SUPPLEMENTARY INFORMATION:

Title: Public Lands Corps Participant Tracking Sheet.

OMB Number: 0596-NEW.

Type of Request: New Information Collection Request.

Abstract: The Public Lands Corps is a work and education program involving the nation's land management agencies, conservation and service corps, and environmental organizations that contribute to the rehabilitation, restoration, and repair of public lands resources and infrastructures. Public Lands Corps projects provide opportunities for community and national public service, work experience and training for young people who are unemployed or underemployed persons, students, recent graduates, and others with an interest in natural and cultural resources careers. The law authorizing this program includes 16 U.S.C. 1721-1726, Chapter 37—Public Lands Corps and Resource Assistants Program (Public Lands Corps Healthy Forests Restoration Act of 2005 [Pub. L. 109-154] as amended in 1993, hereafter referred to as “the Act.”)

The Agency has developed a tracking sheet (FS-1800-0026, *Public Lands Corps Participant Tracking Sheet*) to support the effective management of the Public Lands Corps Program. The utilization of the Public Lands Corps Tracking Sheet will assist the Agency in ensuring qualified program participants lawfully receive a certificate of non-competitive hiring eligibility, which can be used to apply to Forest Service merit announcements on USAJobs. All partners managing Public Lands Corps projects are required to submit a Public Lands Corps Participant Tracking Sheet to Merlene Mazyck by electronic forms through secure email to 21CSC@fs.fed.us. This email address is monitored daily. In the future, it is intended that partners will be required to electronically submit tracking sheets through a Federal Land Management agency web-based project management system. Public Lands Corps submission is requested on a quarterly basis unless otherwise defined.

The use of the Public Lands Corps Participant Tracking Sheet ensures uniform collection of information regarding tracking and monitoring participant engagement in order to determine adherence to requirements for non-competitive hiring eligibility as defined in the Act. The data—such as

participant demographic information, and project information—collected will allow the Forest Service, and other Federal Land Management Agencies, to monitor the effectiveness of Agency efforts to meet the intent of the Act, and engage under-represented populations in natural and cultural resource conservation, development and scientific research work, and education on public lands. This information collection request will ensure that partners maintain a record of all Public Lands Corps agreements established with Federal Land Management Agencies, participant demographics and education, project information and work hours, project locations and dates, and status of noncompetitive eligibility certification.

Type of Respondents: Non-profit Organizations and Non-Federal Governmental entities.

Estimated Annual Number of Respondents: 350.

Estimated Annual Number of Responses per Respondent: 4; quarterly submission.

Estimated Total Annual Responses: 1,400.

Estimated Time per Response: 6 hours per response.

Estimated Total Annual Burden on Respondents: 8,400 hours.

Comment Is Invited

Comment is invited on: (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the agency, including whether the information will have practical or scientific utility; (2) the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection methods or forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission of the information collection request to Office of Management and Budget.

Dated: September 5, 2017.

Glenn Casamassa,

Associate Deputy Chief, National Forest System.

Rural Housing Service

Notice of Request for Extension of a Currently Approved Information Collection

AGENCY: Rural Housing Service, Department of Agriculture.

ACTION: Proposed collection; comments requested.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Rural Housing Service's intention to request an extension for a currently approved information collection in support of the program of the Agency's use of Supervised Bank Accounts (SBA).

DATES: Comments on this Notice must be received by November 20, 2017 to be assured of consideration.

FOR FURTHER INFORMATION CONTACT:

Joanna Rogers, Financial Loan Analyst, Multi-Family Housing Portfolio Management Division, STOP 0782-Room 1263S, U.S. Department of Agriculture, 1400 Independence Avenue SW., Washington, DC 20250-0782. Telephone: (202) 720-1609.

SUPPLEMENTARY INFORMATION:

Title: 7 CFR 1902-A, Supervised Bank Accounts.

OMB Number: 0575-0158.

Expiration Date of Approval: January 31, 2018.

Type of Request: Extension of a Currently Approved Information Collection.

Abstract: The Agency extends financial assistance to applicants that do not qualify for loans under commercial rates and terms.

The Agency use SBAs as a mechanism to (1) ensure correct disbursement and expenditure of all funds designated for a project; (2) help a borrower properly manage its financial affairs; (3) ensure that the Government's security is protected adequately from fraud, waste and abuse.

SBAs are mandatory for Multi-Family Housing (MFH) reserve accounts. The MFH funds must be kept in the SBA for the full term of a loan. Any funds withdrawn for disbursement for an authorized purpose require a countersignature from an Agency official.

This regulation prescribes the policies and responsibilities for the use of SBAs. In carrying out the mission as a supervised credit Agency, this regulation authorizes the use of supervised accounts for the disbursement of funds. The use may be necessitated to disburse Government funds consistent with the various stages of any development (construction) work actually achieved. On limited occasions, a supervised account is used to provide temporary credit counseling and oversight of those being assisted who demonstrate an inability to handle their financial affairs responsibly. Another use is for depositing MFH reserve account funds in a manner requiring Agency co-signature for withdrawals. MFH reserve account funds are held in a reserve account for the future capital improvement needs for apartment properties. Supervised accounts are established to ensure Government security is adequately protected against fraud, waste and abuse.

The legislative authority for requiring the use of supervised accounts is contained in section 510 of the Housing Act of 1949, as amended (42 U.S.C. 1480). These provisions authorize the Secretary of Agriculture to make such rules and regulations as deemed necessary to carry out the responsibilities and duties the Government is charged with administering.

Estimate of Burden: Public reporting burden for this information collection is estimated to average .44 hours per response.

Respondents: Small Business.

Estimated Average Number of

Respondents: 15,000.

Estimated Total Annual Responses: 60,292.

Estimated Total Number of Man Hours: 26,169.

Copies of this information collection can be obtained from Jeanne Jacobs, Regulations and Paperwork Management Branch, at (202) 692-0040.

Comments: Comments are invited on:

(a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) the accuracy of the Agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated,

electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments may be sent to Jeanne Jacobs, Regulations and Paperwork Management Branch, U.S. Department of Agriculture, Rural Development, STOP 0742, 1400 Independence Avenue SW., Washington, DC 20250-0742.

All responses to this Notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Dated: September 11, 2017.

Richard A. Davis,

Acting Administrator, Rural Housing Service.
