Extension of Comment Period for Request for Information and Comments on the Preparation of the 2017-2022 Outer Continental Shelf (OCS) Oil and Gas Leasing Program

AGENCY: Bureau of Ocean Energy Management (BOEM), Interior.

ACTION: Extension of Comment Period.

SUMMARY: On June 16, 2014, BOEM published a Request for Information and Comments on the preparation of a new Oil and Gas Leasing Program for 2017-2022, as required by section 18 of the OCS Lands Act (43 U.S.C. 1344). The Act requires the Department of the Interior to invite and solicit information on all 26 OCS planning areas from interested and affected parties as the first step in the preparation of a Five Year OCS Oil and Gas Leasing Program (Five Year Program).

The June 16 notice provided for a 45-day comment period, which is scheduled to end on July 31, 2014. BOEM has received requests from several coastal states to extend the comment period. To further the intent of the OCS Lands Act to collect information for future decision-making and provide ample opportunity for interested and affected parties to comment, BOEM is extending the comment period to August 15, 2014. See instructions for commenting below as they are simplified from the original notice as explained on the BOEM Five Year Web page.

DATES: BOEM must receive all comments and information by August 15, 2014.

FOR FURTHER INFORMATION CONTACT: Ms. Kelly Hammerle, Five Year Program Manager, at (703) 787-1613.

Public Comment Procedure

BOEM will accept comments in one of two formats: internet commenting system or regular mail. BOEM's preference is to receive comments via the internet commenting system. Comments should be submitted using

only one of these formats, and include full name and address of the individual submitting the comment(s). Comments submitted by other means may not be considered. BOEM will not consider anonymous comments. BOEM will make available for public inspection in their entirety, all comments submitted by organizations and businesses, or by individuals identifying themselves as representatives of organizations or businesses.

BOEM's practice is to make comments, including the names and addresses of individuals, available for public review. An individual commenter may ask that BOEM withhold from the public record his or her name, home address, or both, and BOEM will honor such a request to the extent allowable by law. If individuals submit comments and desire withholding of such information, they must so state prominently at the beginning of their submission.

SUPPLEMENTARY INFORMATION:

Background.—On September 14, 2009, the Department of Commerce issued antidumping and countervailing duty orders on imports of certain kitchen appliance shelving and racks from China (74 FR 46971). The Commission is conducting reviews to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full or expedited reviews. The Commission's determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to these reviews:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by the Department of Commerce.

(2) *The Subject Country* in these reviews is China.

(3) *The Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determinations, the Commission found two *Domestic Like Products*: (1) Certain refrigeration shelving and baskets for refrigerators, freezers, combination refrigerator/freezers and other refrigerating or freezing equipment ("refrigeration shelving"); and (2) certain oven racks, side racks, and subframes for cooking stoves, ranges, and ovens ("oven racks").

(4) *The Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like*

Product constitutes a major proportion of the total domestic production of the product. Based on its original determinations of two separate *Domestic Like Products*, the Commission found two *Domestic Industries* consisting of the following: (1) All producers of certain refrigeration shelving and baskets for refrigerators, freezers, combination refrigerator/freezers, and other refrigerating or freezing equipment; and (2) all producers of certain oven racks, side racks, and subframes for cooking stoves, ranges, and ovens.

(5) *The Order Date* is the date that the antidumping and countervailing duty orders under review became effective. In these reviews, the *Order Date* is September 14, 2014.

(6) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

Participation in the proceeding and public service list.—Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the proceeding as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the proceeding.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation or an earlier review of the same underlying investigation. The Commission's designated agency ethics official has advised that a five-year review is not the same particular matter as the underlying original investigation, and a five-year review is not the same particular matter as an earlier review of the same underlying investigation for purposes of 18 U.S.C. 207, the post employment statute for Federal employees, and Commission rule 201.15(b) (19 CFR 201.15(b)), 79 FR 3246 (Jan. 17, 2014), 73 FR 24609 (May 5, 2008).
