Bureau of Indian Affairs

Notice of Availability of the Supplemental Draft Environmental Impact Statement for the Proposed Moapa Paiute Energy Center and Associated Facilities, Located on the Moapa River Indian Reservation and on Bureau of Land Management Lands in Clark County, NV

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice.

SUMMARY: This notice advises the public that the Bureau of Indian Affairs (BIA) intends to file a Supplemental Draft Environmental Impact Statement (SDEIS) for the proposed Moapa Paiute Energy Center with the Environmental Protection Agency. It was prepared by the Bureau of Indian Affairs (BIA) and the Bureau of Land Management (BLM), with the cooperation of the Moapa Band of Paiute Indians (Tribe) and the Calpine Corporation (Calpine). The Notice of Availability for the Draft Environmental Impact Statement (DEIS) was published on Friday, March 20, 2001, in the **Federal Register** (66 FR 17437). The proposed action is for the Tribe to lease land and water on the Moapa River Indian Reservation (Reservation) to Calpine for the construction, operation and maintenance of a nominal baseload 760-megawatt, natural gas-fired, combined cycle power plant. In addition, proposed elements associated with the power plant would require permits and easements on Reservation lands and rights-of-way actions or temporary use permits on adjacent, BLM lands. The proposed term for the lease and rights-of-way is 25 years, with the possibility of renewal for an additional 20 years. The purpose of the proposed action is to provide viable economic development for the Tribe and to provide an alternative power supply to meet the growing demand for power in southern Nevada and the southwestern United States.

We are issuing this SDEIS to address and invite public comments on minor changes made to the proposed action since the DEIS was issued. These changes involve structural and routing modifications in the power distribution system for the proposed power plant. The SDEIS actually contains all of the information that we anticipate including in the Final Environmental Impact Statement, in order to provide a full context in which to view the changes. However, we are seeking public comments on the new information only. We will not consider further comments on matters already addressed in the DEIS, or on the public comments on the DEIS included in the SDEIS. We will address any comments we receive on the new information in the SDEIS in the Final Environmental Impact Statement. Details on the project location, proposed action, alternatives and areas of environmental concern, and on the new information addressed in the SDEIS, are provided below (see **SUPPLEMENTARY INFORMATION**).

DATES: Written comments on the SDEIS must arrive by January 14, 2002.
