DEPARTMENT OF EDUCATION

[CFDA Nos. 84.133S and 84.305S]

Office of Special Education and Rehabilitative Services (OSERS) and the Office of Educational Research and Improvement (OERI); Small Business Innovation Research (SBIR) Program—Phase I Notice Inviting Grant Applications for New Awards for Fiscal Year (FY) 2002

Note to Applicants: Beginning in FY 2002, OSERS and OERI are switching from contracts to grants to conduct the Department's SBIR Phase I competition.

Purpose of Program: The purpose of this program is to stimulate technological innovation in the private sector, strengthen the role of small business in meeting Federal research or research and development (R/R&D) needs, increase the commercial application of Department of Education (ED) supported research results, and improve the return on investment from Federally-funded research for economic and social benefits to the Nation.

For FY 2002, we encourage applicants to present activities that focus on the invitational priorities in the PRIORITIES section of this application notice.

Eligible Applicants: Each organization submitting an application must qualify as a small business concern as defined by the Small Business Administration (SBA) at the time of the award. This definition is included in the application package.

Firms with strong research capabilities in educational and assistive technologies, science, or engineering in any of the priority areas listed are encouraged to participate. Consultative or other arrangements between these firms and universities or other non-profit organizations are permitted, but the small business must serve as the grantee.

If it appears that an applicant organization does not meet the eligibility requirements, we will request an evaluation by the SBA. Under circumstances in which eligibility is unclear, we will not make an SBIR award until the SBA makes a determination.

Applications Available: May 15, 2002.
