[OMB 3060-1104; FR ID 307849]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control

number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before October 14, 2025. If you anticipate that you will be submitting comments but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email PRA@fcc.gov and to Cathy.Williams@fcc.gov.

Estimated Hours per Response: 0.50 hours.

Frequency of Response: Third Party Disclosure requirement; Weekly reporting requirement.

Total Annual Cost: No cost.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this collection is contained in Sections 309 and 337 of the Communications Act of 1934, as amended.

Needs and Uses: Section 73.682(d) of the Commission's rules incorporates by reference the Advanced Television Systems Committee, Inc. ("ATSC") Program System and Information Protocol ("PSIP") standard "A/65C. PSIP data is transmitted along with a TV broadcast station's digital signal and provides viewers (via their DTV receivers) with information about the station and what is being broadcast, such as program information. The Commission has recognized the utility that the ATSC PSIP standard offers for both broadcasters and consumers (or viewers) of digital television ("DTV").

ATSC PSIP standard A/65C requires broadcasters to provide detailed programming information when transmitting their broadcast signal. This standard enhances consumers' viewing

experience by providing detailed information about digital channels and programs, such as how to find a program's closed captions, multiple streams and V-chip information. This standard requires broadcasters to populate the Event Information Tables ("EITs") (or program guide) with accurate information about each event (or program) and to update the EIT if more accurate information becomes available. The previous ATSC PSIP standard A/65-B did not require broadcasters to provide such detailed programming information but only general information.

Federal Communications Commission.

SUPPLEMENTARY INFORMATION:

Description: The Trafficking Victims Protection Act of 2000 (TVPA), as amended, authorizes the Secretary of

HHS to expand benefits and services to victims of severe forms of trafficking in persons in the U.S. Through TVAP, grant recipients provide time-limited comprehensive case management services to confirmed and potential victims of a severe form of human trafficking, as defined by TVPA, as amended, who are seeking or have received HHS certification. Case management services must be provided to qualified persons directly by full-time case managers that are staffed by the prime recipient and may also be provided through a network of per capita service providers.

OTIP proposes to continue to collect information to measure grant project performance, provide technical

assistance to grant recipients, assess program outcomes, inform program evaluation, respond to congressional inquiries and mandated reports, and inform policy and program development that is responsive to the needs of victims.

The information collection captures information on participant demographics (e.g., age, sex, type of trafficking experienced, service location) and services provided, along with aggregate information on outreach activities conducted, subrecipients enrolled, and dollars spent per service. Minor nonsubstantive updates have been made to performance indicators under this collection to simplify response options or to bring the

collection into alignment with OTIP's grant recipient reporting database, the Anti-Trafficking Information Management System (ATIMS).

Respondents: TVAP grant recipients and clients of those programs, specifically: TVAP and the Aspire: Child Trafficking Victim Assistance Demonstration Program funding recipients.

requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: Section 407(b)(3) of the Social Security Act requires ACF to reduce a state's required work participation rate for a fiscal year (FY) by the state's caseload reduction credit for that FY. 42 U.S.C. 607(b)(3). The caseload reduction credit gives a state credit for reducing its caseload between a base year and a comparison year. 42 U.S.C. 607(b)(3)(A). States submit data for the calculation of their caseload reduction credit by completing form ACF-202. Section 301 of the Fiscal Responsibility Act of 2023 (FRA) recalibrates the caseload reduction credit by amending Section 407(b)(3) of the Social Security Act (42 U.S.C. 607(b)(3)) and changing the base-year caseload from FY 2005 to FY 2015. FRA, Public Law 118-15, § 301 (2023), 137 Stat. 34. ACF proposes to revise the Caseload Reduction Documentation Process as required by the FRA by striking "2005" and inserting "2015." FRA, Public Law 118-15, § 301 (2023), 137 Stat. 34. There are additional minor changes to the instructions and form to update the reporting due date for FY 2026, update submission and general instructions, and change "State" to lowercase, where applicable.
