

Alternatives to Completing the Information Collection

Although we will continue to require completion of the screener questionnaire for any in-person hearing or field office visit, we do not require this screener questionnaire for other modalities of appeals hearings, or field

office services. One may choose an online video hearing or telephone hearing as an alternative to an in-person hearing, just as we also have online and telephone services for field office transactions. Claimants may obtain Social Security payments regardless of the hearing method they choose, and field office visitors may submit their

documentation using our internet services, telephone requests, or by mailing their documentation to SSA.

The respondents are beneficiaries or applicants requesting an in-person hearing, or members of the public entering a field office.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)	Average theoretical hourly cost amount (dollars) *	Average wait time in office or for teleservice centers (minutes) **	Total annual opportunity cost (dollars) ****
COVID Screener Questionnaire	359,160	1	10	59,860	* 19.86	** 10	**** 2,377,639
VIPr Mobile App	16,554	1	5	1,380	* 28.01	*** 21	**** 200,944
Telephone Screener	661,554	1	10	110,259	* 28.01	*** 21	**** 9,573,902
Totals	1,037,268	171,499	**** 12,152,485

* We based the Covid Screener Questionnaire figure on averaging both the average DI payments based on SSA's current FY 2022 data (<https://www.ssa.gov/legislation/2022factsheet.pdf>), and the average U.S. worker's hourly wages, as reported by Bureau of Labor Statistics data (https://www.bls.gov/oes/current/oes_nat.htm). We based the VIPr Mobile App and Telephone Screener on the average U.S. worker's hourly wages, as reported by Bureau of Labor Statistics data (https://www.bls.gov/oes/current/oes_nat.htm).

** We based this figure on the average FY 2022 wait times for hearing offices, based on SSA's current management information data.

*** We based this figure on the average FY 2022 wait times for field offices and teleservice centers, based on SSA's current management information data.

**** This figure does not represent actual costs that SSA is imposing on recipients of Social Security payments to complete this application; rather, these are theoretical opportunity costs for the additional time respondents will spend to complete the application. *There is no actual charge to respondents to complete the application.*
