DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XB732]

Fisheries of the South Atlantic; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 78 South Atlantic Spanish Mackerel Assessment Webinar 4.

SUMMARY: The SEDAR 78 assessment of the South Atlantic Stock of Spanish mackerel will consist of a series of assessment webinars. A SEDAR 78 Assessment Webinar 4 is scheduled for February 18, 2022. See **SUPPLEMENTARY INFORMATION**.

DATES: The SEDAR 78 South Atlantic Spanish Mackerel Assessment Webinar 4 has been scheduled for February 18, 2022, from 9 a.m. until 12 p.m. Eastern. The established times may be adjusted as necessary to accommodate the timely completion of discussion relevant to the assessment process. Such adjustments may result in the meeting being extended from or completed prior to the time established by this notice.

ADDRESSES:

Meeting address: The meeting will be held via webinar. The webinar is open to members of the public. Registration for the webinar is available by contacting the SEDAR coordinator via email at Kathleen.Howington@safmc.net.

SEDAR address: South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N Charleston, SC 29405; www.sedarweb.org.

FOR FURTHER INFORMATION CONTACT:

Kathleen Howington, SEDAR Coordinator, 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405; phone: (843) 571-4371; email: Kathleen.Howington@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions, have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a three-step process including: (1) Data Workshop; (2) Assessment Process utilizing webinars; and (3) Review Workshop. The product of the Data Workshop is a data report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report which describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants include: Data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations (NGOs); international experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion at the SEDAR 78 South Atlantic Spanish Mackerel Assessment Webinar 4 are as follows:

Finalize any data issues as needed; continue the discussion on base model configuration and discuss proposed changes to the model, sensitivity runs, and projections; and finalize the base model configuration if possible.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal

action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

This meeting is accessible to people with disabilities. Requests for auxiliary aids should be directed to the South Atlantic Fishery Management Council office (see **ADDRESSES**) at least 5 business days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.

DEPARTMENT OF DEFENSE

Office of the Secretary

Charter Amendment of Department of Defense Federal Advisory Committees—Defense Science Board

AGENCY: Department of Defense (DoD).

ACTION: Charter amendment of Federal Advisory Committee.

SUMMARY: The DoD is publishing this notice to announce that it is amending the charter for the Defense Science Board (DSB).

FOR FURTHER INFORMATION CONTACT: Jim Freeman, DoD Advisory Committee Management Officer, 703-692-5952.

SUPPLEMENTARY INFORMATION: The DSB's charter is being amended in accordance with the Federal Advisory Committee Act (FACA) (5 U.S.C., appendix) and 41 CFR 102-3.50(d). The charter and contact information for the DSB's Designated Federal Officer (DFO) are found at <https://www.facadatabase.gov/FACA/apex/FACAPublicAgencyNavigation>.

The DSB provides the Secretary of Defense and Deputy Secretary of Defense with independent advice on matters supporting the DoD's scientific and technical enterprise. The DSB shall focus on matters concerning science, technology, manufacturing, acquisition process, and other topics of special interest to the Department in response

to specific tasks from the Secretary of Defense, the Deputy Secretary of Defense (“the DoD Appointing Authority”), or the Under Secretary of Defense (Research and Engineering) (USD(R&E)). The DSB is composed of no more than 40 members who are eminent authorities in the fields of science, technology, manufacturing, acquisition process, and other matters of special interest to the DoD. Members will consist of talented, innovative private sector leaders with a diversity of background, experience, and thought in support of the DSB missions.

Individual members are appointed according to DoD policy and procedures, and serve a term of service of one-to-four years with annual renewals. One member will be appointed as Chair of the DSB. No member, unless approved according to DoD policy and procedures, may serve more than two consecutive terms of service on the DSB, or serve on more than two DoD Federal advisory committees at one time.

DSB members who are not full-time or permanent part-time Federal civilian officers or employees, or active duty members of the Uniformed Services, are appointed as experts or consultants, pursuant to 5 U.S.C. 3109, to serve as special government employee members. DSB members who are full-time or permanent part-time Federal civilian officers or employees, or active duty members of the Uniformed Services are appointed pursuant to 41 CFR 102–3.130(a), to serve as regular government employee members.

All DSB members are appointed to provide advice based on their best judgment without representing any particular point of view and in a manner that is free from conflict of interest. Except for reimbursement of official DSB-related travel and per diem, members serve without compensation.

The public or interested organizations may submit written statements about the DSB’s mission and functions. Written statements may be submitted at any time or in response to the stated agenda of planned meeting of the DSB. All written statements shall be submitted to the DFO for the DSB, and this individual will ensure that the written statements are provided to the membership for their consideration.

Dated: January 26, 2022.

Aaron T. Siegel,

Alternate OSD Federal Register, Liaison Officer, Department of Defense.

DEPARTMENT OF DEFENSE

Department of the Navy

Notice of Intent To Prepare a Supplement to the Gulf of Alaska Navy Training Activities Draft Supplemental Environmental Impact Statement/Overseas Environmental Impact Statement

AGENCY: Department of the Navy (DoN), Department of Defense (DoD).

ACTION: Notice.

SUMMARY: The Department of the Navy (DoN) announces its intent to prepare a supplement to the December 2020 Gulf of Alaska (GOA) Navy Training Activities Draft Supplemental Environmental Impact Statement (EIS)/Overseas Environmental Impact Statement (OEIS). This supplement to the Draft Supplemental EIS/OEIS will address a change in the Study Area and the addition of a new Continental Shelf and Slope Mitigation Area.

ADDRESSES: Naval Facilities Engineering Command, Northwest, Attention: GOA Supplemental EIS/OEIS Project Manager, 1101 Tautog Circle, Suite 203, Silverdale, Washington 98315–1101, projectmanager@gaoeis.com.

SUPPLEMENTARY INFORMATION: Pursuant to section 102(2)(c) of the NEPA, regulations implemented by the Council on Environmental Quality (40 CFR parts 1500–1508), and Presidential Executive Order 12114, the DoN announced its intent to prepare a supplement to the 2011 GOA Navy Training Activities EIS/OEIS and 2016 GOA Navy Training Activities Supplemental EIS/OEIS in the **Federal Register** (FR) on February 10, 2020 (85 FR 7538), and invited the public to comment on the scope of the Supplemental EIS/OEIS. A Draft Supplemental EIS/OEIS was subsequently released on December 11, 2020 (85 FR 80093), in which the potential environmental effects associated with military readiness training activities conducted within the GOA Study Area were evaluated.

Since the release of the Draft Supplemental EIS/OEIS on December 11, 2020, the DoN has recognized that the size and shape of the Temporary Maritime Activities Area (TMAA) in the Gulf of Alaska does not provide sufficient space for the realistic maneuvering of vessels and aircraft during training exercises. The proposed study area will now include additional air space and sea space to the west and south of the TMAA. This additional area is referred to as the Western Maneuver Area (WMA) and is approximately 185,806 square nautical miles. The

TMAA, as currently defined (approximately 42,146 square nautical miles), would remain unchanged with all activities involving active sonar and explosives still occurring in this area only. No new or increased training activities are proposed as part of the revised proposed action, only an expansion of the overall training area for vessel and aircraft maneuvering purposes. In addition, DoN proposes implementing a new mitigation area within the continental shelf and shelf slope area of the TMAA. To protect marine species and biologically important habitat, use of explosives (up to 10,000 feet altitude) would be restricted in this area.

All public comments received during the Draft Supplemental EIS/OEIS comment period (December 11, 2020, through February 16, 2021) are still valid and will be considered in the Final Supplemental EIS/OEIS for this action. Previously submitted comments need not be resubmitted. The supplement to the Draft Supplemental EIS/OEIS is expected to be available in March 2022. A Notice of Availability of the supplement to the Draft Supplemental EIS/OEIS will be published in the **Federal Register** at that time, and the supplement to the Draft Supplemental EIS/OEIS will be released for a public comment period of 45 days. No decision will be made to implement any alternative in the GOA Study Area until the NEPA process is complete and a Record of Decision is signed by the DoN.

Dated: January 25, 2022.

J.M. Pike,

Commander, Judge Advocate General’s Corps, U.S. Navy, Federal Register Liaison Officer.
