

FOR FURTHER INFORMATION CONTACT:

Larry Spears, Center for Devices and Radiological Health (HFZ-300), Food and Drug Administration, 2094 Gaither Rd., Rockville, MD 20850, 301-594-4692.

SUPPLEMENTARY INFORMATION: In the **Federal Register** of August 14, 2000 (65 FR 49583), FDA published a guidance entitled "Enforcement Priorities for Single-Use Devices Reprocessed by Third Parties and Hospitals." The guidance defined "opened-but-unused" devices as:

Single-use, disposable devices whose sterility has been breached or compromised, or whose sterile package was opened but not been used on a patient, that is, they have not been in contact with blood or bodily fluids.

The guidance did not apply the agency's enforcement priorities for reprocessed devices to opened-but-unused, single-use medical devices reprocessed in hospitals. The guidance did state, however, that the agency would examine its policy with respect to opened-but-unused, single-use medical devices. In doing so, FDA is soliciting information about current practices regarding this issue. A copy of the guidance is available on FDA's Web site at <http://www.fda.gov/cdrh/reuse/1168.html>.

FDA is interested in comments related to: (1) Whether or not hospitals have a written policy or procedure for handling sterile, single-use medical devices that are opened, for whatever reason, but are unused; (2) how hospitals determine if a single-use medical device that has been opened but unused is contaminated; and (3) what types of single-use medical devices are resterilized because they are opened but unused.

Interested persons may submit to the Dockets Management Branch (see **ADDRESSES**), written or electronic comments or information regarding this issue by [insert date 90 days after date of publication in the **Federal Register**]. Two copies of any comments are to be submitted, except that individuals may submit one copy. Comments are to be identified with the docket number found in brackets in the heading of this document. Received comments may be seen in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday.

Dated: August 19, 2002.

Linda S. Kahan,

Deputy Director, Center for Devices and Radiological Health.

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Substance Abuse and Mental Health Services Administration****Center for Mental Health Services; Notice of Meeting**

Pursuant to Pub. L. 92-463, notice is hereby given of the meeting of the Center for Mental Health Services (CMHS) National Advisory Council in September 2002.

A portion of the meeting will be open and will include a roll call, general announcements, and discussion about the Substance Abuse and Mental Health Service's matrix program areas, the New Freedom Commission on Mental Health, the Center for Mental Health Service's disparities grant program, and consumer affairs.

Public comments are welcome. Please communicate with the individual listed as contact below for guidance. If anyone needs special accommodations for persons with disabilities please notify the contact listed below.

The meeting will also include the review, discussion, and evaluation of grant applications. Therefore a portion of the meeting will be closed to the public as determined by the SAMHSA Administrator, in accordance with Title 5 U.S.C. 552(b)(6) and 5 U.S.C. App. 2. & 10 (d).

A summary of the meeting and a roster of Council members may be obtained from Ms. Eileen Pensinger, Executive Secretary, CMHS, Room 15-99, Parklawn Building, Rockville, Maryland 20857, telephone (301) 443-4823.

Committee Name: CMHS National Advisory Council.

Meeting Date: September 5-6, 2002.

Place: The Double Tree Hotel, 1750 Rockville Pike, Rockville, Maryland.

Type: Closed: September 5, 2002—9:15 a.m.—11 a.m.

Open: September 5, 2002—11:15 a.m.—5:30 p.m.

Open: September 6, 2002—9 a.m.—12:15 p.m.

Contact: Eileen S. Pensinger, M.Ed., Executive Secretary, 5600 Fishers Lane, Parklawn Building, Room 15-99, Rockville, Maryland 20857, Telephone: (301) 443-4823 and FAX (301) 443-5163.

Dated: August 12, 2002.

Toian Vaughn,

Committee Management Officer, Substance Abuse and Mental Health Services Administration.

BILLING CODE 4162-20-P

DEPARTMENT OF THE INTERIOR**Fish and Wildlife Service****Notice of Availability of Recovery Goals for Four Endangered Fishes of the Colorado River Basin**

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of document availability.

SUMMARY: To further the recovery of humpback chub (*Gila cypha*), bonytail (*Gila elegans*), Colorado pikeminnow (*Ptychocheilus lucius*), and razorback sucker (*Xyrauchen texanus*), we, the Fish and Wildlife Service announce the availability of recovery goals for these endangered fishes of the Colorado River Basin. This information will serve as an amendment and supplement to the respective existing recovery plans for each species. The recovery goals for each species provide objective, measurable recovery criteria for downlisting and delisting that identify levels of demographic and genetic viability needed for self-sustaining populations and site-specific management actions/tasks needed to minimize or remove threats.

SUPPLEMENTARY INFORMATION: The purpose of these recovery goals is to describe site-specific management actions/tasks; provide objective, measurable recovery criteria; and provide estimates of the time required to achieve recovery of each of the four endangered fish species. Recovery of the humpback chub, bonytail, and razorback sucker is considered in two recovery units, *i.e.*, upper basin (upstream of Glen Canyon Dam, Arizona) and lower basin. Recovery of the Colorado pikeminnow is considered only in the upper basin recovery unit. Downlisting and delisting criteria by listing factors and management actions, as well as demographic criteria, are presented for populations of each species within the recovery units. In addition, updated life-history information and estimated time to achieve the downlisting and delisting requirements are also presented. These recovery goals serve as amendments and supplements to the recovery plans by providing more specific objective and measurable criteria to recover each of the four fish species.

Draft recovery goals were made available for public comment on September 10, 2001, through a **Federal Register** Notice of Availability (66 FR 47033-47034) and on November 23, 2001, through a **Federal Register** Notice of Reopening (66 FR 58748). Comments were categorized by topic and
