

Reclamation for water supplies (municipal and industrial contracts over 2,000 acre-feet and agricultural contracts over 2,000 irrigable acres) must prepare Plans that contain the following information:

1. Description of the District
2. Inventory of Water Resources
3. Best Management Practices (BMPs) for Agricultural Contractors
4. BMP's for Urban Contractors
5. Plan Implementation
6. Exemption Process
7. Regional Criteria
8. Five Year Revisions

Reclamation will evaluate Contra Costa Water District's Plan based on these Criteria. Our practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that we withhold their home address from public disclosure, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold a respondent's identity from public disclosure, as allowably by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public disclosure in their entirety.

A copy of the Plan will be available for review at Reclamation's Mid-Pacific (MP) Regional Office located in Sacramento, California, and MP's South-Central California Area Office located in Fresno, California. If you wish to review a copy of the plan, please contact Ms. Billingsley to find the office nearest you.
