In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance on June 25, 2004, applicable to workers of Remington Products, including leased workers of Impact Personnel, Accountants, Inc., Mid-State Technical and Power Recruiting, Bridgeport, Connecticut. **Tarkett, Inc., Whitehall, Pennsylvania;
Notice of Negative Determination
Regarding Application for
Reconsideration**

By letter of August 4, 2004, the petitioner requested administrative reconsideration of the Department's negative determination regarding eligibility for workers and former workers of the subject firm to apply for Trade Adjustment Assistance (TAA) and Alternative Trade Adjustment Assistance (ATAA). The negative determination was signed on June 16, 2004. Department's notice of determination was published in the **Federal Register** on July 7, 2004 (69 FR 40983).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

(1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;

(2) If it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or

(3) If in the opinion of the Certifying Officer, a misinterpretation of facts or of the law justified reconsideration of the decision.

The initial petition was denied because the subject worker group did not produce an article within the meaning of section 222(3) of the Act. The Department determined that the workers sold imported sheet vinyl flooring and provided administrative and information technology (IT) support for the sales team.

Information supplied in the initial investigation indicate that production of sheet vinyl flooring at the subject facility ceased completely in 1999, that sheet vinyl flooring has not been made domestically since 1999, and that workers at the subject facility are engaged in the sale of sheet vinyl flooring produced entirely in Canada.
