NUCLEAR REGULATORY COMMISSION

Enhancing Public Participation in NRC Meetings; Policy Statement

AGENCY: Nuclear Regulatory Commission.

ACTION: Policy Statement.

SUMMARY: The Nuclear Regulatory Commission (NRC) is revising its public meeting policy to enhance public participation in NRC meetings. This policy brings consistency to NRC public meetings planned by headquarters and regional staff by introducing a categorization system whereby the public can anticipate the level of participation that will be provided for during an upcoming meeting. The NRC has identified three categories of public meetings it convenes and has described information availability and follow-up effort associated with each meeting category. Information such as agendas, background documents, and meeting summaries will be available in ADAMS and at NRC's web site for certain categories of meetings. The policy also provides guidance on teleconferencing, security, and other administrative issues related to NRC staff-sponsored public meetings. This revision is in response to suggestions made by the public at a meeting held in April, 2001, and to fulfill the NRC's strategic goal of increasing public confidence.

EFFECTIVE DATE: May 28, 2002.
