Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2007–28043]

Hours of Service (HOS) of Drivers; Renewal of American Pyrotechnics Association (APA) Exemption From the 14-Hour Rule During Independence Day Celebrations

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition.

SUMMARY: FMCSA previously announced its decision to renew the American Pyrotechnics Association (APA) exemption for 61 member motor carriers from FMCSA's regulation that drivers of commercial motor vehicles (CMVs) may not drive after the 14th hour after coming on duty. No comments were submitted to the public docket; consequently, the Agency confirms the renewal of the exemption. **DATES:** This exemption is effective during the periods of June 28, 2009, through July 8, 2009, and June 28, 2010, through July 8, 2010, inclusive.

FOR FURTHER INFORMATION CONTACT: Mr. Thomas L. Yager, Chief, FMCSA Driver and Carrier Operations Division, Office of Bus and Truck Standards and Operations; Telephone: 202–366–4325, E-mail: MCPSD@dot.gov.

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 31315 and 31136(e), FMCSA may renew an exemption from the hours of service (HOS) requirements in 49 CFR 395.3(a)(2) for up to two years if it finds “such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption” (49 CFR 381.305(a)). APA, a trade association representing the domestic fireworks industry, applied for renewal of a limited exemption from the HOS rules on behalf of 61 of its member motor carriers, and approximately 3,000 of their CMV drivers for an eleven-day period surrounding Independence Day in 2009, and a similar period in 2010, as previously announced in the **Federal Register** (74 FR 24069, May 22, 2009). A copy of the application is included in the docket referenced at the beginning of this notice. The list of APA member companies covered by the exemption from 49 CFR 395.3(a)(2) is included as an Appendix to this notice.

The HOS rules prohibit a property-carrying CMV driver from driving after the 14th hour after coming on duty following 10 consecutive hours off duty (49 CFR 395.3(a)(2)). During the periods June 28–July 8, 2009, and June 28–July 8, 2010, inclusive, the companies named in the Appendix and approximately 3,000 CMV drivers employed by them, will be exempt from section 395.3(a)(2) if they are operating in conjunction with the staging of fireworks shows celebrating Independence Day. These CMV drivers hold a commercial driver's license with hazardous materials endorsement. They also are trained pyrotechnicians. They transport fireworks and set up and stage fireworks shows.

Section 49 CFR 395.3(a)(2) prohibits a driver from driving after the 14th hour after coming on duty and does not permit off-duty periods to extend the 14-hour limit. This exemption permits CMV drivers engaged in these operations to exclude off-duty and sleeper-berth time of any length from the calculation of the 14-hour duty period. These drivers must continue to obtain 10 consecutive hours off duty prior to the 14-hour period, and remain subject to the 11-hour driving time limit, the 60- and 70-hour on-duty limits, and all other HOS rules.

APA sought renewal of this exemption because compliance by its members with the current 14-hour rule would impose a substantial economic hardship on numerous cities, towns and municipalities, as well as its member companies, with regard to their Independence Day celebrations. APA

has consistently maintained that the operational demands of this unique industry minimize the risk of CMV crashes. It maintains that renewal of the exemption will not adversely affect the safety of the fireworks transportation provided by these motor carriers, and actually improve safety in the storage of hazardous materials.

The FMCSA decision to grant the request for renewal of the exemption

from 49 CFR 395.3(a)(2) was based on the merits of the application for renewal of the exemption. The Agency continues to believe that these APA operations, conducted under the terms and conditions of this limited exemption, will achieve a level of safety that is equivalent to, or greater than, the level that would be absent such exemption. Unless these motor carriers and their drivers fail to meet the terms and

conditions specified in the May 22, 2009, notice of approval of this exemption, the exemption will remain in effect during the periods of June 28, 2009, through July 8, 2009, and June 28, 2010, through July 8, 2010, inclusive.

Issued on: June 12, 2009.

Larry W. Minor,

Associate Administrator for Policy and Program Development.

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2007-28043]

Hours of Service (HOS) of Drivers; Granting of Exemption; American Pyrotechnics Association (APA)

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition; granting of application for exemption.

SUMMARY: FMCSA announces its decision to grant the American Pyrotechnics Association (APA) exemption for 14 member motor carriers from FMCSA's regulation that drivers of commercial motor vehicles (CMV) may not drive after the 14th hour after coming on duty.

DATES: This exemption is effective during the periods of June 28, 2009, through July 8, 2009, and June 28, 2010, through July 8, 2010, inclusive.

FOR FURTHER INFORMATION CONTACT: Mr. Thomas L. Yager, Chief, FMCSA Driver and Carrier Operations Division, Office of Bus and Truck Standards and Operations; Telephone: 202-366-4325, E-mail: MCPSD@dot.gov.

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 31315 and 31136(e), FMCSA may grant an exemption from the hours of service (HOS) requirements in 49 CFR 395.3(a)(2) for up to two years if it finds "such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption" (49 CFR 381.305(a)). APA, a trade association representing the domestic fireworks industry, applied for a limited exemption from the HOS rules on behalf of 14 of its member motor carriers for a eleven-day period surrounding Independence Day in 2009,

and a similar period in 2010, as previously announced in the **Federal Register** (74 FR 24066, May 22, 2009). (On May 22, 2009, the Agency also renewed the identical exemption for 61 additional APA-member motor carriers (74 FR 24069)). A copy of this application for exemption is included in the docket referenced at the beginning of this notice, and a list of the 14 APA-member companies being exempted from 49 CFR 395.3(a)(2) is included as an Appendix to this notice.

The HOS rules prohibit a property-carrying CMV driver from driving after the 14th hour after coming on duty following 10 consecutive hours off duty (49 CFR 395.3(a)(2)). During the periods June 28—July 8, 2009, and June 28—July 8, 2010, inclusive, the companies named in the Appendix, and CMV drivers employed by them, will be exempt from section 395.3(a)(2) if they are operating in conjunction with the staging of fireworks shows celebrating Independence Day. These CMV drivers hold a commercial driver's license with hazardous materials endorsement. They are also trained pyrotechnicians. They transport fireworks, and set-up and stage fireworks shows.

The exemption permits CMV drivers engaged in these operations to exclude off-duty and sleeper-berth time of any length from the calculation of the 14-hour on-duty period. These drivers must continue to obtain 10 consecutive hours off duty prior to the 14-hour period, and observe the 11-hour driving time limit, as well as the 60- and 70-hour on-duty limits.

APA sought this exemption because compliance by its members with the current 14-hour rule would impose a substantial economic hardship on numerous cities, towns and municipalities, as well as its member companies, with regard to their Independence Day celebrations. APA maintains that the operational demands of this unique industry minimize the risk of CMV crashes. It also maintains that renewal of the exemption will not adversely affect the safety of the fireworks transportation provided by

these motor carriers, and actually improve safety in the storage of hazardous materials.

Public Comment

On May 22, 2009, FMCSA published a notice in the **Federal Register** (74 FR 24066) announcing APA's application for exemption for these 14 member motor carriers, and requesting public comment. The comment period closed on June 8, 2009. There were no comments filed in response to the May 22, 2009, notice.

FMCSA Decision

The FMCSA decision to grant the request for exemption from 49 CFR 395.3(a)(2) is based on the merits of the application for exemption. The Agency believes that these APA operations, conducted under the terms and conditions of this limited exemption, will achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent the exemption. The identical limited exemption has been in effect during Independence Day periods since 2005 for designated APA-member motor carriers conducting these operations. There have been no reported crashes or incidents involving these carriers while operating under the exemption. The drivers employed by the companies, firms, and entities listed in the appendix to this notice are granted relief from the requirements of 49 CFR 395.3(a)(2) under the following terms and conditions:

Terms of the Exemption

Period of the Exemption

The exemption from the requirements of 49 CFR 395.3(a)(2) [the "14-hour rule"] is effective from June 28 (12:01 a.m.) through July 8, 2009 (11:59 p.m.) and from June 28 (12:01 a.m.) through July 8, 2010 (11:59 p.m.).

Extent of the Exemption

This exemption is restricted to drivers employed by the companies, firms and entities listed in the Appendix to this notice. The drivers are provided a
