

laws, executive orders, and BLM policies;

2. Existing, valid plan decisions will not be changed and any new plan decisions will not conflict with existing plan decisions; and

3. The plan amendment(s) will recognize valid existing rights.

You may submit comments on issues and planning criteria in writing to the BLM at any public scoping meeting, or you may submit them to the BLM using one of the methods listed in the **ADDRESSES** section above. To be most helpful, you should submit comments by the close of the 30-day scoping period or within 15 days after the last public meeting, whichever is later.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

The BLM will utilize and coordinate the NEPA public participation requirements to assist the agency in satisfying the public involvement requirements under Section 106 of the National Historic Preservation Act (NHPA) (16 U.S.C. 470(f)) as provided for in 36 CFR 800.2(d)(3). Information about historic and cultural resources within the area potentially affected by the proposed Rio Mesa Project and potential CDCA Plan amendment will assist the BLM in identifying and evaluating impacts to such resources in the context of both NEPA and Section 106 of the NHPA.

The BLM will consult with Indian tribes on a government-to-government basis in accordance with Executive Order 13175 and other policies. Tribal concerns, including impacts on Indian trust assets, will be given due consideration. Federal, State, and local agencies, along with tribes and other stakeholders that may be interested or affected by the proposed action that the BLM is evaluating, are invited to participate in the scoping process and, if eligible, may request or be requested by the BLM to participate in the development of the environmental analysis as a cooperating agency.

The BLM will evaluate identified issues to be addressed in the plan, and will place them into one of three categories:

1. Issues to be resolved in the plan amendment;

2. Issues to be resolved through policy or administrative action; or

3. Issues beyond the scope of this plan amendment.

The BLM will provide an explanation in the EIS as to why an issue was placed in category two or three. The public is also encouraged to identify any management questions and concerns that should be addressed in the plan amendment. The BLM will work collaboratively with interested parties to identify the management decisions that are best suited to local, regional, and national needs and concerns.

The BLM will use an interdisciplinary approach to develop the plan amendment in order to consider the variety of resource issues and concerns identified. Specialists with expertise in the following disciplines will be involved in the planning process: Rangeland management, minerals and geology, outdoor recreation, archaeology, paleontology, wildlife and fisheries, lands and realty, hydrology, soils, and sociology and economics.

Authority: 40 CFR 1501.7 and 43 CFR 1610.2.

Thomas Pogacnik,
Deputy State Director, California.

Bureau of Ocean Energy Management

[BOEM–2011–0082]

Right-of-Way Grant of Submerged Lands on the Outer Continental Shelf to Support Renewable Energy Development

AGENCY: Bureau of Ocean Energy Management (BOEM), Interior.

ACTION: Request for comment.

SUMMARY: BOEM Form 0009 would be used to issue Outer Continental Shelf (OCS) renewable energy right-of-way (ROW) grants in order to streamline this process and increase efficiency and consistency for applicants. As defined by BOEM regulations at 30 CFR Part 585, an ROW grant is an authorization issued for use of a portion of the OCS for the construction and use of a cable or pipeline for the purpose of gathering, transmitting, distributing, or otherwise transporting electricity or other energy product generated or produced from renewable energy, but does not constitute a project easement. The ability of an ROW grantee to install such a cable or pipeline and operate such activities would be subject to the applicable approvals specified in 30 CFR Part 585. BOEM has developed the form included in this notice and invites comments on the draft form. Following the 30-day comment period, BOEM will review all submitted comments, and publish a final version of the form in the **Federal Register**.

DATES: Submit written comments by September 28, 2012.

FOR FURTHER INFORMATION CONTACT: Maureen A. Bornholdt, Program Manager, Office of Renewable Energy Programs at (703) 787–1300.

ADDRESSES: You may submit comments by either of the following methods listed below.

- **Electronically:** go to <http://www.regulations.gov>. In the entry titled “Enter Keyword or ID,” enter docket BOEM–2011–0082 then click “search.” Follow the instructions to submit public comments and view supporting and related materials. All comments will be posted on www.regulations.gov.

- Mail or hand-carry comments to the Department of the Interior; Bureau of Ocean Energy Management; Attention: Jennifer Golladay; 381 Elden Street, HM 1328; Herndon, Virginia 20170. Please reference the docket number and title in your comment and include your name and return address.
