

(4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: William D. Ford Federal Direct Loan Program (Direct Loan Program) Promissory Notes and related forms.

OMB Control Number: 1845–0007.

Type of Review: A revision of a currently approved ICR.

Respondents/Affected Public: Individuals and Households; Private Sector.

Total Estimated Number of Annual Responses: 9,862,685.

Total Estimated Number of Annual Burden Hours: 4,021,663.

Abstract: The Direct Loan Program promissory notes included in this collection contain information regarding the terms and conditions of the Saving on a Valuable Education (SAVE) repayment plan. However, implementation of the SAVE repayment plan is currently enjoined. The final versions of the promissory notes will reflect the law when it is finalized.

The Direct Subsidized Loan and Direct Unsubsidized Loan Master Promissory Note (Subsidized/Unsubsidized MPN) serves as the means by which an individual agrees to repay a Direct Subsidized Loan and/or Direct Unsubsidized Loan.

The Direct PLUS Loan Master Promissory Note (PLUS Loan MPN) serves as the means by which an individual applies for and agrees to repay a Direct PLUS Loan. If a Direct PLUS Loan applicant is determined to have an adverse credit history, the applicant may qualify for a Direct PLUS Loan by obtaining an endorser who does not have an adverse credit history. The Endorser Addendum serves as the means by which an endorser agrees to repay the Direct PLUS Loan if the borrower does not repay it.

An MPN is a promissory note under which a borrower may receive loans for a single or multiple academic years. The MPN explains the terms and conditions of the loans that are made under the MPN.

The Direct Consolidation Loan Application and Promissory Note (Consolidation Note) serves as the means by which a borrower applies for a Direct Consolidation Loan and promises to repay the loan. It also explains the terms and conditions of the Direct Consolidation Loan. The

Consolidation Note Instructions explain to the borrower how to complete the Consolidation Note. The Consolidation Additional Loan Listing Sheet provides additional space for a borrower to list loans that he or she wishes to consolidate. The Consolidation Request to Add Loans serves as the means by which a borrower may add other loans to an existing Direct Consolidation Loan within a specified time period. The Consolidation Loan Verification Certificate serves as the means by which the U.S. Department of Education obtains the information needed to pay off the holders of the loans that the borrower wants to consolidate.

The proposed changes to the forms currently approved under OMB No. 1845–0007 include the following:

- Revised language in the promissory notes where necessary to reflect changes to the terms and conditions of Direct Loans made by final regulations published on November 1, 2022 (87 FR 65904) and July 10, 2023 (88 FR 43820).
- To eliminate duplication of content, we have consolidated the information presented in the current Terms and Conditions and Borrowers Rights and Responsibilities Statement (BRR) into a single Terms and Conditions/BRR section.
- To make it easier for borrowers to complete the promissory notes, we have incorporated the instructions within the body of the promissory notes at the beginning of each section to which the instructions apply.
- To reduce the number of forms in this collection, we have eliminated the Additional Loan Listing Sheet and added extra spaces to list loans in the Consolidation Application/Promissory Note itself.
- To accommodate changes made to the Departments systems used in processing promissory notes, the current data field in all of the promissory notes that asks for the borrowers middle initial has been changed to request the borrowers full middle name, and a new data field asking for any suffix to the borrowers name (e.g., Jr. or Sr.) has been added.
- We have revised the Privacy Act Statement in each of the promissory notes based on the most recent updates to the applicable Systems of Records Notices.

Dated: August 15, 2024.

Kun Mullan,

PRA Coordinator, Strategic Collections and Clearance, Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.

National Nuclear Security Administration

Molybdenum-99 Stakeholders Meeting

AGENCY: National Nuclear Security Administration (NNSA), Department of Energy (DOE).

ACTION: Notice of open meeting.

SUMMARY: This notice announces an NNSA Molybdenum-99 (Mo-99) Stakeholders Meeting. This meeting will be held in a hybrid format.

DATES: October 9, 2024, 9 a.m.–5 p.m.

ADDRESSES: The meeting will be held in a hybrid format. Attendees can attend virtually via webcast using Zoom. Instructions for Zoom, as well as any updates to meeting times or agenda, will be posted at <https://mo99.ne.anl.gov/2024stakeholders/>. Attendees can also join in-person at the Crystal City Marriott at Reagan National Airport, located at 1999 Richmond Hwy, Arlington, VA 22202. In-person attendance requires registration and is subject to conference room space limits, as described in the “Public Participation” section.

FOR FURTHER INFORMATION CONTACT: Max Postman, Office of Reactor Conversion and Uranium Supply, OfficeofConversion@nnsa.doe.gov or (202) 586–9114.

SUPPLEMENTARY INFORMATION:

Purpose of the Meeting

The American Medical Isotopes Production Act of 2012 (AMIPA) (Subtitle F, Title XXXI of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112–239)), enacted on January 2, 2013, directs the Secretary of Energy to carry out a technology-neutral program to support the domestic production of the medical isotope molybdenum-99 (Mo-99) without the use of highly enriched uranium. As part of this program, AMIPA requires DOE to develop a program plan and annually update the program plan through public workshops. NNSA implements this requirement through the Mo-99 Stakeholders Meeting.

Tentative Agenda

- U.S. Government Mo-99 Program and Regulatory Updates
- Mo-99 Producer Updates
- U.S. Mo-99 Supply Status—Industry Perspectives
- Open Discussion and Q&A

Public Participation

The meeting is open to the public. Seating for in-person attendees may be limited; attendees can request registration for virtual or in-person attendance no later than 4 p.m. ET on Wednesday, October 2, 2024, via a link that will be posted at <https://mo99.ne.anl.gov/2024stakeholders/>. If the number of in-person registrants exceeds the available space, NNSA will inform the affected registrants of the need to attend virtually rather than in-person. NNSA welcomes the attendance of the public at the Mo-99 Stakeholders Meeting and will make every effort to accommodate persons with physical disabilities or special needs. If you require special accommodations due to a disability, please include that information in your online registration submission.

Signing Authority

This document of the Department of Energy was signed on August 14, 2024, by Joan Dix, Deputy Director, Office of Reactor Conversion and Uranium Supply, Office of Defense Nuclear Nonproliferation, National Nuclear Security Administration, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on August 15, 2024.

Treena V. Garrett,

Federal Register Liaison Officer, U.S. Department of Energy.
