

of the events giving rise to the dispute. FINRA notes that this amendment clarifies current practice and makes the rule language under the Industry Code consistent with the comparable rule under the Customer Code. The second change to Rule 13213(a) would allow an associated person to request a different hearing location, other than the closest hearing location. Specifically, the proposal would state that the Director will select the hearing location closest to where the associated person was employed at the time of the events giving rise to the dispute, unless the hearing location closest to the associated person's employment is in a different state. In that case, the associated person may request a hearing location in his or her state of employment at the time of the events giving rise to the dispute.

Under the proposal, the Director would continue to select the hearing location closest to where the associated person was employed at the time of the events giving rise to the dispute. However, the Director would honor an associated person's request for a different hearing location in the associated person's state of employment.⁷ FINRA believes the proposal would benefit associated persons by providing them with a choice of hearing locations.

Three commenters addressed the proposed rule change and all three urged the Commission to approve it.⁸

III. Discussion and Commission Findings

The Commission finds the proposed rule change to be consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities association.⁹ In particular, the Commission finds that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,¹⁰ which requires, among

⁷ If the associated person requests a different hearing location other than the location closest to where the associated person was employed at the time of the events giving rise to dispute and makes the request before the arbitrator or arbitrators are selected, the Director will grant the request. If the associated person requests a different hearing location other than the location closest to where the associated person was employed at the time of the events giving rise to dispute and makes the request after the arbitrator or arbitrators are selected, the associated person must submit the request to the arbitrator or panel.

⁸ In its comment, PIABA also recommended that FINRA consider additional changes in a future rule filing. Those suggestions are outside the scope of the current proposed rule change.

⁹ In approving the proposed rule change, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

¹⁰ 15 U.S.C. 78o-3(b)(6).

other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. The Commission believes that the proposed rule change is consistent with FINRA's statutory obligations under the Act to protect investors and the public interest because the proposal would assist in the efficient administration of the arbitration process by further clarifying the procedures of selecting hearing locations.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹¹ that the proposed rule change (SR-FINRA-2009-073) be, and hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹²

Florence E. Harmon,
Deputy Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-61492; File No. SR-Phlx-2010-10]

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by NASDAQ OMX PHLX, Inc. Relating to the Exchange's Quote Lock Counting Period

February 4, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 29, 2010, NASDAQ OMX PHLX, Inc. ("Phlx" or the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. Phlx has designated the proposed rule change as constituting a rule change under Rule 19b-4(f)(6) under the Act,³ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

² 17 CFR 200.30-3(a)(12).

³ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ 17 CFR 240.19b-4(f)(6).

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Commentaries .02 and .03 to Exchange Rule 1082, Firm Quotations, to modify the duration of the "counting period" that is initiated when electronically submitted quotations of specialists, Streaming Quote Traders ("SQTs"),⁴ and Remote Streaming Quote Traders ("RSQTs")⁵ interact with one another and result in a locked market (e.g., \$1.00 bid—1.00 offer) or crossed market (e.g., \$1.10 bid—1.00 offer). The Exchange also proposes technical amendments as described below.

The text of the proposed rule change is available on the Exchange's Web site at <http://www.nasdaqtrader.com/micro.aspx?id=PHLXRulefilings>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to give the Exchange the ability to improve the speed with which the Exchange's systems can automatically execute locked or crossed quotations against one another.

⁴ An SQT is an Exchange Registered Options Trader ("ROT") who has received permission from the Exchange to generate and submit option quotations electronically through an electronic interface with AUTOM via an Exchange approved proprietary electronic quoting device in eligible options to which such SQT is assigned. See Exchange Rule 1014(b)(ii)(A).

⁵ An RSQT is an ROT that is a member or member organization with no physical trading floor presence who has received permission from the Exchange to generate and submit option quotations electronically through AUTOM in eligible options to which such RSQT has been assigned. An RSQT may only submit such quotations electronically from off the floor of the Exchange. See Exchange Rule 1014(b)(ii)(B).

When the Exchange deployed its initial electronic options trading platform, Phlx XL,⁶ the Commission approved an Exchange proposal to establish a one-second "counting period," to begin when electronic quotations submitted by specialists and/or SQTs became locked, during which the SQT(s) and/or specialist whose quotations are locked could eliminate the locked market. If their markets became crossed, the Exchange would disseminate a locked market at the price of the quotation that was crossed and would initiate the one-second counting period. Subsequently, the Exchange reduced the one-second counting period to ¼ of one second.⁷ Any unresolved locked or crossed markets remaining after the counting period are automatically executed.

The Exchange proposes to modify the duration of the counting period in order to provide more flexibility in increasing the speed with which locked and crossed markets may be resolved on the Exchange. Specifically, proposed Commentary .02 to Rule 1082 would state that the duration of the counting period will be established by the Exchange, will be the same for all options traded on the Exchange, and will not exceed .25 of one second. The duration of the counting period and any changes thereto will be published in an Options Trader Alert, which will be available on the Exchange's Web site.

The effect of the proposed rule change would be to give the Exchange the ability to reduce the counting period from the current ¼ of one second⁸ to a lesser time period, during which market participants may resolve locked and crossed markets, and after which, if the locked/crossed condition is not resolved, the Exchange's system will eliminate the condition by executing the transaction. The Exchange believes that any reduced counting period should improve market efficiency by eliminating locked and crossed markets in a more timely fashion, and should, in turn, facilitate compliance with firm quote obligations.

Technical Amendments

At the time the rule was originally adopted, the Exchange distinguished between "Streaming Quote Options" which are traded on the Exchange's automated options trading platform,

Phlx XL (since modified and re-named Phlx XL II⁹), and "Non-Streaming Quote Options." All options traded on the Exchange are currently traded on Phlx XL II. Thus, the distinction is no longer necessary, and accordingly the Exchange proposes to delete references to "Streaming Quote Options" from the rule.

The Exchange proposes to modernize the rule by eliminating anachronistic references to the "¼ of one second" counting period, and instead acknowledge the world of decimalization by referring to a counting period "not to exceed .25 of one second."

The Exchange further proposes to delete quotations surrounding the term "counting period" in all references thereto following its initial definition in the rule. The rule will simply refer to the counting period.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act¹⁰ in general, and furthers the objectives of Section 6(b)(5) of the Act¹¹ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. Specifically, the Exchange believes that the proposal benefits customers by improving market efficiency by enabling the Exchange's system to eliminate locked and crossed markets in a more timely fashion.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change is designated by the Exchange as a "non-controversial" rule pursuant to Section

19(b)(3)(A)¹² of the Act and subparagraph (f)(6) of Rule 19b-4 thereunder,¹³ because the proposed rule change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, provided that the Exchange has given the Commission written notice of its intent to file the proposed rule change at least five business days prior to the filing of the proposed rule change.¹⁴ Specifically, the Exchange notes that a similar counting period has been established under the rules of another exchange.¹⁵

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Consequently, the rule is being filed for immediate effectiveness.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-Phlx-2010-10 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-Phlx-2010-10. This file number should be included on the

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-61479; File No. SR-NYSEAmex-2010-08]

Self-Regulatory Organizations; NYSE Amex LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending Rule 960NY Trading Differentials

February 3, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 29, 2010, NYSE Amex LLC ("NYSE Amex" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II

below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its option trading rules to designate SPY (SPDR S&P 500 ETF Trust) and IWM (iShares Russell 2000 Index Fund) as eligible to quote and trade all options contracts in one cent increments effective February 1, 2010. The text of the proposed rule change is attached as Exhibit 5 to the 19b-4 form. A copy of this filing is available on the Exchange's Web site at <http://www.nyse.com>, at the Exchange's principal office, at the Commission's Public Reference Room, and on the Commission's Web site at <http://www.sec.gov>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to designate two Penny Pilot Program³ issues as eligible to quote and trade all options contracts in one cent increments, regardless of premium value. Specifically, the Exchange proposes to so designate SPY (SPDR S&P 500 ETF Trust) and IWM (iShares Russell 2000 Index Fund). In selecting these issues, the Exchange considered, among other things, that these symbols are (a) among the most actively traded issues nationally, with a wide array of investor interest, (b) have more series trading at a premium between \$3 and \$10, and (c) are trading at prices that are neither

extremely low nor high, but are generally trading between \$15–\$50.

Furthermore, the Exchange proposes to designate SPY and IWM as eligible to quote and trade all options contracts in one cent increments as of February 1, 2010. This date corresponds with the second phase-in date for additional classes in the pilot. The Exchange believes that issues that meet these criteria benefit the most from the ability to quote and trade all options in penny increments.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with Section 6(b)⁴ of the Securities Exchange Act of 1934 (the "Act"), in general, and furthers the objectives of Section 6(b)(5)⁵ in particular in that it is designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts, to remove impediments to and to perfect the mechanism for a free and open market and a national market system and, in general, by allowing all SPY and IWM option series to quote in penny intervals.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁶ and Rule 19b-4(f)(6)(iii) thereunder.

A proposed rule change filed under Rule 19b-4(f)(6) normally does not
