BILLING CODE 6210-01-P

GENERAL SERVICES ADMINISTRATION

[Notice-PM-2015-02; Docket No. 2015-0002; Sequence No. 6]

Notice of Availability for the Final Environmental Impact Statement for the U.S. Department of State Foreign Affairs Security Training Center in Nottoway County, Virginia

AGENCY: General Services Administration (GSA).

ACTION: Notice of availability.

SUMMARY: Pursuant to the Council on Environmental Quality regulations implementing the procedural provisions of the National Environmental Policy Act, GSA has prepared and filed with the U.S. Environmental Protection Agency (EPA) a Final Environmental Impact Statement (EIS) for the proposed development of a U.S. Department of State (DOS), Bureau of Diplomatic Security (DS), Foreign Affairs Security Training Center (FASTC) in Nottoway County, Virginia. GSA is the lead agency; cooperating agencies are DOS, U.S. Army Corps of Engineers, EPA, and National Guard Bureau. The Final EIS also documents compliance with the National Historic Preservation Act (NHPA) of 1966.

DATES: The Final EIS is now available for review. The GSA Record of Decision will be released no sooner than 30 days after EPA publishes its Notice of Availability of the Final EIS in the **Federal Register**.

ADDRESSES: The Final EIS may be viewed online at <http://www.state.gov/recovery/fastc>. Paper copies may be viewed at the repositories listed under **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: Abigail Low, GSA Project Manager; 20 N 8th Street, Philadelphia, PA 19107; 215-446-4815; or email FASTC.info@gsa.gov.

SUPPLEMENTARY INFORMATION:

Background: The purpose of the proposed FASTC site in Nottoway County is to consolidate existing dispersed "hard skills" security training functions to provide effective, efficient training specifically designed to enable foreign affairs personnel to operate in today's perilous and dangerous overseas environment. Hard skills training is practical, hands-on training in firearms, explosives, anti-terrorism driving techniques, defensive tactics, and security operations. Such training improves security and life safety for the protection of U.S. personnel operating abroad. The proposed FASTC would fill a critical need, identified in the 2008 report to the U.S. Congress, for a consolidated training facility. A central facility would improve training efficiency and provide priority access to training venues from which DS may effectively conduct hard skills training to meet the increased demand for well-trained personnel. The proposed FASTC would train 8,000 to 10,000 students annually.

The Final EIS was prepared to evaluate the environmental consequences of site acquisition and development of FASTC on three adjacent land parcels at the Virginia

Army National Guard Maneuver Training Center Fort Pickett (Fort Pickett) and Nottoway County's Local Redevelopment Authority (LRA) area in Nottoway County, Virginia.

The proposed site is 1,350 acres with an additional 12 acres for relocation of an existing tank trail and scheduled use of a 19 acre Fort Pickett range. The site is surrounded by compatible land uses within Fort Pickett. The total area of disturbance for construction of driving tracks, mock urban environments, explosives and firearms ranges, and administrative and service areas would be 407 acres. Utilities would be installed or relocated along existing roadways or within areas planned for development.

GSA published its Notice of Intent to prepare an EIS in the **Federal Register** at 76 FR 61360 on October 4, 2011. A public scoping meeting was held in October 2011 during the 30 day public scoping period. The Draft EIS was released on October 26, 2012, and a public information meeting was held on November 7, 2012 during the 45-day public comment period. The Draft EIS evaluated Build Alternatives 1 and 2 and the No Action Alternative.

In early 2013, all efforts and work on the proposed site at Fort Pickett and Nottoway County's LRA area were put on hold pending additional due diligence and reviews at an existing federal training site in Georgia. As part of this due diligence effort, DOS conducted site visits to the Federal Law Enforcement Training Center in Glynco, Georgia. During this time period, DOS also assessed the scope and size of the FASTC project and determined a smaller platform was more fiscally prudent. In April 2014, the earlier DOS selection of the proposed site for FASTC at Fort Pickett and Nottoway County was reaffirmed by the Administration. A Master Plan Update was prepared in 2014 to incorporate the adjustments in the FASTC program.

A Supplemental Draft EIS was published in the **Federal Register** at 80 FR 8311 on January 9, 2015, and a public information meeting was held January 26, 2015, during the 45-day public comment period. The Supplemental Draft EIS evaluated Build Alternative 3 and the No Action Alternative, and provided responses to public comments on the 2012 Draft EIS. Build Alternative 3 was developed based on the 2014 Master Plan Update. Build Alternatives 1 and 2 were no longer feasible because of changes in the program and were eliminated from further evaluation.

Current Efforts: The Final EIS designates Build Alternative 3 as the

Preferred Alternative. Build Alternative 3 would have direct, indirect, and cumulative environmental impacts, but the impacts are reduced as compared with the 2012 build alternatives. Changes between the Supplemental Draft EIS and Final EIS include the results of consultation with the State Historic Preservation Officer as required by Section 106 of the NHPA, and updates on consultation with the U.S. Fish and Wildlife Service pertaining to effects on northern long-eared bats under Section 7 of the Endangered Species Act. Section 7 consultation will be concluded prior to the Record of Decision. The Final EIS also updates the proposed action to support emerging advanced tactical training needs and a change in the availability of existing facilities. The proposed action includes limited use of helicopters in training to approximately one or two days per month and the addition of an Ammunition Supply Point on the proposed site. The Final EIS addresses and responds to agency and public comments on the Supplemental Draft EIS.

The Final EIS has been distributed to various federal, state, and local agencies, and interested individuals. The Final EIS is available for review on the project Web site <http://www.state.gov/recovery/fastc>. Printed copies are available for viewing at the following libraries:

BILLING CODE 6820-89-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60Day–15–15ZI; Docket No. CDC–2015–0024]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), as part of its continuing efforts to reduce public burden and maximize the utility of government information, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995. This notice invites comment on the proposed information collection entitled *Metal and Nonmetal Miner Health Program (MNMHP)*. The MNMHP proposes to gather health data on metal and nonmetal miners to identify opportunities for reducing the incidence and severity of disease.

DATES: Written comments must be received on or before June 23, 2015.

ADDRESSES: You may submit comments, identified by Docket No. CDC–2015–0024 by any of the following methods:

Federal eRulemaking Portal: *Regulation.gov*. Follow the instructions for submitting comments.

Mail: Leroy A. Richardson, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE., MS–D74, Atlanta, Georgia 30329.

Instructions: All submissions received must include the agency name and Docket Number. All relevant comments received will be posted without change to *Regulations.gov*, including any personal information provided. For access to the docket to read background documents or comments received, go to *Regulations.gov*.

Please note: All public comment should be submitted through the Federal eRulemaking portal (*Regulations.gov*) or by U.S. mail to the address listed above.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact the Information Collection Review Office, Centers for

Disease Control and Prevention, 1600 Clifton Road NE., MS–D74, Atlanta, Georgia 30329; phone: 404–639–7570; Email: omb@cdc.gov.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each new proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information.
