III. Request for Comments

In accordance with 49 U.S.C. 31136(e) and 31315, FMCSA requests public comment from all interested persons on the exemption petitions described in this notice. We will consider all comments received before the close of business on the closing date indicated in the date section of the notice.

FMCSA notes that section 4129 of the Safe, Accountable, Flexible and Efficient Transportation Equity Act: A Legacy for Users requires the Secretary to revise its diabetes exemption program established on September 3, 2003 (68 FR 52441).¹ The revision must provide for individual assessment of drivers with diabetes mellitus, and be consistent with the criteria described in section 4018 of the Transportation Equity Act for the 21st Century (49 U.S.C. 31305).

Section 4129 requires: (1) Elimination of the requirement for 3 years of experience operating CMVs while being treated with insulin; and (2) establishment of a specified minimum period of insulin use to demonstrate stable control of diabetes before being allowed to operate a CMV.

In response to section 4129, FMCSA made immediate revisions to the diabetes exemption program established by the September 3, 2003 notice. FMCSA discontinued use of the 3-year driving experience and fulfilled the requirements of section 4129 while

continuing to ensure that operation of CMVs by drivers with ITDM will achieve the requisite level of safety required of all exemptions granted under 49 U.S.C. 31136(e).

Section 4129(d) also directed FMCSA to ensure that drivers of CMVs with ITDM are not held to a higher standard than other drivers, with the exception of limited operating, monitoring and medical requirements that are deemed medically necessary.

The FMCSA concluded that all of the operating, monitoring and medical requirements set out in the September 3, 2003 notice, except as modified, were in compliance with section 4129(d). Therefore, all of the requirements set out in the September 3, 2003 notice, except as modified by the notice in the **Federal Register** on November 8, 2005 (70 FR 67777), remain in effect.

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[Docket No. AB 1235X]

MCM Rail Services LLC, d/b/a Baltimore Industrial Railroad—Petition for Discontinuance of Service Exemption—in Baltimore County, Md.

On July 28, 2015, MCM Rail Services LLC, d/b/a Baltimore Industrial Railroad (MCM Rail) filed with the Surface Transportation Board (Board) a petition under 49 U.S.C. 10502 for exemption from the provisions of 49 U.S.C. 10903 to discontinue rail service over an approximately 12-mile line of railroad in Sparrows Point, Baltimore County, Md. (the Line). MCM Rail states that there are no mileposts on the Line. The Line is the entire system operated by MCM Rail. The Line traverses through United States Postal Service Zip Code 21219, and there are no stations on the Line.

MCM Rail states that the Line is stub-ended and therefore not capable of handling overhead traffic. Upon discontinuance of service by MCM Rail, rail service over the Line will be provided by the owner of the Line, Sparrows Point Rail, LLC (formerly known as Hilco SP Rail LLC). To MCM Rail's knowledge, the Line does not contain federally granted rights-of-way.

Because this is the discontinuance of the entire system operated by MCM Rail, no labor conditions will be imposed. Additionally, because this is a discontinuance proceeding and not an abandonment proceeding, trail use/rail banking and public use conditions are not appropriate.

By issuance of this notice, the Board is instituting an exemption proceeding pursuant to 49 U.S.C. 10502(b). A final decision will be issued by November 13, 2015.

Any offer of financial assistance (OFA) under 49 CFR 1152.27(b)(2) to subsidize continued rail service will be due no later than November 23, 2015, or 10 days after the service of a decision granting the petition for exemption, whichever occurs sooner. Each offer must be accompanied by a \$1,600 filing fee. See 49 CFR 1002.2(f)(25).

¹ Section 4129(a) refers to the 2003 notice as a “final rule.” However, the 2003 notice did not issue a “final rule” but did establish the procedures and standards for issuing exemptions for drivers with ITDM.

All filings in response to this notice must refer to Docket AB 1235X and must be sent to: (1) Surface Transportation Board, 395 E Street SW., Washington, DC 20423-0001; and (2) John K. Fiorilla, Esq., Capehart Scatchard, 8000 Midlantic Drive, Suite 300, Mt. Laurel, NJ 08054. Replies to the petition are due on or before September 8, 2015.

Persons seeking further information concerning discontinuance procedures may contact the Board's Office of Public Assistance, Governmental Affairs, and Compliance at (202) 245-0238 or refer to the full abandonment and discontinuance regulations at 49 CFR pt. 1152. Questions concerning environmental issues may be directed to the Board's Office of Environmental Analysis (OEA) at (202) 245-0305.

Assistance for the hearing impaired is available through the Federal Information Relay Service (FIRS) at 1-800-877-8339.

Decided: August 12, 2015.
