

American Manufacturing Trade Action Coalition (AMTAC) and other trade associations such as the Domestic Manufacturers Committee and also by the domestic manufacturers. In 2004 and 2005 we collected data on socks as part of the counterpart for the MQ315A, "Apparel" survey.

For copies of the latest instruction manuals and report forms in this wave go to this Web address: <http://www.census.gov/mcd/clearance>.

Primary users of these data are government and regulatory agencies, business firms, trade associations, and private research and consulting organizations. The FRB uses CIR data in its monthly index of industrial production as well as its annual revision to the index. The Bureau of Economic Analysis (BEA) and the Bureau of Labor Statistics (BLS) use the CIR data in the estimate of components of gross domestic product (GDP) and the estimate of output for productivity analysis, respectively. Many government agencies, such as the International Trade Commission, Department of Agriculture, Food and Drug Administration, Department of Energy, Federal Aviation Administration, BEA, and International Trade Administration use the data for industrial analysis, projections, and monitoring import penetration. Private business firms and organizations use the data for trend projections, market analysis, product planning, and other economic and business-oriented analysis. Since the CIR program is the sole, consistent source of information regarding specific manufactured products in the intercensal years, the absence thereof would severely hinder the Federal Government's ability to measure and monitor important segments of the domestic economy, as well as the effect of import penetration.

SUPPLEMENTARY INFORMATION: *Electronic Access:* The FFO announcement for this competitive solicitation is available at <http://www.grants.gov> and at EDA's Internet Web site at <http://www.eda.gov>. Paper copies of the Form ED-900A, "Application for Investment Assistance" (OMB Control No. 0610-0094), and additional information on EDA and its NTA Program may be obtained from EDA's Internet Web site at <http://www.eda.gov>.

Funding Availability: Funds appropriated under the Science, State, Justice, Commerce and Related Agencies Appropriations Act, 2006 (Pub. L. 109-108, 119 Stat. 2290 (2005)) (2006 Appropriations Act) are available for making awards under the NTA Program authorized by section 207 of the Public Works and Economic Development Act of 1965 (42 U.S.C. 3147), as amended (PWEDA), and 13 CFR part 306, subpart A. Approximately \$700,000 is available, and shall remain available until expended, for funding awards pursuant to this request for applications. EDA anticipates publishing additional FFO announcements under the NTA Program later during this fiscal year.

Statutory Authority: The authority for the NTA Program is PWEDA. On August 11, 2005, EDA published an interim final rule (70 FR 47002) to reflect the amendments made to EDA's authorizing statute by the Economic Development Administration Reauthorization Act of 2004 (Pub. L. 108-373, 118 Stat. 1756 (2004)). The interim final rule became effective on October 1, 2005. EDA's public comment period for the interim final rule ran from August 11, 2005 through November 14, 2005. On December 15, 2005, EDA published a

second interim final rule (70 FR 74193) to change provisions of the August 11, 2005 interim final rule consistent with the direction provided in the Conference Report (H.R. Conf. Rep. No. 109–272) accompanying the 2006 Appropriations Act. You may access the currently effective regulations and PWEDA on EDA's Internet Web site at <http://www.eda.gov>.

Catalog of Federal Domestic Assistance (CFDA) Number: 11.303, Economic Development—Technical Assistance.

Eligibility Requirement: Pursuant to PWEDA, eligible applicants for and eligible recipients of EDA investment assistance include a District Organization; an Indian Tribe or a consortium of Indian Tribes; a State; a city or other political subdivision of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities; or a consortium of political subdivisions; an institution of higher education or a consortium of institutions of higher education; a public or private non-profit organization or association; a private individual; or a for-profit organization. See section 3 of PWEDA (42 U.S.C. 3122) and 13 CFR 300.3.

Cost Sharing Requirement: Generally, the amount of the EDA grant may not exceed fifty (50) percent of the total cost of the project. Projects may receive an additional amount that shall not exceed thirty (30) percent, based on the relative needs of the region in which the project will be located, as determined by EDA. See section 204(a) of PWEDA (42 U.S.C. 3144) and 13 CFR 301.4(b)(1). The Assistant Secretary of Commerce for Economic Development (Assistant Secretary) has the discretion to establish a maximum EDA investment rate of up to one hundred (100) percent where the project (i) merits and is not otherwise feasible without an increase to the EDA investment rate; or (ii) will be of no or only incidental benefit to the recipient. See section 204(c)(3) of PWEDA (42 U.S.C. 3144) and 13 CFR 301.4(b)(4).

While cash contributions are preferred, in-kind contributions, consisting of assumptions of debt or contributions of space, equipment, and services, may provide the non-federal share of the total project cost. See section 204(b) of PWEDA (42 U.S.C. 3144). EDA will fairly evaluate all in-kind contributions, which must be eligible project costs and meet applicable Federal cost principles and uniform administrative requirements. Funds from other Federal financial assistance awards are considered matching share funds only if authorized

by statute that allows such use, which may be determined by EDA's reasonable interpretation of the statute. See 13 CFR 300.3. The applicant must show that the matching share is committed to the project, available as needed and not conditioned or encumbered in any way that precludes its use consistent with the requirements of EDA investment assistance. See 13 CFR 301.5.

Intergovernmental Review: Applications under the NTA Program are not subject to Executive Order 12372, "Intergovernmental Review of Federal Programs."

Evaluation and Selection Procedures: To apply for an award under this request for applications, an eligible applicant must submit a completed application (Form ED-900A, Application for Investment Assistance) to EDA during the specified timeframe specified in the **DATES** section of this notice. Applications received after 5 p.m. EDT on August 1, 2006 will not be considered for funding. By September 1, 2006, EDA expects to notify the applicants selected for investment assistance. Unsuccessful applicants will be notified by postal mail that their applications were not recommended for funding. Applications that do not meet all items required or that exceed the page limitations set forth in this competitive solicitation will be considered non-responsive and will not be considered by the review panel. Applications that meet all the requirements will be evaluated by a review panel comprised of at least three (3) EDA staff members, all of whom will be full-time Federal employees.

Evaluation Criteria: The review panel will evaluate the applications and rate and rank them using the following criteria of approximate equal weight:

1. Conformance with EDA's statutory and regulatory requirements, including the extent to which the proposed project satisfies the award requirements set out below and as provided in 13 CFR 306.2:

- a. Strengthens the capacity of local, State or national organizations and institutions to undertake and promote effective economic development programs targeted to regions of distress;
- b. Benefits distressed regions; and
- c. Demonstrates innovative approaches to stimulate economic development in distressed regions;

2. The degree to which an EDA investment will have strong organizational leadership, relevant project management experience and a significant commitment of human resources talent to ensure the project's successful execution (see 13 CFR 301.8(b));

3. The ability of the applicant to implement the proposed project successfully (see 13 CFR 301.8);

4. The feasibility of the budget presented; and

5. The cost to the Federal Government.

Selection Factors: EDA expects to fund the highest ranking applications submitted under this competitive solicitation. The Assistant Secretary is the Selecting Official and will normally follow the recommendation of the review panel. However, the Assistant Secretary may not make any selection, or he may select an application out of rank order for the following reasons: (1) A determination that the application better meets the overall objectives of sections 2 and 207 of PWEDA (42 U.S.C. 3121 and 3147); (2) the applicant's performance under previous awards; or (3) the availability of funding.

The Department of Commerce Pre-Award Notification Requirements for Grants and Cooperative Agreements

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In response to a request by Studmark S.A. (Studmark), the Department of Commerce (the Department) is conducting a new shipper review of the antidumping duty order on certain frozen warmwater shrimp from Ecuador for the period of review (POR) August 4, 2004, through July 31, 2005. We preliminarily determine that, during the POR, Studmark sold the subject merchandise at less than normal value. Interested parties are invited to comment on these preliminary results. If the preliminary results are adopted in our final results of administrative review, we will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries.

EFFECTIVE DATE: June 16, 2006.

FOR FURTHER INFORMATION CONTACT:

David J. Goldberger or Gemal Brangman, AD/CVD Operations, Office 2, Import Administration, International Trade

Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-4136 or (202) 482-3773, respectively.

SUPPLEMENTARY INFORMATION:**Background**

On August 29, 2005, we received a request from Studmark S.A. to initiate a new shipper review of Studmark's sales of certain frozen warmwater shrimp from Ecuador. On October 3, 2005, the Department published the notice of initiation of this new shipper antidumping duty review covering the period August 4, 2004, through July 31, 2005. *See Notice of Initiation of New Shipper Antidumping Duty Review: Certain Frozen Warmwater Shrimp from Ecuador*, 70 FR 57562 (October 3, 2005).

We issued a questionnaire to Studmark in October 2005 and received responses in October and November 2005. We issued supplemental questionnaires in December 2005 and January 2006, and received responses to those questionnaires in the same months. In addition, we issued questionnaires to the importer of record, Colorful Butterfly Imports, LLC (Colorful Butterfly), and to Global Shrimp Imports LLC (Global Shrimp), Studmark's U.S. customer, in December 2005 and January 2006, respectively. These companies provided responses in January 2006.

From February 14 through 16, 2006, we conducted a verification of Studmark's questionnaire responses, which included a visit to Oceanpro, S.A., an unaffiliated producer/exporter of subject merchandise that processed and packed Studmark's subject merchandise sales to the United States and the home market under a tolling agreement.

On April 3, 2006, the Department published an extension of the time period for issuing the preliminary results of this review by an additional 120 days, or until July 26, 2006, in accordance with section 751(a)(2)(B)(iv) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.214(i)(2). *See Notice of Extension of Time Limit for the Preliminary Results of New Shipper Review: Certain Frozen Warmwater Shrimp from Ecuador*, 71 FR 16556 (April 3, 2006).

On April 21, 2006, we issued an additional supplemental questionnaire to Studmark, and received Studmark's response, dated May 1, 2006, on May 2, 2006.
