

**FOR FURTHER INFORMATION CONTACT:** Ms. Vicki Schneider, ITS Noesis Business Unit, 4100 N. Fairfax Drive, Suite 800, Arlington, VA 22203, 703-741-0300.

**SUPPLEMENTARY INFORMATION:** The mission of the Advisory Group is to provide advice to the Under Secretary of Defense for Acquisition, Technology and Logistics to the Director of Defense Research and Engineering (DDR&E), and through the DDR&E to the Director, Defense Advanced Research Projects Agency and the Military Departments in planning and managing an effective and economical research and development program in the area of electron devices.

The AGED meeting will be limited to review of research and development efforts in electronics and photonics with a focus on benefits to national defense. These reviews may form the basis for research and development programs initiated by the Military Departments and Defense Agencies to be conducted by industry, universities or in government laboratories. The agenda for this meeting will include programs on molecular electronics, microelectronics, electro-optics, and electronic materials. Due to unforeseen circumstances, this announcement does not give the standard 15-day notification.

In accordance with Section 10(d) of Pub. L. 92-463, as amended, (5 U.S.C. App. 2), it has been determined that this Advisory Group meeting concerns matters listed in 5 U.S.C. 552b(c)(1), and that accordingly, this meeting will be closed to the public.

Dated: November 21, 2006.

[Docket No. CP05-357-005]

#### Cheniere Creole Trail Pipeline, L.P.; Notice of Motion to Vacate Certificate in Part

November 22, 2006.

Take notice that on November 16, 2006, Cheniere Creole Trail Pipeline, L.P. (Creole Trail Pipeline), 717 Texas Avenue, Suite 3100, Houston, Texas 77002, filed in Docket No. CP05-357-005, a motion to vacate the certificate authority granted on June 15, 2006, in Docket Nos. CP05-357-000, et al., to construct, own and operate one of the lines, referred to as Line 2, of the

originally certificated 116.8-mile, dual 42-inch pipelines. Creole Trail Pipeline explains that construction of a single 42-inch pipeline, referred to as Line 1, is sufficient for it to satisfy its transportation service obligations.

The motion is on file with the Commission and open for public inspection. This motion is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

Any questions regarding the application should be directed to Patricia Outtrim, Cheniere Creole Trail Pipeline, L.P., 717 Texas Avenue, Suite 3100, Houston, Texas 77002, (713) 659-1361 or Lisa Tonery, King & Spalding LLP, 1185 Avenue of the Americas, New York, NY 10036, (212) 556-2307.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date listed below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of this filing and all subsequent filings made with the Commission and must mail a copy of all filing to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, other persons do not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's

rules require that persons filing comments in opposition to this project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project, or in support of or in opposition to this project, should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the applicant. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link.
