#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

The Economic Development Administration's (EDA) mission is to lead the federal economic development agenda by promoting innovation and competitiveness, and preparing American regions for growth and success in the worldwide economy. This information collection is necessary to determine the applicant's eligibility for investment assistance under EDA's authorizing statute, the Public Works and Economic Development Act of 1965, as amended (42 U.S.C. 3121 *et seq.*), and regulations (13 CFR Chapter III). The information collection also determines the quality of the proposed scope of work to address the pressing economic distress of the region in which the proposed project will be located, the merits of the activities for which the investment assistance is requested, and the ability of the eligible applicant to carry out the proposed activities successfully.

Form ED-900 is used to collect the necessary information. This form was approved for use by the Office of Management and Budget (OMB) on February 15, 2008, and was made available for use by the public on October 1, 2008. It replaced EDA's previous suite of application materials: (i) *The Pre-Application for Investment Assistance* (Form ED-900P), (ii) the *Application for Investment Assistance* (Form ED-900A), and (iii) all program-specific components required to complete the ED-900A. EDA continues to require additional government-wide federal grant assistance forms from the Standard Form 424 family and certain Department of Commerce forms as part of the application package.

EDA believes the new ED-900 has significantly reduced the paperwork burden on applicants and government personnel. The introduction of this form is expected to reduce applicant burden from a combined 46 hours to complete the aforementioned documents to 22 hours for the Form ED-900. In addition, because Form ED-900 consolidated all EDA requirements into a single application, it facilitates electronic application submission through <http://www.grants.gov>.

#### II. Method of Collection

EDA will accept hardcopy submissions or electronic submissions through <http://www.grants.gov>.
