(ALLTEL) is seeking designation as an eligible telecommunications carrier (ETC) to receive federal universal service support for service offered throughout its licensed service area in the state of Virginia, including rural and non-rural areas.

FOR FURTHER INFORMATION CONTACT:

Shannon Lipp, Attorney, Wireline Competition Bureau, Telecommunications Access Policy Division, (202) 418-7400, TTY (202) 418-0494.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Public Notice, CC Docket No. 96-45, released June 3, 2003. On April 14, 2003, ALLTEL Communications, Inc. (ALLTEL), a commercial mobile radio service (CMRS) carrier, filed with the Commission a petition under section 214(e)(6) seeking designation as an eligible telecommunications carrier (ETC) to receive federal universal service support for service offered throughout its licensed service area in the state of Virginia, including rural and

non-rural areas. On May 21, 2003, ALLTEL filed an amendment to its petition with regard to its proposed service areas. Specifically, ALLTEL contends that: the Virginia State Corporation Commission (Virginia Commission) has provided an affirmative statement that it does not regulate CMRS carriers; ALLTEL satisfies all the statutory and regulatory prerequisites for ETC designation; and designating ALLTEL as an ETC will serve the public interest.

Pursuant to § 54.207(c) of the Commission's rules, ALLTEL also requests that the Commission designate ALLTEL as an ETC in service areas defined along boundaries that differ from incumbent rural local exchange company (LEC) study area boundaries. ALLTEL requests that these service areas be redefined on a wire center by wire center basis such that each wire center is a separate service area. ALLTEL intends to serve each proposed wire center in its entirety. The service area requested by ALLTEL for ETC designation partially covers the study areas of Central Telephone Company—Virginia and United Inter-Mountain Telephone. ALLTEL maintains that the proposed redefinition of service areas for ETC purposes is consistent with the factors to be considered when redefining a rural telephone company service area, as enumerated by the Federal-State Joint Board on Universal Service (Joint Board).

The petitioner must provide copies of its petition to the Virginia Commission. The Commission will also send a copy of this Public Notice to the Virginia Commission by overnight express mail to ensure that the Virginia Commission is notified of the notice and comment period.

Pursuant to §§ 1.415 and 1.419 of the Commission's rules, interested parties may file comments as follows: comments are due on or before June 30, 2003, and reply comments are due on or before July 7, 2003. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. See *Electronic Filing of Documents in Rulemaking Proceedings*, 63 FR 24121, May 1, 1998.

Filings can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail (although we continue to experience delays in receiving U.S. Postal Service mail). The filing hours at this location are 8 a.m. to 7 p.m. All hand deliveries must be held together with rubber bands or fasteners. Any envelopes must be disposed of before entering the building. Commercial overnight mail (other than U.S. Postal Service Express Mail and Priority Mail) must be sent to 9300 East Hampton Drive, Capitol Heights, MD 20743. U.S. Postal Service first-class mail, Express Mail, and Priority Mail should be addressed to 445 12th Street, SW., Washington, DC 20554. All filings must be addressed to the Commission's Secretary, Marlene H. Dortch, Office of the Secretary, Federal Communications Commission.
