The September 2024 Public Notice
adopted rules for the CLAs and the Lead
Administrator to reduce the risk of
unauthorized access, use, disclosure,
disruption, modification, or destruction
of program data. Under this collection,
each CLA will be required to create,
update, and implement a cybersecurity
risk management plan identifying the
cyber risks that the entity faces, the
controls used to mitigate those risks,
and the steps taken to ensure that these
controls are applied effectively to their

how the CLA employs its organizational

resources and processes to ensure the confidentiality, integrity, and availability of its information and information systems. The CLA's cybersecurity risk management plan must be available to the Commission upon request.
