SUPPLEMENTARY INFORMATION:**Background**

On May 20, 2025, the Department published a notice in the **Federal Register** (90 FR 21441) proposing a waiver and extension of the project period with funding in order to enable one project under ALN 84.351A to receive continuation funding for an additional 12-month period, not to exceed September 30, 2026. The proposed waiver and extension of the project period with funding would allow the Department to comply with the directive in the Full-Year Continuing Appropriations and Extensions Act, 2025 and align with the dates of the Assistance for Arts Education (AAE) awards funded in FY 2021 under ALN 84.351A, which are scheduled to receive their final year of funding in FY 2025, and end on September 30, 2026. The waiver will allow the Department to issue a continuation award in FY 2025, as directed by Congress, to the currently funded 84.351A Arts in Education National Program (AENP) project at an amount consistent with the amount awarded in FY 2024.

There are no differences between the notice of proposed waiver and extension of the project period with funding and this notice of final waiver and extension of the project period with funding, as discussed in the *Analysis of Comments and Changes* section of this document.

Public Comment: In response to our invitation in the notice of proposed waiver and extension of the project period with funding, five parties submitted a comment.

Generally, we do not address technical and other minor changes or suggested changes the law does not authorize us to make under the applicable statutory authority. In addition, we do not address general comments that raised concerns not directly related to the proposed waiver and extension with funding.

Analysis of Comments and Changes

An analysis of the comments and of any changes in the priority since publication of the notice of proposed waiver and extension of the project period with funding follows.

Comment: Two commenters submitted comments that were not relevant to the waiver and extension.

Discussion: The Department does not address general comments not directly related to the proposed waiver and extension with funding.

Change: None.

Comment: Three commenters submitted comments in support of the extension of funding stating the funding is necessary to advance students' artistic development and to develop well-rounded students.

Discussion: We appreciate the commenters' support for the funding extension for AENP and agree that funding this extension will continue to advance students' artistic development.

Change: None.

Final Waiver and Extension of the Project Period With Funding

The Department intends to comply with the directive in the Full-Year Continuing Appropriations and Extensions Act, 2025 and align with the dates of the AAE awards funded in FY 2021 under ALN 84.351A, which are scheduled to receive their final year of funding in FY 2025, and end on September 30, 2026.

Consequently, the Secretary waives the requirements in 34 CFR 75.261(a) and (b)(2), which allow the extension of a project period only if the extension does not involve the obligation of additional Federal funds. This waiver allows the Department to issue a one-year FY 2025 continuation award to the currently funded 84.351A project at an amount consistent with the amount awarded in FY 2024.

Any activities carried out during the year of this continuation award must be consistent with, or a logical extension of, the scope, goals, and objectives of the grantee's application as approved in the FY 2022 competition. The requirements for continuation awards are set forth in 34 CFR 75.253.

Regulatory Flexibility Act Certification

The Secretary certifies that this proposed regulatory action would not have a substantial economic impact on a substantial number of small entities.
