The Commission requires Tier 1 local exchange carriers (LECs) to provide expanded opportunities for third party interconnection with their interstate special access facilities. The LECs are permitted to establish a number of rate zones within study areas in which

expanded interconnection are operational. In a previous rulemaking, *Fifth Report and Order*, CC Docket No. 96-262, the Commission allowed price cap LECs to define the scope and number of zones within a study area. These LECs must file and obtain approval of their pricing plans which will be used by FCC staff to ensure that the rates are just, reasonable and nondiscriminatory.
