Abstract: The Department of the Interior (DOI) developed the DI–4016, Request for Individual Access to Records Protected under the Privacy Act, and DI–4017, Consent for

Disclosure of Records Protected under the Privacy Act, forms for individuals to submit requests for accessing, and consenting to the disclosure of, records protected under the Privacy Act of 1974, as amended, 5 U.S.C. 552a. The DI–4016, Request for Individual Access to Records Protected under the Privacy Act, form is used by individuals seeking access to their records and any information pertaining to them that are maintained in DOI's systems of records. The DI–4017, Consent for Disclosure of Records Protected under the Privacy Act, form provides written consent of the individual to whom the record pertains when disclosing records to another person or an agency. The Privacy Act provides that “the parent of any minor, or the legal guardian of any individual who has been declared to be incompetent due to physical or mental incapacity or age by a court of competent jurisdiction, may act on behalf of the individual.” Therefore, these forms may also be used by a parent or legal guardian.

These forms were based on the templates provided in the OMB Memorandum M–21–04, Modernizing Access to and Consent for Disclosure of Records Subject to the Privacy Act, issued on November 12, 2020, which implements the requirements of the Creating Advanced Streamlined Electronic Services for Constituents Act of 2019 (“CASES Act”). The CASES Act was issued in an effort to modernize the Privacy Act request process by requiring agencies to accept access and consent forms from individuals properly identity-proofed and authenticated remotely through a digital service option in addition to an agency's existing process. The CASES Act also requires the forms to be posted on the agency website's privacy program page and the website updated to include instructions on how individuals may submit requests digitally.

Notice of Realty Action: Proposed Non-Competitive Lease of Public Land in the Kusilvak (Formerly Wade Hampton) Census Area, Alaska

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of realty action.

SUMMARY: The Bureau of Land Management (BLM), Anchorage Field Office, proposes to issue a non-competitive lease to Jonathan Penz (applicant) across 0.5-acres of public land in the Kusilvak Census Area, Alaska, for commercial purposes. The BLM Bering Sea-Western Interior Resource Management Plan, approved in January 2021, allows land use leases to be authorized on the subject parcel. The lease would be authorized pursuant to Section 302 of the Federal Land Policy and Management Act of 1976, as amended (FLPMA), and processed in accordance with BLM regulations.

DATES: Submit written comments regarding this proposed lease by May 31, 2022.

ADDRESSES: Only written comments submitted by postal service or overnight mail will be considered as properly filed. Send comments to: Field Manager, BLM Anchorage Field Office, 4700 BLM Road, Anchorage, Alaska 99507. Electronic mail, facsimile, or telephone comments will not be considered properly filed.

FOR FURTHER INFORMATION CONTACT: Thomas Sparks, Associate Field Manager, BLM Anchorage Field Office, telephone: (907) 443–2177, email: tsparks@blm.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or

SUPPLEMENTARY INFORMATION: The subject parcel was developed by the applicant's late father, which was previously authorized under a BLM lease (AA–59715). The lease expired but has not been re-authorized. The applicant has been working cooperatively with the BLM to obtain a new authorization. The lease would allow for continued operations of a fuel-storage site at a rental rate of \$335 per year (subject to Fair Market Value increases). This current rental rate is based on the Small Use Fee Schedule for remote parcels of land in Alaska, dated July 28, 2020, which was determined by the Department of the Interior—Appraisal and Valuation Services.

The subject lease parcel is isolated from other BLM managed lands and is surrounded by lands previously transferred to the Russian Mission Native Corporation pursuant to the Alaska Native Claims Settlement Act of December 18, 1971. The lease is located approximately 4.6 miles from Russian Mission, Alaska, and is on Federals located within:

Seward Meridian, Alaska

The lease can be more particularly described as follows:

the lease would be subject to provisions of the FLPMA, all applicable regulations of the Secretary of the Interior, including but not limited to 43 CFR part 2920, and valid existing rights.

Interested persons may submit comments regarding the decision to issue a land lease and whether the BLM followed proper administrative procedures in reaching the establishment of a land lease interest. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
