Abstract: The Complaints and Compensation for Construction Defects program under Section 509C of Title V of the Housing Act of 1949, as amended, provides funding to eligible persons who have structural defects with their Agency financed homes to correct these problems. Structural defects are defects in the dwelling, installation of a manufactured home, or a related facility or a deficiency in the site or site development which directly and significantly reduces the useful life, habitability, or integrity of the dwelling or unit. The defect may be due to faulty material, poor workmanship, or latent causes that existed when the dwelling or unit was constructed. Period of Review (POR)

The POR is July 1, 2010, through June 30, 2011.

A complete description of the scope of the Order is found in the Memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Import Administration (Issues and Decision Memorandum), which is dated concurrently with and hereby incorporated by reference. The Issues and Decision Memorandum is a public document and is on file electronically via Import Administration's Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this antidumping investigation are

addressed in the Issues and Decision Memorandum. A list of the issues raised is attached to this notice as Appendix I.

Changes Since the Preliminary Results

The Department conducted a targeted dumping analysis for these final results. The Department also corrected certain ministerial errors, as described in the Memorandum from Tyler Weinhold to the File, Regarding "Final Results of the 2010-2011 Administrative Review of Purified Carboxymethylcellulose (CMC) from Finland: Analysis of Data Submitted by CP Kelco Oy and CP Kelco U.S. Inc. (collectively, CP Kelco)," dated February 5, 2013, and hereby incorporated by reference. This targeted dumping analysis added an analysis of targeted dumping by U.S. Census division, as well as the original consideration of targeted dumping by U.S. Census region.

Final Results of Review

We determine that the following dumping margin exists for the period July 1, 2010, through June 30, 2011:

Manufacturer/Exporter	Weighted-average dumping margin (percentage)
CP Kelco Oy	12.06

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.212(b), the Department will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. For assessment purposes, we calculated importer (or customer)-specific assessment rates for merchandise subject to this review. Where appropriate, we calculated an *ad valorem* rate for each importer (or customer) by dividing the total dumping margins for reviewed sales to that party by the total entered values associated with those transactions. For duty assessment rates calculated on this basis, we will direct CBP to assess the resulting *ad valorem* rate against the entered customs values for the subject merchandise. Where appropriate, we calculated a per-unit rate for each importer (or customer) by dividing the total dumping margins for reviewed sales to that party by the total sales quantity associated with those transactions. For duty-assessment rates calculated on this basis, we will direct CBP to assess the resulting per-unit rate against the entered quantity of the subject merchandise. Where an importer
