Title of Collection: Request for Designation As An Eligible Institution Under Titles III, V, and VII Programs and Waivers of the Non-Federal Cost Share Reimbursement (1894–0001).

OMB Control Number: 1840–0103.

Type of Review: Extension without change of a currently approved collection.

Respondents/Affected Public: State, Local, and Tribal Governments; Private Sector.

Total Estimated Number of Annual Responses: 200.

Total Estimated Number of Annual Burden Hours: 1,400.

Abstract: This collection of information is necessary in order for the Secretary of Education to designate an institution of higher education eligible to apply for funding under Titles III, V, and VII of the Higher Education Act of 1965, as amended. An institution must apply to the Secretary to be designated as an eligible institution. The programs authorized include the Strengthening Institutions, Alaskan Native and Native Hawaiian-Serving Institutions, Asian-American and Native American Pacific Islander-Serving Institutions, Native American Serving Institutions, Hispanic-Serving Institutions, Hispanic-Serving Institutions (Science, Technology, Engineering and Math and Articulation), Promoting Postbaccalaureate Opportunities for Hispanic Americans (PPOHA), and Predominantly Black Institutions Programs. These programs award discretionary grants to eligible institutions of higher education so that they might increase their self-sufficiency by improving academic programs, institutional management, and fiscal stability.

This collection of information is gathered electronically by the Department for the purpose of determining an institution's eligibility to participate in the Titles III, V, and VII grant programs based on its enrollment of needy students and low average Core Expenses per full-time equivalent student. This collection also allows an institution to request a waiver of certain non-Federal cost-share requirements under the Federal Work-Study Program, Federal Supplemental Educational Opportunity Grant, Student Support Services Program and the Undergraduate International Studies and Foreign Language Program.

The collection is paired with a computational exercise that results in the simultaneous publication of an Eligibility Matrix (EM), a listing of postsecondary institutions potentially eligible to apply for grants in Institutional Service. Criteria derived from applicable legislation and regulations are applied to enrollment and financial data from Department sources to determine the eligibility of each institution for each program. Only those institutions that either do not meet the financial criteria or do not appear in the eligibility matrix need to go through the application process.

The results of the application process are a determination of eligibility for grant application and waiver, and updated information on institutional eligibility which is added to the EM.

This collection is being submitted under the Streamlined Clearance Process for Discretionary Grant Information Collections (1894-0001). Therefore, the 30-day public comment period notice will be the only public comment notice published for this information collection.

Dated: September 22, 2022.

PRA Coordinator, Strategic Collections and Clearance, Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.
