

SUMMARY: Southeastern Power Administration (Southeastern) proposes to replace Rate Schedules SJ-1-A, CBR-1-D, CSI-1-D, CK-1-D, CC-1-E, CM-1-D, CEK-1-D, and CTV-1-D applicable to the sale of power from the Cumberland System of Projects and seeks approval of Rate Schedules SJ-1-B, CBR-1-E, CSI-1-E, CK-1-E, CC-1-F, CM-1-E, CEK-1-E, and CTV-1-E. The new rate schedules are to be effective for a 5-year period, October 1, 2003, through September 30, 2008.

Additionally, opportunities will be available for interested persons to review the present rates, the proposed rates and supporting studies, to participate in a forum and to submit written comments. Southeastern will evaluate all comments received in this process.

ADDRESSES: Written comments should be submitted to: Administrator, Southeastern Power Administration, Department of Energy, 1166 Athens Tech Road, Elberton, Georgia, 30635-6711. SUPPLEMENTARY INFORMATION: The Federal Energy Regulatory Commission (FERC) by order issued March 17, 2000, in Docket No. EF99-3021-000, confirmed and approved Wholesale Power Rate Schedules SJ-1-A, CBR-1-D, CSI-1-D, CK-1-D, CC-1-E, CM-1-D, CEK-1-D, and CTV-1-D applicable to Cumberland System power for a period ending June 30, 2004. On May 12, 2000, FERC issued an order granting rehearing for further consideration. On June 15, 2000, FERC issued an order denying rehearing.

Discussion: Existing rate schedules are predicated upon a May 1999 repayment study and other supporting data contained in FERC Docket No. EF99-3021-000. The current repayment study, dated March 2003, shows that existing rates are not adequate to

recover all costs required by present repayment criteria.

A revised repayment study with a revenue increase of \$8,063,000 over the current repayment study demonstrates that rates would be adequate to meet repayment criteria. The additional revenue requirement amounts to a 20 per cent increase in revenues. Existing rates have been in effect since July 1, 1999. The Cumberland System region has incurred a severe drought since that time. This has impacted repayment in two ways. First, revenues have been reduced because Southeastern has had less energy available for sale. Second, expenses have increased because it has been necessary for Southeastern to purchase replacement energy to meet its minimum energy obligations.

The Corps of Engineers has provided Southeastern with a plan of capital expenditures necessary to rehabilitate the projects in the Cumberland System. These costs are included in the proposed rates. It is proposed that the revised rate schedules contain the following unit rates:

CUMBERLAND SYSTEM RATES

TVA Rate Schedule:	
Capacity	\$2.04 per kw/month.
Additional Energy	9.313 mills per kwh.
Outside Preference Customers Rate Schedule (Excluding Customers served through Carolina Power & Light Company):	
Capacity	\$3.506 per kw/month.
Additional Energy	9.313 mills per kwh.
Customers Served through Carolina Power & Light Company, Western Division	
Capacity	\$3.991 per kw/month.
Transmission	\$1.2493 per kw/month.
Monongahela Power Company:	
Energy	The lower of 39.2 mills or Monongahela Power Company's avoided cost.

The referenced repayment studies are available for examination at 1166 Athens Tech Road, Elberton, Georgia 30635-6711. Proposed Rate Schedules SJ-1-B, CBR-1-E, CSI-1-E, CK-1-E, CC-1-F, CM-1-E, CEK-1-E, and CTV-1-E are also available.

Dated: March 6, 2003.

Administrator.

SUPPLEMENTARY INFORMATION:

Background

The PCPFS was established by the President of the United States and operates under Executive Order No. 13265. The Secretary, through the Office of the PCPFS, receives recommendations from the Council and is developing and coordinating a national program to enhance physical activity and sports programs. Section (1)(b) of the Executive Order (EO) provides that the Office of the PCPFS will "enhance coordination of programs within and among the private and public sectors that promote the participation in, and safe and easy access to, physical activity/fitness and sports." In addition, the Office of the PCPFS is directed by section (1)(c) of the EO to "expand availability of quality

information and guidance regarding physical activity and sports participation." Through the authority of section 1704 of the Public Health Service Act, the Office of PCPFS may support and "encourage others to support" activities related to health information and promotion, including the publication of information and securing the cooperation of communication media.

The purpose of the President's Challenge Physical Activity and Fitness Awards Program (the Program) is to motivate individuals six years and older to begin and continue an active lifestyle leading to enhanced physical fitness. It has reached over 70 million children and youth since its inception in 1966. The Program now focuses on three distinct program areas: physical fitness, health fitness and active lifestyle. Adults can now participate with their children or log activities by themselves to earn the Presidential Active Lifestyle Award (PALA) and the Presidential Adult Active Lifestyle Award (PAAL). Program materials are available in both English and Spanish.

Requirements of Cosponsorship

The Office of the PCPFS is seeking a cosponsor(s) to partner in ways that accord with its particular circumstances. For example, an entity might offer to cosponsor the following proposed Program activities with the Office of PCPFS:

- A nationwide sequence of activities that would celebrate National Physical Fitness and Sports Month (including sensitivity to diverse cultures and traditions) incorporating the Program activities;
- Educational clinics and/or development and distribution of physical activity publications incorporating the Program goals and activities along with a "Challenge Tool Kit;"
