: National Survey of Unbanked and Underbanked Households.

OMB Number: 3064–0167.

Frequency of Response: Once.

Affected Public: U.S. Households.

Estimated Number of Respondents: 40,000.

Average Time per Response: 9 minutes (0.15 hours) per respondent.

Estimated Total Annual Burden: 0.15 hours × 40,000 respondents = 6,000 hours.

General Description of Collection: The FDIC recognizes that public confidence in the banking system is strengthened when banks effectively serve the broadest possible set of consumers. As a result, the agency is committed to increasing economic inclusion in the financial mainstream by ensuring that all Americans have access to safe, secure, and affordable banking services. The National Survey of Unbanked and Underbanked Households is one contribution to this end.

The National Survey of Unbanked and Underbanked Households is also a key component of the FDIC's efforts to comply with a Congressional mandate contained in section 7 of the Federal Deposit Insurance Reform Conforming Amendments Act of 2005 ("Reform Act") (Pub. L. 109–173), which calls for the FDIC to conduct ongoing surveys "on efforts by insured depository institutions to bring those individuals and families who have rarely, if ever, held a checking account, a savings account or other type of transaction or check cashing account at an insured depository institution (hereafter in this section referred to as the 'unbanked') into the conventional finance system." Section 7 further instructs the FDIC to consider several factors in its conduct of the surveys, including: (1) "What cultural, language and identification issues as well as transaction costs
