3. *Title:* IRS Taxpayer Burden Surveys.

*OMB Control Number:* 1545-2212.

*Type of Review:* Revision of a currently approved collection.

*Description:* Each year, individual taxpayers in the United States submit more than 140 million tax returns to the Internal Revenue Service (IRS). The IRS uses the information in these returns, recorded on roughly one hundred distinct forms and supporting schedules, to administer a tax system whose rules span thousands of pages. Managing such a complex and broad-based tax system is costly but represents only a fraction of the total burden of the tax system. Equally, if not more burdensome, is the time and out-of-pocket expenses that taxpayers spend in order to comply with tax laws and regulations.

Changes in tax regulations, tax administration, tax preparation methods, and taxpayer behavior continue to alter the amount and distribution of taxpayer burden. The purpose of these surveys is to gather data that will be used to update and expand the IRS Taxpayer Burden Model, a robust predictive model based on an improved burden estimation methodology. Information gathered by the surveys is not available in the administrative tax return data, so survey data are a critical input to the model. The survey data are not viewed discretely. Rather, because the data are used as inputs to the Taxpayer Burden Model, they provide an end-to-end, taxpayer facing view of compliance burden. The related behavioral studies further inform IRS's understanding of taxpayer behavior, inform burden model design, and help IRS improve processes and identify opportunities to reduce taxpayer burden.

2. *Title:* New Markets Tax Credit Program Allocation and Qualified Equity Tracking (AQEI) System.

*OMB Control Number:* 1559–0024.

*Type of Review:* Revision of a currently approved collection.

*Description:* The New Markets Tax Credit Program (NMTC Program) was established by Congress in 2000 to spur new or increased investments into operating businesses and real estate projects located in low-income communities. The NMTC Program attracts investment capital to low-income communities by permitting individual and corporate investors to receive a tax credit against their Federal income tax return in exchange for making equity investments in specialized financial institutions called Community Development Entities (CDEs). Via a competitive process, the CDFI Fund awards NMTC allocation awards to select CDEs, based upon information submitted in their NMTC Allocation Application. Entities receiving an NMTC allocation must enter into an allocation agreement with the CDFI Fund. The allocation agreement contains the terms and conditions, including all reporting requirements, associated with the receipt of a NMTC allocation. The CDFI Fund required each Allocatee to use an electronic data collection and submission system, known as the

Allocation Tracking System (ATS), to report on the information related to its receipt of a Qualified Equity Investment (QEI). As of May 2018, the ATS function was renamed as the NMTC Allocation and Qualified Equity Investment Tracking System (AQEI) and moved to the CDFI Fund's Awards Management Information System (AMIS), a business system that supports all CDFI Fund programs through each phase of the programs' life cycle.

AQEI enables Allocatees to report information to the CDFI Fund in a timely fashion. This information is also used by the Treasury Department (including both the CDFI Fund and the Internal Revenue Service (IRS)) to: (1) Monitor the issuance of QEIs to ensure that no Allocatee exceeds its allocation authority; (2) ensure that QEIs are issued within the timeframes required by the NMTC Program regulations and the legal agreements signed between the CDFI Fund and the Allocatee; and (3) assist with NMTC Program evaluation efforts.

In order to qualify for a NMTC Program allocation award from the CDFI Fund, an applicant must be certified by the CDFI Fund as a Community Development Entity (CDE). The CDE Certification Application is used to determine whether an entity seeking CDE certification meets the CDFI Fund's requirements for such certification.
