DEPARTMENT OF THE INTERIOR

Office of Historical Trust Accounting; Historical Accounting of Individual Indian Money Accounts: Collection of Documents Related to Oil and Gas Production on Allotted Lands

AGENCY: Office of Historical Trust Accounting, Interior.

ACTION: Notice regarding records relating to indian allotted land and individual indian money accounts.

SUMMARY: Notice is hereby given that the Department of the Interior is requesting that anyone who possesses records related to the Individual Indian Money (IIM) trust funds to notify the Department, and to preserve and maintain such records indefinitely until further notice. If preferred, such records custodians should contact the Office of Historical Trust Accounting, 1951 Constitution Avenue, NW., MS 16 SIB, Washington, DC, 20240, so that arrangements can be made for the Department to take custody of such records. The purpose of this request is to ensure that such records are not destroyed so that they may be used to support an accounting of IIM trust funds. Generally, this request applies to entities that have or had business with the Department or individual Indians involving the payment of money for use of or access to Indian allotted lands, and would include entities in the oil and gas industry, the timber industry, farming and grazing operations, financial institutions, public utilities (e.g., gas, electric and telephone companies), Indian Tribes, other federal agencies, state and local government archives, and non-governmental depositories such as historical societies, and possibly

others. Relevant records would include any records which pertain to revenue generated on Indian allotted land from 1887 to the present, revenue generated due to Tribal judgment or per capita payments, and any other records which pertain to IIM trust institutions, public utilities (e.g., gas, electric and telephone companies), Indian Tribes, other federal agencies, state and local government archives, and non-governmental depositories such as historical societies, and possibly others. This request is pursuant to the Department's duty to account for trust funds held in IIM accounts.

FOR FURTHER INFORMATION CONTACT:

Stephen Swanson, Project Coordinator, Office of Historical Trust Accounting, 1951 Constitution Avenue, NW., MS 16 SIB, Washington, DC 20240, telephone 202/208-3405, or by facsimile at 202/219-1139.

SUPPLEMENTARY INFORMATION:

On December 21, 1999, the United States District Court for the District of Columbia declared that the Department must provide individual Indian Money (IIM) account holders "an accurate accounting of all money in the IIM trust held in trust for the benefit of [IIM account holders] without regard to when the funds were deposited." *Cobell v. Norton*, 92 F.Supp.2d, 1, 58 (D.D.C. 1999). This accounting will include, at an appropriate level of detail, an assessment of the accuracy of the balances in IIM accounts, reports to individual beneficiaries of the money and real property held in trust for their benefit, and reports to individual beneficiaries that contain sufficient information to allow beneficiaries to determine whether the trust has been faithfully performed. In furtherance of accomplishing the overall duty to account, the District Court held that the Department was in breach of a specific duty to have "written policies and procedures for collecting from outside sources missing information necessary to render an accounting of the IIM trust[.]" *Id.* On appeal, the Court of Appeals for the District of Columbia Circuit stated that written policies and procedures for the collection of such records are "necessary for the government to discharge its fiduciary

obligation" to account for IIM trust funds. *Cobell v. Norton*, 240 F.3d 1081, 1105-06 (D.C. Cir. 2001).

The Department is in the process of developing written policies and procedures for the collection of such records. However, the Department recognizes that it is important to reach out to non-Interior sources of these records to encourage them to preserve and maintain them so that they are available to support the accounting of IIM funds. The Department will provide further guidance based upon the information obtained from record custodians.

Dated: February 1, 2002.

J. Steven Griles,

Deputy Secretary.

On May 26, 1999, the U.S. Fish and Wildlife Service (Service) was given regular approval by OMB for collection of information in order to continue the grants programs currently conducted under the North American Wetlands Conservation Act (Pub. L. 101-233, as amended; December 13, 1989). The assigned OMB information collection control number is 1018-0100, and approval expires on May 31, 2002. The Service is requesting a three year term of approval for this information collection activity. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Title: Information Collection In Support of Grant Programs Authorized by the North American Wetlands Conservation Act of 1989 (NAWCA).

Approval Number: 1018-0100.

Service Form Number(s): N/A.

Description and Use: The North American Waterfowl Management Plan (NAWMP), first signed in 1986, is a tripartite agreement among Canada, Mexico and the United States to enhance, restore and otherwise protect continental wetlands to benefit waterfowl and other wetland associated wildlife through partnerships between and among the private and public sectors. Because the 1986 NAWMP did not carry with it a mechanism to provide for broadly-based and sustained financial support for wetland conservation activities, Congress passed and the President signed into law the NAWCA to fill that funding need. The purpose of NAWCA, as amended, is to

promote long-term conservation of North American wetland ecosystems and the waterfowl and other migratory birds, fish and wildlife that depend upon such habitat through partnerships. Principal conservation actions supported by NAWCA are acquisition, enhancement and restoration of wetlands and wetlands-associated habitat.

As well as providing for a continuing and stable funding base, NAWCA establishes an administrative body, made up of a State representative from each of the four Flyways, three representatives from wetlands conservation organizations, the Secretary of the Board of the National Fish and Wildlife Foundation, and the Director of the Service. This administrative body is chartered, under the Federal Advisory Committee Act, by the U.S. Department of the Interior as the North American Wetlands Conservation Council (Council). As such, the purpose of the Council is to recommend wetlands conservation project proposals to the Migratory Bird Conservation Commission (MBCC) for funding.

Subsection (c) of Section 5 (Council Procedures) provides that the " * * * Council shall establish practices and procedures for the carrying out of its functions under subsections (a) and (b) of this section * * *," which are consideration of projects and recommendations to the MBCC, respectively. The means by which the Council decides which project proposals are important to recommend to the MBCC is through grants programs that are coordinated through the Council Coordinator's office (NAWWO) within the Service.

Competing for grant funds involves applications from partnerships that describe in substantial detail project locations and other characteristics, to meet the standards established by the Council and the requirements of NAWCA. The Council Coordinator's office publishes and distributes Standard and Small Grants instructional booklets that assist the applicants in formulating project proposals for Council consideration. The instructional booklets and other instruments, e.g., **Federal Register** notices on request for proposals, are the basis for this information collection request for OMB clearance. Information collected under this program is used to respond to such needs as: audits, program planning and management, program evaluation, Government Performance and Results Act reporting, Standard Form 424 (Application For Federal Assistance), grant agreements, budget reports and
