

the public. The Advisory Group for the Neotropical Migratory Bird Conservation Act (NMBCA) grants program (Advisory Group) also will meet. This meeting is also open to the public, and interested persons may present oral or written statements.

About the Council

In accordance with NAWCA (Pub. L. 101–233, 103 Stat. 1968, December 13, 1989, as amended), the State-private-Federal Council meets to consider wetland acquisition, restoration, enhancement, and management projects for recommendation to, and final funding approval by, the Commission.

The North American Wetlands Conservation Act of 1989 provides matching grants to organizations and individuals who have developed partnerships to carry out wetlands conservation projects in the United States, Canada, and Mexico. These

projects must involve long-term protection, restoration, and/or enhancement of wetlands and associated uplands habitats for the benefit of all wetlands-associated migratory birds. Project proposal due dates, application instructions, and eligibility requirements are available on the NAWCA Web site at <http://www.fws.gov/birdhabitat/Grants/NAWCA>.

About the Advisory Group

In accordance with NMBCA (Pub. L. 106–247, 114 Stat. 593, July 20, 2000), the Advisory Group will hold its meeting to discuss the strategic direction and management of the NMBCA program and provide advice to the Director of the Fish and Wildlife Service.

The Neotropical Migratory Bird Conservation Act of 2000 promotes long-term conservation of Neotropical

migratory birds and their habitats through a competitive grants program by promoting partnerships, local conservation efforts, and achieving habitat protection in 36 countries. The goals of the Neotropical Migratory Bird Conservation Act include perpetuating healthy bird populations, providing financial resources for bird conservation, and fostering international cooperation. Because the greatest need is south of the U.S. border, at least 75 percent of NMBCA funding supports projects outside the United States.

Project proposal due dates, application instructions, and eligibility requirements are available on the NMBCA Web site at <http://www.fws.gov/birdhabitat/Grants/NMBCA>.

Public Input

If you wish to:

- (1) Attend the Council or Advisory Group meeting
- (2) Submit written information or questions before the Council or Advisory Group meeting for consideration during the meeting.

You must contact the Council Coordinator (see **FOR FURTHER INFORMATION CONTACT**) no later than

November 26, 2014.
December 5, 2014.

Submitting Written Information or Questions

Interested members of the public may submit relevant information or questions to be considered during the public meetings. If you wish to submit a written statement, so that the information may be made available to the Council or Advisory Group for their consideration prior to the meetings, you must contact the Council Coordinator by the date in Public Input. Written statements must be supplied to the Council Coordinator in both of the following formats: One hard copy with original signature, and one electronic copy via email (acceptable file formats are Adobe Acrobat PDF, MS Word, MS PowerPoint, or rich text file).

Giving an Oral Presentation

Individuals or groups requesting to make an oral presentation at the meetings will be limited to 2 minutes per speaker, with no more than a total of 30 minutes for all speakers. Interested parties should contact the Council Coordinator by the date above, in writing (preferably via email; see **FOR FURTHER INFORMATION CONTACT**), to be placed on the public speaker list for either of these meetings. Nonregistered public speakers will not be considered during the Council meeting. Registered speakers who wish to expand upon their

oral statements, or those who had wished to speak but could not be accommodated on the agenda, are invited to submit written statements to the Council within 30 days following the meeting.

Meeting Minutes

Summary minutes of the Council and Advisory Group meetings will be maintained by the Council Coordinator at the address under **FOR FURTHER INFORMATION CONTACT**. Meeting notes will be available by contacting the Council Coordinator within 30 days following the meeting. Personal copies may be purchased for the cost of duplication.

Jerome Ford,

Assistant Director, Migratory Birds.

Notice of Availability of the Proposed Resource Management Plan and Final Environmental Impact Statement for the West Eugene Wetlands in Oregon

AGENCY: Bureau of Land Management.

ACTION: Notice of availability.

SUMMARY: In accordance with the National Environmental Policy Act of 1969, as amended, and the Federal Land Policy and Management Act of 1976, as amended, the Bureau of Land Management (BLM) has prepared a Proposed Resource Management Plan (RMP) and Final Environmental Impact Statement (EIS) for the West Eugene Wetlands and by this notice is announcing its availability.

DATES: BLM planning regulations state that any person who meets the conditions as described in the regulations may protest the BLM's Proposed RMP/Final EIS. A person who meets the conditions and files a protest must file the protest within 30 days of the date that the Environmental Protection Agency publishes its Notice of Availability in the **Federal Register**.

ADDRESSES: Copies of the West Eugene Wetlands Final EIS/Proposed RMP have been sent to affected Federal, State, and local government agencies and to other stakeholders including public libraries in the Project Area, tribal governments, and to interested parties that previously requested a copy. Copies of the Proposed RMP/Final EIS are available for public inspection at the Eugene District Office 3106 Pierce Parkway, Springfield, OR, 97477. Interested persons may also review the Proposed RMP/Final EIS on the Internet at <http://www.blm.gov/or/districts/eugene/plans/eugenerrmp.php>. All protests must be in writing and mailed to one of the following addresses:

Regular Mail: BLM Director (210), Attention: Protest Coordinator, P.O. Box 71383, Washington, DC 20024-1383.

Overnight Delivery: BLM Director (210), Attention: Protest Coordinator, 20 M Street SE., Room 2134LM, Washington, DC 20003.

FOR FURTHER INFORMATION CONTACT:

Panchita Paulete, District Planning and Environmental Coordinator, telephone 541-683-6976; address 3106 Pierce Parkway, Suite E; Springfield, OR 97477; or email BLM_OR_EU_Mail@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: In the West Eugene Wetlands Final EIS/Proposed RMP, the BLM analyzes the environmental consequences of seven alternatives for managing approximately 1,340 acres of BLM-administered lands in and near the city of Eugene, in Lane County, Oregon. The planning area does not currently have an RMP. The planning area is made up of acquired lands and survey hiatuses. This RMP is being developed separately from the Eugene District RMP, because the planning area is geographically and ecologically distinct from the rest of the BLM-administered lands in the Eugene District, and many of the resources and issues in the planning area are unrelated to those addressed in the Eugene District RMP. The approved West Eugene Wetlands RMP will apply only to the BLM-administered lands in the West Eugene Wetlands.

The purpose of the action is to manage the planning area to contribute to the recovery of species listed under the Endangered Species Act, while

providing other benefits. There are specific considerations in the planning area that lead the BLM to focus management on threatened and endangered species: the scarcity of the listed species and their habitat; the importance of the planning area to the recovery of the listed species; and the purposes for which the BLM acquired the lands in the planning area. Therefore, the purpose and need for this RMP is more specific than the broad mandate of multiple-use alone.

The West Eugene Wetlands Proposed RMP/Final EIS analyzes in detail six action alternatives and the No Action alternative. The No Action alternative would continue the current management approach into the future with no change in the management actions and level of management intensity in the planning area. Because the current management approach was not developed in an RMP, there are no land use allocations, management objectives, or management direction established for the planning area.

The design of the action alternatives varies primarily in the amount and location of lands within the planning area that would be allocated to the restoration of threatened and endangered species habitat. The action alternatives also vary in the management emphasis for lands which are not managed for habitat restoration. Additionally, the action alternatives vary in whether herbicides would be included as a management tool. Under the action alternatives, most or all of the planning area would be allocated to two land use allocations:

- **Prairie Restoration Area**, which would have a management objective to restore and maintain habitat for prairie-related species; and
- **Natural Maintenance Area**, which would have a management objective to maintain existing resources and provide opportunities for a variety of goods and services.

Alternative 1 would allocate most of the planning area to the Prairie Restoration Area. The Proposed RMP (Alternative 2A—Modified), would allocate to the Prairie Restoration Area all designated critical habitat, including a previously overlooked critical habitat area adjacent to KL-12B; some extant populations of Willamette daisy and Bradshaw's lomatium; and 93 acres of contiguous high-quality habitat to support streaked horned lark. This alternative would enhance recreation opportunities to the extent compatible with threatened and endangered species management.

Alternative 2B would allocate to the Prairie Restoration Area all designated

critical habitat. Alternative 2B would emphasize providing commodities and services to the extent compatible with threatened and endangered species management, and would make approximately two-thirds of the planning area open to saleable mineral development. Alternatives 3A, 3B, and 3C would allocate to the Prairie Restoration Area all good quality habitat that is currently occupied by threatened or endangered species. Alternative 3C and the Proposed RMP would enhance recreation opportunities to the extent compatible with threatened and endangered species management.

Alternatives 1, 2B, and 3A, and the Proposed RMP would include herbicides among the management tools.

The only nomination for an Area of Critical Environmental Concern (ACEC) received in this planning effort was to continue designation of the currently designated Long Tom ACEC. Under Alternatives 1, 3A, 3B, and 3C, and the Proposed RMP, the site of the currently designated Long Tom ACEC would be included within the Prairie Restoration Area and would not need special management to protect the relevant and important values of the ACEC. Therefore, under these alternatives, the ACEC designation for this site would be removed. Under the No Action alternative and Alternative 2B, the Long Tom site would continue to be designated as an ACEC.

Under all action alternatives, motorized vehicle use would be limited to designated roads throughout the planning area. This planning effort will include implementation decisions related to travel management networks, including a travel management plan identifying the specific roads and trails that will be available for public use and the limitations on use of roads and trails. These implementation decisions are not protestable, and upon approval would be appealable to the Interior Board of Land Appeals (43 CFR 1610.5). The land-use planning process was initiated on June 8, 2011, through a Notice of Intent published in the **Federal Register**, notifying the public of a formal scoping period and soliciting public participation. Cooperating agencies in the preparation of this land use plan are the United States Army Corps of Engineers, City of Eugene Parks and Open Space Division, and the Confederated Tribes of Grand Ronde.

Comments on the Draft RMP/Draft EIS received from the public and internal BLM review were considered and incorporated as appropriate into the proposed plan. Public comments resulted in the addition of clarifying

text, but did not significantly change proposed land use plan decisions.

Instructions for filing a protest with the Director of the BLM regarding the proposed RMP/final EIS may be found in the "Dear Reader" Letter of the West Eugene Wetlands proposed RMP/final EIS and at 43 CFR 1610.5–2. All protests must be in writing and mailed to the appropriate address, as set forth in the **ADDRESSES** section above. Emailed protests will not be accepted as valid protests unless the protesting party also provides the original letter by either regular or overnight mail postmarked by the close of the protest period. Under these conditions, the BLM will consider the emailed protest as an advance copy and it will receive full consideration. If you wish to provide the BLM with such advance notification, please direct emails to protest@blm.gov

Before including your phone number, email address, or other personal identifying information in your protest, you should be aware that your entire protest—including your personal identifying information—may be made publicly available at any time. While you can ask us in your protest to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 40 CFR 1506.6, 40 CFR 1506.10, 43 CFR 1610.2, 43 CFR 1610.5

Robert B. Towne,
Acting Eugene District Manager.

Meeting of the California Desert District Advisory Council

SUMMARY: Notice is hereby given, in accordance with Public Laws 92–463 and 94–579, that the California Desert District Advisory Council (DAC) to the Bureau of Land Management (BLM), U.S. Department of the Interior, will participate in a field tour of BLM-administered public lands on Friday, December 5, 2014, from 8:00 a.m. to 4:30 p.m. and will meet in formal session on Saturday, December 6, 2014, from 8:00 a.m. to 4:30 p.m. in Palm Springs, CA. Exact meeting location is yet to be determined. Agenda for the Saturday meeting will include updates by council members, the BLM California Desert District Manager, five Field

Managers, and council subgroups. Final agenda items for the field trip, public meeting, and meeting location will be posted on the DAC Web page at <http://www.blm.gov/ca/st/en/info/rac/dac.html> when finalized.

SUPPLEMENTARY INFORMATION: All DAC meetings are open to the public. Public comment for items not on the agenda will be scheduled at the beginning of the meeting Saturday morning. Time for public comment is made available by the council chairman during the presentation of various agenda items, and is scheduled at the end of the meeting for topics not on the agenda.

While the Saturday meeting is tentatively scheduled from 8:00 a.m. to 4:30 p.m., the meeting could conclude prior to 4:30 p.m. should the council conclude its presentations and discussions. Therefore, members of the public interested in a particular agenda item or discussion should schedule their arrival accordingly.

Written comments may be filed in advance of the meeting for the California Desert District Advisory Council, c/o Bureau of Land Management, External Affairs, 22835 Calle San Juan de Los Lagos, Moreno Valley, CA 92553. Written comments also are accepted at the time of the meeting and, if copies are provided to the recorder, will be incorporated into the minutes.

FOR FURTHER INFORMATION CONTACT: Stephen Razo, BLM California Desert District External Affairs, (951) 697–5217.

Dated: October 27, 2014.

Teresa A. Raml,
California Desert District Manager.

[LLWYD03000.L14300000.EU0000; WYW–170692]

Notice of Realty Action: Non-Competitive (Direct) Sale of Public Land in Carbon County, Wyoming

AGENCY: Bureau of Land Management, Interior

ACTION: Notice of realty action.

SUMMARY: The Bureau of Land Management (BLM) is proposing a non-competitive (direct) sale of a parcel of public land totaling 1.52 acres in Carbon County, Wyoming, to Philip A. and Ray Deane Card under the provisions of the Federal Land Policy and Management

Act of 1976 (FLPMA), as amended, at not less than the fair market value of \$1,350.00. The Sale is pursuant to Section 203 of the Federal Land Policy and Management Act of 1976 (FLPMA), and BLM regulations. In accordance with BLM regulations, the BLM authorized officer finds that the public interest would be best served by resolving the inadvertent unauthorized use of public lands by Philip A. Card and Ray Deane Card whose improvements occupy the proposed sale parcel.

DATES: Submit written comments to the BLM at the address below. The BLM must receive comments on or before December 29, 2014.

ADDRESSES: Bureau of Land Management, Field Manager, Rawlins Field Office, 1300 N. Third Street, Rawlins, Wyoming 82301 or by emailed to blm_wy_rawlins_wymail@blm.gov or by faxed to 307–328–4224.

FOR FURTHER INFORMATION CONTACT: Annette M. Treat, Realty Specialist, 307–328–4307, at the above address. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 to leave a message or question for the above individual. The FIRS is available 24 hours a day, 7 days a week. You will receive a reply during the normal business hours.

SUPPLEMENTARY INFORMATION: The BLM will conduct a direct sale for the following parcel of public land located in Carbon County, Wyoming. The land is described as:

Sixth Principal Meridian, Wyoming

T. 12 N., R. 90 W.,
Sec. 15, lot 2.

The area described contains 1.52 acres.

The proposed direct sale is in conformance with the BLM, Rawlins Resource Management Plan approved December 24, 2008. The parcel meets the land disposal criteria found in Appendix 6 and is consistent with 43 CFR 2711.3–3(a)(5). The BLM is offering the parcel by direct sale to resolve inadvertent unauthorized use and occupancy of the land pursuant to 43 CFR 2711.3–3(a)(5). The parcel is not required for any other Federal purpose. The regulation at 43 CFR 2711.3–3(a) permit the BLM to make direct sales of public lands when a competitive sale is not appropriate and the public interest is best served by a direct sale.

Upon publication of this Notice in the **Federal Register**, the above land will be segregated from all forms of appropriation under the public land laws, including the mining laws, except
