INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-567 (Advisory Opinion Proceeding 3)]

Certain Foam Footwear; Notice of the Issuance of an Advisory Opinion; Termination of the Advisory Opinion Proceeding

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to issue an advisory opinion in the above-captioned investigation. The Commission also terminates the advisory opinion proceeding.

FOR FURTHER INFORMATION CONTACT:

Clint Gerdine, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 708-2310. Copies of non-confidential documents filed in connection with this investigation may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal, telephone (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted the underlying investigation on May 11, 2006, based on

a complaint, as amended, filed by Crocs, Inc. of Niwot, Colorado. 71 FR 27514-15 (May 11, 2006). The complaint alleged, *inter alia*, violations of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain foam footwear, by reason of infringement of claims 1-2 of U.S. Patent No. 6,993,858 ("the '858 patent") and U.S. Patent No. D517,789 ("the '789 patent"). The notice of investigation named several respondents.

On July 25, 2008, the Commission issued a final determination finding no violation of section 337 based on non-infringement and failure to satisfy the technical prong of the domestic industry requirement with respect to the '789 patent and based on invalidity of the '858 patent as obvious under 35 U.S.C. 103. 73 FR 45073-74 (Aug. 1, 2008). On July 15, 2011, after an appeal to the U.S. Court of Appeals for the Federal Circuit and subsequent remand vacating the Commission's previous finding of no violation, the Commission found a violation of section 337 based on infringement of the asserted claims of the patents and issued, *inter alia*, a general exclusion order ("GEO"). 76 FR 43723-24 (July 21, 2011). On March 28, 2020, the '789 patent expired, so the GEO is now only directed to articles that infringe one or more of claims 1 and 2 of the '858 patent.

On November 17, 2021, non-respondent, Triple T Trading Ltd. ("Triple T") of Marysville, Washington, petitioned for institution of an expedited advisory opinion proceeding to determine whether its fleece-lined shoes and shoes with plastic washers are covered by the GEO. On November 29, 2021, Crocs opposed Triple T's petition for an expedited advisory opinion proceeding. On December 9, 2021, Triple T filed a motion for leave to respond to Crocs' opposition. The Commission granted that motion.

On December 17, 2021, the Commission instituted an advisory opinion proceeding to determine whether Triple T's fleece-lined shoes or shoes with plastic washers fall within the scope of the GEO. 86 FR 72992 (Dec. 23, 2021). Concurrent with the notice, the Commission ordered supplemental information and product samples from Triple T. Comm'n Order (Dec. 17, 2021). On January 4, 2022, Triple T submitted its response to the Commission Order. Crocs did not reply to Triple T's submission.

Having considered the record evidence including the parties' filings, the Commission has determined that

Triple T's fleece-lined shoes and shoes with permanent plastic washers that prevent all direct contact between the strap and the base of the shoe do not fall within the scope of the GEO and therefore should not be excluded. The reasons for the Commission's determination are set forth in the accompanying Advisory Opinion, and the advisory opinion proceeding is hereby terminated.

The Commission vote for this determination took place on March 28, 2022.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in part 210 of the Commission's Rules of Practice and Procedure, 19 CFR part 210.

By order of the Commission.

Issued: March 28, 2022.

William Bishop,

Supervisory Hearings and Information Officer.

Statistics, 810 Seventh Street NW, Washington, DC 20531.

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Bureau of Justice Statistics, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

1. *Type of Information Collection:* Reinstatement, with change, of a previously approved collection for which approval has expired.

2. *Title of the Form/Collection:* 2022 Census of State and Local Law Enforcement Agencies (CSLLEA).

3. *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* The form number is CJ-38. The applicable component within the Department of Justice is the Bureau of Justice Statistics (BJS), in the Office of Justice Programs.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:* Respondents will include all publicly-funded state, county, and local law enforcement agencies in the United States that employ the equivalent of at least one full-time sworn officer with general arrest powers. Both general purpose agencies (i.e., any public agency with sworn officers whose patrol and enforcement responsibilities are primarily delimited by the boundaries of a municipal, county, or state government) and special purpose agencies (e.g., campus law enforcement, transportation, natural resources, etc.) meeting the above description will be asked to respond.

Abstract: BJS has conducted the CSLLEA regularly since 1992. The 2022 CSLLEA will be the eighth administration. Historically, the CSLLEA generates an enumeration of all publicly funded state, county, and local law enforcement agencies operating in the United States. The CSLLEA provides complete personnel counts and an overview of the functions performed for approximately 20,000 law enforcement agencies operating nationally. The survey asks about the level of government that operates the agency; oversight of any agency sub-components; total operating budget; full-time and part-time personnel counts for sworn, limited sworn, and non-sworn employees; sex of full-time sworn, limited sworn, and non-sworn personnel; race and Hispanic origin of full-time sworn officers; and the functions the agency performs on a regular or primary basis. Upon completion, the 2022 CSLLEA will serve as the sampling frame for future law enforcement surveys administered by BJS.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* BJS estimates a maximum of 20,000 state, county, and local law enforcement agencies with a respondent burden of about 32 minutes per agency to complete the survey form and about 15 minutes per agency of follow-up time. A random sample of 1,000 agencies will be selected to receive a pre-notification letter to inform the agency head of the upcoming survey and provide an opportunity to update the agency's contact information, which is estimated to add 2 minutes per sampled agency.

6. *An estimate of the total public burden (in hours) associated with the collection:* There are an estimated 15,700 total burden hours associated with this information collection.
