### Agricultural Marketing Service

[Doc. No. AMS–FGIS–21–0010]

#### United States Standards for Sorghum

**AGENCY:** Agricultural Marketing Service, USDA.

**ACTION:** Final notice.

**SUMMARY:** This action is being taken under the authority of the United States Grain Standards Act, as amended, (USGSA). The United States Department of Agriculture's (USDA) Agricultural Marketing Service (AMS) is making no changes regarding the United States (U.S.) Standards for Sorghum under the USGSA.

**DATES:** *Applicability date:* Upon Publication in the **Federal Register**.

**FOR FURTHER INFORMATION CONTACT:** Loren Almond, USDA AMS; Telephone: (816) 702–3925; email: [Loren.L.Almond@usda.gov](mailto:Loren.L.Almond@usda.gov).

**SUPPLEMENTARY INFORMATION:** Section 4 of the USGSA (7 U.S.C. 76(a)) grants the Secretary of Agriculture the authority to establish standards for sorghum and other grains regarding kind, class, quality, and condition. AMS published a Notice in the **Federal Register** on March 26, 2021 (86 FR 16181), inviting interested parties to comment on whether current sorghum standards and grading practices needed to be amended.

AMS received a total of two comments on the U.S. Standards for Sorghum. AMS received one comment from the national commodity organization representing sorghum producers stating that producers were satisfied that current standards were working for the market and recommended AMS make no changes to standards. Additionally, the comment recommended three areas that producers might wish to engage in discussions with AMS in the future.

These areas were: Potential for new sorghum classes; research to develop an electronic odor determination instrument; and changing the unit of measurement for sorghum from hundred weights to bushels. AMS received a joint comment from two organizations representing grain elevator operators that stated the standards were meeting the needs of the market and did not need amendment. The joint comment concurred with the national commodity organization's position on future research areas. AMS welcomes the opportunity to engage with stakeholders on these matters.

#### Final Action

Based on the comments received, AMS is making no changes to the U.S. Standards for Sorghum at this time.  
*Authority:* 7 U.S.C. 71–87k.

**Bruce Summers,**

*Administrator, Agricultural Marketing Service.*

### Forest Service

#### Manti-La Sal National Forest; Utah; Revision of the Manti-La Sal National Forest Land Management Plan

**AGENCY:** Forest Service, USDA.

**ACTION:** Notice of intent to prepare an environmental impact statement.

**SUMMARY:** The USDA Forest Service is revising the Land Management Plan (LMP) for the Manti-La Sal National Forest and preparing an environmental impact statement (EIS). This notice describes the documents available for review and how to obtain them; summarizes the need for change to the existing LMP; identifies where a preliminary draft LMP (detailed proposed action) can be obtained; provides information concerning public participation and collaboration, including the process for submitting comments; provides an estimated schedule for the planning process, including the time available for comments; and includes the names and addresses of agency contacts who can provide additional information.

**DATES:** Comments concerning the preliminary need for change and the

proposed action will be most useful in the development of the revised LMP and draft EIS if received by October 25, 2021. The draft revised LMP and draft EIS are expected summer 2022, and the final revised LMP and final EIS are expected summer 2023.

**ADDRESSES:** Visit the Manti-La Sal National Forest's planning website at: [www.fs.usda.gov/main/mantilasal/landmanagement/planning](http://www.fs.usda.gov/main/mantilasal/landmanagement/planning) for instructions on submitting comments using a webform, the preferred approach. Written comments can also be sent to Manti-La Sal National Forest, Attn: Forest Plan, 599 West Price River Drive, Price, UT 84501, via email to [mlnfpplanrevision@usda.gov](mailto:mlnfpplanrevision@usda.gov), or via facsimile to (435) 637–4940.

**FOR FURTHER INFORMATION CONTACT:** Autumn Ela, Forest Planner, Manti-La Sal National Forest, 599 West Price River Drive, Price, Utah 84501, 435–210–1608 or [autumn.ela@usda.gov](mailto:autumn.ela@usda.gov).

Individuals who use telecommunication devices for the hearing-impaired (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 between 8 a.m. and 8 p.m., Eastern Daylight Time, Monday through Friday. More information on the planning process, including access to the preliminary draft proposed plan, the preliminary need for change, the Wild and Scenic River Eligibility Report, and the Wilderness Evaluation Report may be found at [www.fs.usda.gov/main/mantilasal/landmanagement/planning](http://www.fs.usda.gov/main/mantilasal/landmanagement/planning).

#### SUPPLEMENTARY INFORMATION:

##### Nature of Decision To Be Made

The Manti-La Sal National Forest is preparing an EIS to revise the existing LMP. The EIS process is meant to inform the forest supervisor so he can decide which alternative best maintains and restores terrestrial and aquatic resources while providing ecosystem services and multiple uses on National Forest System lands as required by the National Forest Management Act and the Multiple Use Sustained Yield Act.

The revised LMP will describe the strategic intent of managing the Manti-La Sal National Forest for the next 10 to 15 years and will address the identified need for change to the existing LMP. The revised LMP will provide management direction in the form of desired conditions, objectives,
