Heather Dalton, 202–809–2747  
[heather.dalton@cisa.dhs.gov](mailto:heather.dalton@cisa.dhs.gov).

**SUPPLEMENTARY INFORMATION:** The Department of Homeland Security, Cybersecurity and Infrastructure Security Agency (CISA), formerly known as the National Protection and Programs Directorate, Emergency Communications Division (ECD), formed under title XVIII of the Homeland Security Act of 2002, 6 U.S.C. 571 *et seq.*, is required, pursuant to 6 U.S.C. 572, to develop the National Emergency Communications Plan (NECP), which includes identification of goals, timeframes, and appropriate measures to achieve interoperable communications capabilities. The Statewide Communication Interoperability Plan (SCIP) Template and Annual SCIP Snapshot Report are designed to meet and support these statutory requirements. The ECD SCIP Team will hold webinars and a workshop with the State Statewide Interoperability Coordinator (SWIC) and their stakeholders to review the states goals and objectives in becoming more interoperable over the next two to three years. The SCIP Team then puts the information collected from the webinars and workshops with the SWIC and stakeholders into the SCIP template. The SWIC governance body reviews and approves the documents before it is then signed by the state and becomes a state document. CISA does not own this document. CISA archives the information collected in a tracking system called the CommsCollab until it is time for the state to update this document in two to three years as mandated by Congress.

ECD will use the information from the SCIP Template and Annual SCIP Snapshot to track the progress States are making in implementing milestones and demonstrating goals of the NECP, as required through the Homeland Security Act of 2002, 6 U.S.C. 572. The SCIP Template and Annual SCIP Snapshot will provide ECD with broader capability data across the lanes of the Interoperability Continuum, which are key indicators of consistent success in response-level communications.

In addition, the SCIP Template and the SCIP Snapshot will assist States in their strategic planning for interoperable and emergency communications while demonstrating each State's achievements and challenges in accomplishing optimal interoperability for emergency responders. Moreover, certain government grants may require States to update their SCIP Templates and SCIP Snapshot to include

broadband efforts to receive funding for interoperable and emergency communications.

Statewide Interoperability Coordinators (SWICs) will be responsible for collecting this information from their respective stakeholders and governance bodies and will complete and submit the SCIP Snapshots directly to ECD through unclassified electronic submission.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

### Agency Information Collection Activities: Safety Act Collection of Qualitative Feedback

**AGENCY:** Science and Technology Directorate (S&T), DHS.

**ACTION:** 30-Day notice and request for comments.

**SUMMARY:** The Department of Homeland Security Science and Technology Directorate (S&T), DHS will submit the following information collection request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995. DHS previously published this information collection request (ICR) in the **Federal Register** on September 14, 2023, for a 60-day public comment period. Two comments were received by DHS. The purpose of this notice is to allow additional 30-days for public comments.

**DATES:** Comments are encouraged and will be accepted until August 7, 2024. This process is conducted in accordance with 5 CFR 1320.10.

**ADDRESSES:** Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

**FOR FURTHER INFORMATION CONTACT:** If additional information is required contact:

S&T/OIC/SAFETY Act, Project Manager, Luz Irazabal, Email Address, [luz.irazabal@hq.dhs.gov](mailto:luz.irazabal@hq.dhs.gov), Phone Number: 202-913-4926

**SUPPLEMENTARY INFORMATION:** This notice relies on the authority of the Paperwork Reduction Act of 1995; 44 U.S.C. 3501 *et seq.*, chapter 35, as amended. An ICR is an application to OIRA seeking the approval, extension, or renewal of a S&T collection of information (Collection). The ICR contains information describing the Collection's purpose, the Collection's likely burden on the affected public, an explanation of the necessity of the Collection, and other important information describing the Collection. There is one ICR for each Collection.

S&T invites comments on whether this ICR should be granted based on the Collection being necessary for the proper performance of Departmental functions. In particular, S&T would appreciate comments addressing: (1) The practical utility of the Collection; (2) the accuracy of the estimated burden of the Collection; (3) ways to enhance the quality, utility, and clarity of information subject to the Collection; and (4) ways to minimize the burden of the Collection on respondents, including the use of automated collection techniques or other forms of information technology. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a Federal agency.

This information collection was previously published September 14, 2023 at 88 FR 62585. In response to your comments, we may revise this ICR. We will consider all comments and material received during the comment period.

We encourage you to respond to this request by submitting comments and related materials. Comments must contain the OMB Control Number of the ICR and the docket number of this request, DHS-2023-0031 SAFETY Act, and must be received by August 7, 2024.
