*Abstract:* The Department administers two formula grant programs under Title V, Part B (Rural Education Achievement Program (REAP)) of the Elementary and Secondary Education Act of 1965 (ESEA): the Small, Rural School Achievement (SRSA) program, administered by the Department, which makes awards directly to local educational agencies (LEAs); and the Rural and Low-Income School (RLIS) program, awarded by the Department to State Educational Agencies (SEAs), which then make awards to and administer the program for LEAs. The Department may also make RLIS awards directly to LEAs in States that do not submit an approvable RLIS application to the Department. These LEAs that apply directly to the Department for RLIS funding are known as Specially Qualified Agencies (SQAs).

The information provided to the Department enables the Department to make eligibility determinations for LEAs and to calculate formula allocations for each eligible LEA. Form 1 consists of the REAP Eligibility Spreadsheet through which SEAs provide to the Department eligibility and allocation data for both the RLIS and SRSA programs. Form 2 consists of the application package for LEAs under the SRSA program. Form 3 consists of the application package for SQAs under the RLIS program. This is a request for extension of the current information collection package (OMB #1810–0646), updated for the future fiscal years in which the collection would apply.

**SUPPLEMENTARY INFORMATION:** GPLNG requests a short-term blanket authorization to export LNG that has been previously imported into the United States from foreign sources for a two-year period. GPLNG states that it will export the LNG from the GPLNG terminal located in Sabine Pass, Texas, to any country with the capacity to import LNG via ocean-going carrier and with which trade is not prohibited by U.S. law or policy. This includes both countries with which the United States has entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas (FTA countries) and all other countries (non-FTA countries). This Notice applies only to the portion of the Application requesting authority to export the LNG to non-FTA countries pursuant to section 3(a) of the NGA, 15 U.S.C. 717b(a). GPLNG requests the term of the new authorization to commence on October 1, 2025. GPLNG further states that it does not seek authorization to export domestically produced natural gas or LNG.

GPLNG requests this authorization on its own behalf and as agent for other parties that hold title to the LNG at the time of export. Additional details can be found in GPLNG's Application, posted on the DOE website at <https://www.energy.gov/sites/default/files/2025-07/GPLNG%20Application%20for%20Blanket%20Authorization%20to%20Export%2006.26.2025.pdf>.

#### DOE Evaluation

In reviewing GPLNG's Application, DOE will consider any issues required by law or policy. DOE will consider domestic need for the natural gas, as well as any other issues determined to be appropriate, including whether the arrangement is consistent with DOE's policy of promoting competition in the marketplace by allowing commercial parties to freely negotiate their own trade arrangements. Parties that may oppose this Application should comment in their responses on these issues.

The National Environmental Policy Act (NEPA), 42 U.S.C. 4321 *et seq.*, requires DOE to give appropriate consideration to the environmental effects of its proposed decisions. No final decision will be issued in this proceeding until DOE has met its NEPA responsibilities.

#### Public Comment Procedures

In response to this Notice, any person may file a protest, comments, or a motion to intervene or notice of intervention, as applicable. Interested

parties will be provided 30 days from the date of publication of this Notice in which to submit comments, protests, motions to intervene, or notices of intervention.

Any person wishing to become a party to the proceeding must file a motion to intervene or notice of intervention. The filing of comments or a protest with respect to the Application will not serve to make the commenter or protestant a party to this proceeding, although protests and comments received from persons who are not parties will be considered in determining the appropriate action to be taken on the Application. All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by DOE's regulations in 10 CFR part 590, including the service requirements.

Filings may be submitted using one of the following methods:

- (1) Submitting the filing electronically at [fergas@hq.doe.gov](mailto:fergas@hq.doe.gov);
- (2) Mailing the filing to the Office of Regulation, Analysis, and Engagement at the address listed in the **ADDRESSES** section; or
- (3) Hand delivering the filing to the Office of Regulation, Analysis, and Engagement at the address listed in the **ADDRESSES** section.

For administrative efficiency, DOE prefers filings to be filed electronically. All filings must include a reference to "Docket No. 25-81-LNG" or "Golden Pass LNG Terminal LLC Application" in the title line.

*For electronic submissions:* Please include all related documents and attachments (e.g., exhibits) in the original email correspondence. Please do not include any active hyperlinks or password protection in any of the documents or attachments related to the filing. All electronic filings submitted to DOE must follow these guidelines to ensure that all documents are filed in a timely manner.

The Application and any filed protests, motions to intervene, notices of intervention, and comments will be available electronically on the DOE website at [www.energy.gov/fecm/regulation](http://www.energy.gov/fecm/regulation).

A decisional record on the Application will be developed through responses to this Notice by parties, including the parties' written comments and replies thereto. Additional procedures will be used as necessary to achieve a complete understanding of the facts and issues. If an additional procedure is scheduled, notice will be provided to all parties. If no party requests additional procedures, a final Order may be issued based on the

official record, including the Application and responses filed by parties pursuant to this Notice, in accordance with 10 CFR 590.316.
