**SUPPLEMENTARY INFORMATION:**

**I. Background**

In FR Doc. 2014–26183 (79 FR 67547 through 68092) the final rule entitled, “Medicare Program; Revisions to Payment Policies under the Physician Fee Schedule, Clinical Laboratory Fee Schedule, Access to Identifiable Data for the Center for Medicare and Medicaid Innovation Models & Other Revisions to Part B for CY 2015” (hereinafter referred to as the CY 2015 PFS final rule with comment period), there were a number of technical errors that are identified and corrected in section IV., Correction of Errors. These corrections are applicable as of January 1, 2015. We note that the Addenda B and C to the CY 2015 PFS final rule with comment

period as corrected by this correction document are available on the CMS Web site at [www.cms.gov/PhysicianFeeSched/](http://www.cms.gov/PhysicianFeeSched/).

**II. Summary of Errors**

*A. Summary of Errors in the Preamble*

On page 67559, due to errors made in ratesetting, many of the values contained in Table 4: Calculation of PE RVUs Under Methodology for Selected Codes, are incorrect.

On page 67562, in Table 8: Codes Affected by Removal of Film Inputs, we inadvertently included CPT codes 93320, 93321, and 93325.

On page 67591, we incorrectly stated that in section II. G. of the rule, we address the interim final values and establish CY 2015 inputs for the lower gastrointestinal procedures.

On page 67612, in Table 14: Codes Reviewed by the 2014 Multi-Specialty Refinement Panel, the work RVUs for CPT codes 43204, 43205, and 43233 are incorrect.

On page 67633, due to a typographical error we referred to CPT code 41391 rather than CPT code 43391.

On page 67636, due to a technical error, the final work RVU for code 43278 is incorrect.

On pages 67651 through 67663, in Table 25: CY 2015 Interim Final Work RVUS For New/Revised or Potentially Misvalued Codes, the RUC/HCPAC recommended work RVUs listed on page 67658 for CPT codes 76932 and 76948 are incorrect and entries for CPT codes 76940 and 76965 were inadvertently omitted from the table.

On page 67660, the RUC/HCPAC recommended work RVU listed for CPT code 92545 is incorrect.

On page 67668,

a. We inadvertently omitted G0279 from the list of codes in the title of (13).  
b. Due to a typographical error, G0279 is referred to as G–2079.

c. We inadvertently omitted the phrase “, whether or not a 2–D mammography is furnished” from the sentence beginning, “In addition, we are creating . . .”

On page 67669, we inadvertently listed CPT code 93644 in the title of (18).

On page 67671, in Table 28: CY 2015 Interim Final Codes with Direct PE Input Recommendations Accepted without Refinement, we inadvertently listed CPT code 31620.

On page 67673, in Table 29: Invoices Received for New Direct PE Inputs we inadvertently listed entries associated with CPT code 31620.

On page 67674, in Table 30: Invoices Received For Existing Direct PE Inputs,

certain PE direct inputs for CPT code 31627 were inadvertently omitted.

On pages 67678 through 67711, in Table 31: CY 2015 Interim Final Codes With Direct PE Input Recommendations Accepted with Refinements, due to technical errors, on page 67678, entries associated with CPT codes 77061 and 77062 were inadvertently listed; on page 67702, entries associated with CPT codes 93320, 93321, and 93325 were inadvertently omitted and an input code for CPT code 93880 was inadvertently omitted.

On page 67726, we incorrectly stated that practitioners do not have to use any “specific content exchange standard.”

On pages 67741 through 67742, we incorrectly stated the CY 2015 PFS conversion factors.

On page 67742, in Table 45: Calculation of the CY 2015 PFS CF, due to corrections being made in this document, the CY 2014 budget neutrality adjustment, the CY 2015 CFs, and the percentage changes from the CY 2014 CF stated in the table are incorrect.

On page 67743, due to technical errors, the budget neutrality factor, the anesthesia CF in effect from January 1, 2015 through March 31, 2015, and the anesthesia CF in effect from April 1, 2015 through December 31, 2015 are incorrectly stated. The entries in Table 46: Calculation of the CY 2015 Anesthesia CF for budget neutrality adjustments, CFs and percentage change are inaccurate.

On pages 67803 and 67804, in Table 52: Individual Quality Cross-Cutting Measures for the PQRS to Be Available for Satisfactory Reporting Via Claims, Registry, and EHR Beginning in 2015, we inadvertently listed the incorrect National Quality Strategy (NQS) domain for Physician Quality Reporting System (PQRS) Measure 131, Pain Assessment and Follow-Up.

On pages 67848 and 67849, in Table 55: Measures Being Removed from the Existing PQRS Measure Set Beginning in 2015, we inadvertently omitted adding an “X” to the claims reporting option for Physician Quality Reporting System (PQRS) Measure 0091/051: Chronic Obstructive Pulmonary Disease (COPD): Spirometry Evaluation, Measure 0102/052: Chronic Obstructive Pulmonary Disease (COPD): Inhaled Bronchodilator Therapy, and Measure 0050/109: Osteoarthritis (OA) Function and Pain Assessment.

#### *B. Summary and Correction of Errors in the Addenda on the CMS Web Site*

Due to the errors identified and summarized in section II.A and B of this correction document, we are correcting errors in the work, PE or MP RVUs (or combinations of these RVUs) in Addendum B: CY 2015 Relative Value Units (RVUs) And Related Information Used In Determining Final Medicare Payments and Addendum C: CY 2015 Interim Final Relative Value Units (RVUs). We note that corrections to the RVUs for codes with identified errors affect additional codes due to the budget neutrality and relativity of the PFS. These errors are corrected in the revised Addenda B and C available on the CMS Web site at [www.cms.gov/PhysicianFeeSched/](http://www.cms.gov/PhysicianFeeSched/).

In addition to the errors identified in section II.A. of this correction document, the following errors occur in the addenda.

Due to a technical error in the creation of the direct PE database, nonfacility PE RVUs were created and displayed in Addendum B (and Addendum C, if applicable) for the following CPT codes: 21811, 21812, 21813, 22858, 33418, 33951, 33952, 33953, 33954, 33955, 33956, 33957,

33958, 33959, 33962, 33963, 33964, 33965, 33966, 33969, 33984, 33985, 33986, 33987, 33988, 33989, 37218, 43180, 44380, 44382, 66179, and 66184. These errors are corrected in the revised Direct PE Input Database available on the CMS Web site at [www.cms.gov/PhysicianFeeSched/](http://www.cms.gov/PhysicianFeeSched/). Resulting changes to the PE RVUs are reflected in the corrected Addendum B (and Addendum C, if applicable) available on the CMS Web site at [www.cms.gov/PhysicianFeeSched/](http://www.cms.gov/PhysicianFeeSched/).

Due to technical errors in the creation of the direct PE database, some or all of the PE inputs were inadvertently omitted for CPT codes 22510, 22511, 22512, 22513, 22514, 22515, 31620, 33951, 33952, 33953, 33954, 33955, 33956, 33957, 33958, 33959, 33962, 33963, 33964, 33969, 33984, 33985, 33986, 33988, 33989, 58541, 58542, 58543, 58544, 58570, 58571, 58572, 64486, 64487, 64488, 64489, 70496, 70498, 76700, 76705, 77080, 88348, 93260, 93261, and 93644. These errors are corrected in the revised Direct PE Input Database available on the CMS Web site at [www.cms.gov/PhysicianFeeSched/](http://www.cms.gov/PhysicianFeeSched/).

Due to technical errors in the creation of the direct PE database, the incorrect inputs were used for creating PE RVUs for CPT codes 20982, 31620, 31627, 32998, 33262, 32998, 41530, 50592, 64600, 64605, 64610, 64633, 64634, 64635, 64636, 93925, 93880, and 93990. These errors are corrected in the revised Direct PE Input Database available on the CMS Web site at [www.cms.gov/PhysicianFeeSched/](http://www.cms.gov/PhysicianFeeSched/).

Due to a technical error, we incorrectly displayed in Addenda B and C PE RVUs in a nonfacility setting for CPT codes 33270, 33271, 33272, and 33273. The PE RVUs for these codes in a non-facility setting have been removed in the corrected Addenda B and C available on the CMS Web site at [www.cms.gov/PhysicianFeeSched/](http://www.cms.gov/PhysicianFeeSched/).

Due to a technical error, HCPCS codes 33330, 33474, 61610, and 61870 were inadvertently left out of Addendum B. These codes are reflected in the corrected Addendum B available on the CMS Web site at [www.cms.gov/PhysicianFeeSched/](http://www.cms.gov/PhysicianFeeSched/).

Due to a technical error, the average risk factor, and not the specialty risk factor that we indicated that we were using in the preamble, was applied when calculating the MP RVUs for CPT codes 33620 and 33622. As a result, the MP RVUs listed in Addendum B are incorrect for these codes. We have corrected these errors in the corrected Addendum B available on the CMS Web site at [www.cms.gov/PhysicianFeeSched/](http://www.cms.gov/PhysicianFeeSched/).

Due to a technical error, the incorrect work RVUs were applied in calculating the MP RVUs for CPT codes 33418 and 33419. As a result, the MP RVUs listed in Addenda B and C are incorrect for these codes. We have corrected these errors in the corrected Addenda B and C available on the CMS Web site at [www.cms.gov/PhysicianFeeSched/](http://www.cms.gov/PhysicianFeeSched/).

Due to a technical error, the incorrect CY 2015 work RVUs are included in Addendum B (and Addendum C, if applicable) for the following codes: 43191, 43192, 43193, 43194, 43195, 43196, 43197, 43198, 43200, 43201, 43202, 43204, 43205, 43211, 43212, 43214, 43215, 43229, 43232, 43233, 43235, 43236, 43238, 43239, 43242, 43247, 43253, 43254, 43257, 43266, 43270, 43274, 43276, 43278, 58541, 58542, 58543, 58544, 58570, 58571, 58572, 58573, 71275, 76930, 76932, 76948, 92545, 93315, 93317, 93318, and 95973. The correct CY 2015 work RVUS for these codes are reflected in the corrected Addenda B and C available on the CMS Web site at [www.cms.gov/PhysicianFeeSched/](http://www.cms.gov/PhysicianFeeSched/).

Due to a technical error in the creation of the direct PE database, PE RVUs for the facility setting were created and are displayed in Addendum B for HCPCS code 77372 and Addenda B and C for HCPCS code G0277. These technical errors are corrected in Addenda B and C available on the CMS Web site at [www.cms.gov/PhysicianFeeSched/](http://www.cms.gov/PhysicianFeeSched/).

Due to technical errors in the creation of the direct PE database, direct PE inputs were inadvertently included for CPT code 99183 and are reflected in the PE RVUs shown in Addenda B and C. This error is corrected in the Direct PE Input Database available on the CMS Web site at [www.cms.gov/PhysicianFeeSched/](http://www.cms.gov/PhysicianFeeSched/). The corrected PE RVUS are included in Addenda B and C available on the CMS Web site at [www.cms.gov/PhysicianFeeSched/](http://www.cms.gov/PhysicianFeeSched/).

Due to a technical error, in Addendum B, work and MP RVUs for CPT codes 99487 and 99489 were inadvertently included. The work and MP RVUs for these codes have been removed in the corrected Addendum B available on the CMS Web site at [www.cms.gov/PhysicianFeeSched/](http://www.cms.gov/PhysicianFeeSched/).

Due to a technical error in the creation of the direct PE database, PE RVUs were not created for CPT code 99490 in the facility setting. The correct PE RVU for this code is reflected in the corrected Addendum B available on the CMS Web site at [www.cms.gov/PhysicianFeeSched/](http://www.cms.gov/PhysicianFeeSched/).

Due to a technical error, HCPCS codes G9407 through G9472 are inadvertently included in Addendum B. These codes

have been removed in the corrected Addendum B available on the CMS Web site at [www.cms.gov//PhysicianFeeSched/](http://www.cms.gov//PhysicianFeeSched/).

### C. Summary of Errors in the Regulations Text

On page 68002 of the CY 2015 PFS final rule with comment period, we made a technical error in § 410.26(b)(5). In this paragraph, we inadvertently omitted language to limit the applicability of the exception that allows general, rather than direct, supervision of transitional care management services furnished incident to a practitioner's professional services to the non-face-to-face aspects of the service.

### III. Waiver of Proposed Rulemaking and Delay in Effective Date

Under 5 U.S.C. 553(b) of the Administrative Procedure Act (APA), the agency is required to publish a notice of the proposed rule in the **Federal Register** before the provisions of a rule take effect. Similarly, section 1871(b)(1) of the Act requires the Secretary to provide for notice of the proposed rule in the **Federal Register** and provide a period of not less than 60 days for public comment. In addition, section 553(d) of the APA, and section 1871(e)(1)(B)(i) of the Act mandate a 30-day delay in effective date after issuance or publication of a rule. Sections 553(b)(B) and 553(d)(3) of the APA provide for exceptions from the notice and comment and delay in effective date APA requirements; in cases in which these exceptions apply, sections

1871(b)(2)(C) and 1871(e)(1)(B)(ii) of the Act provide exceptions from the notice and 60-day comment period and delay in effective date requirements of the Act as well. Section 553(b)(B) of the APA and section 1871(b)(2)(C) of the Act authorize an agency to dispense with normal rulemaking requirements for good cause if the agency makes a finding that the notice and comment process are impracticable, unnecessary, or contrary to the public interest. In addition, both section 553(d)(3) of the APA and section 1871(e)(1)(B)(ii) of the Act allow the agency to avoid the 30-day delay in effective date where such delay is contrary to the public interest and an agency includes a statement of support.

In our view, this correction document does not constitute a rulemaking that would be subject to these requirements. This correction document corrects technical errors in the CY 2015 PFS final rule with comment period and the corresponding addenda posted on the CMS Web site. The corrections contained in this document are consistent with, and do not make substantive changes to, the policies and payment methodologies that were adopted subjected to notice and comment procedures in the CY 2015 PFS final rule with comment period. As a result, the corrections made through this correction document are intended to ensure that the CY 2015 PFS final rule with comment period accurately reflects the policies adopted in that rule.

Even if this were a rulemaking to which the notice and comment and delayed effective date requirements

applied, we find that there is good cause to waive such requirements.

Undertaking further notice and comment procedures to incorporate the corrections in this document into the CY 2015 PFS final rule with comment period or delaying the effective date of the corrections would be contrary to the public interest because it is in the public interest to ensure that the CY 2015 PFS final rule with comment period accurately reflects our final policies as soon as possible following the date they take effect. Further, such procedures would be unnecessary, because we are not altering the payment methodologies or policies, but rather, we are simply correcting the **Federal Register** document to reflect the policies that we previously proposed, received comment on, and subsequently finalized. This correcting document is intended solely to ensure that the CY 2015 PFS final rule with comment period accurately reflects these policies. For these reasons, we believe there is good cause to waive the requirements for notice and comment and delay in effective date.

### IV. Correction of Errors

In FR Doc. 2014–26183 of November 13, 2014 (79 FR 67547), make the following corrections:

CMS appreciates the commenters' concerns and believes that removal of the claims-based reporting option will not negatively impact a significant number of providers reporting these measures. CMS also received comments supporting inclusion of the measure in the Shared Savings Program CAD Composite measure but with composite measure testing and NQF review. Therefore, CMS is finalizing its proposal to remove the claims-based reporting option for this measure in 2015 PQRS as part of its goal to lower the data error rate and decrease provider burden. **Fisheries of the Northeastern United States; Atlantic Mackerel, Squid, and Butterfish Fisheries; Specifications and Management Measures**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Final rule.

**SUMMARY:** NMFS is implementing 2015 specifications and management measures for Atlantic mackerel, 2015–2017 specifications for *Illex* squid, 2015–2017 specifications for longfin squid, and 2015–2017 specifications for butterfish. This action also establishes a simplified butterfish fishery closure mechanism. These specifications set catch levels to prevent overfishing and allocate catch to commercial and recreational fisheries. Additionally, the simplified butterfish closure mechanism makes operation of the fishery more efficient and consistent with the higher catch limit for butterfish. These specifications and management measures are consistent with the Atlantic Mackerel, Squid, and Butterfish Fishery Management Plan and the recommendations of the Mid-Atlantic Fishery Management Council.

**DATES:** Effective April 20, 2015.

**ADDRESSES:** Copies of the specifications document, including the Environmental Assessment and Initial Regulatory Flexibility Analysis (EA/IRFA) and other supporting documents for the specifications, are available from Dr. Christopher Moore, Executive Director, Mid-Atlantic Fishery Management Council, Suite 201, 800 N. State Street, Dover, DE 19901. The specifications document is also accessible via the Internet at: <http://www.greateratlantic.fisheries.noaa.gov/>.

**SUPPLEMENTARY INFORMATION:****Background**

Specifications, as referred to in this rule, are the combined suite of commercial and recreational catch levels established for one or more fishing years. The specifications process also allows for the modification of a

select number of management measures, such as closure thresholds, gear restrictions, and possession limits. The Council's process for establishing specifications relies on provisions within the Atlantic Mackerel, Squid, and Butterfish Fishery Management Plan (FMP) and its implementing regulations, as well as requirements established by the Magnuson-Stevens Fishery Conservation and Management Act. Specifically, section 302(g)(1)(B) of the Magnuson-Stevens Act states that the Scientific and Statistical Committee (SSC) for each Regional Fishery Management Council shall provide its Council ongoing scientific advice for fishery management decisions, including recommendations for acceptable biological catch (ABC), preventing overfishing, maximum sustainable yield, and achieving rebuilding targets. The ABC is a level of catch that accounts for the scientific uncertainty in the estimate of the stock's defined overfishing level (OFL).

The Council's SSC met on May 7 and 8, 2014, to recommend ABCs for the 2015 Atlantic mackerel specifications, and the 2015–2017 butterfish, *Illex* squid, and longfin squid specifications. On November 14, 2014, NMFS published a proposed rule for fishing year 2015 for the mackerel, squid, and butterfish fishery specifications and management measures (79 FR 68202); the public comment period for the proposed rule ended December 15, 2014.

The Atlantic Mackerel, Squid, and Butterfish FMP regulations require the specification of annual catch limits (ACL) and accountability measures (AM) for mackerel and butterfish (both squid species are exempt from the ACL/AM requirements because they have a life cycle of less than 1 year). In addition, the regulations require the specification of domestic annual harvest (DAH), domestic annual processing (DAP), and total allowable level of foreign fishing (TALFF), along with joint venture processing for (JVP) commercial and recreational annual catch totals (ACT) for mackerel, the butterfish mortality cap in the longfin squid fishery, and initial optimum yield (IOY) for both squid species. Details concerning the Council's development of these measures were presented in the preamble of the proposed rule and are not repeated here.

In addition to the specifications, this action simplifies the management measure for the directed butterfly fishery and changes the regulations in regard to possession limits.
