VIII. Other Information

The U.S. Public Health Service strongly encourages all grant, cooperative agreement, and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, the Pro-Children Act of 1994, (Pub. L. 103-227), prohibits smoking in certain facilities (or in some cases, any portion of the facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the HHS mission to protect and advance the physical and mental health of the American people.

Chris Buchanan,

RADM, Assistant Surgeon General, U.S. Public Health Service, Deputy Director, Indian Health Service.
