Certain Magnesia Carbon Bricks From the People's Republic of China: Preliminary Results of Countervailing Duty Administrative Review; 2012

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the countervailing duty order on certain magnesia carbon bricks (MCBs) from the People's Republic of China (PRC), covering the period of review (POR) January 1, 2012, through December 31, 2012. We preliminarily determine that the application of adverse facts available (AFA) to the sole mandatory respondent, Fengchi Imp. and Exp. Co., Ltd. of Haicheng City and Fengchi Refractories Co., of Haicheng City (collectively, Fengchi), and the Government of the PRC (GOC), is necessary because they failed to cooperate to the best of their ability in this proceeding. The Department also preliminarily finds that certain companies made no shipments of subject merchandise to the United States during the POR. Interested parties are invited to comment on these preliminary results.

DATES: *Effective Date:* June 9, 2014.

FOR FURTHER INFORMATION CONTACT: Brandon Steele, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-4956.

Scope of the Order

The merchandise subject to the order includes certain MCBs. Certain MCBs that are the subject of this order are currently classifiable under the following subheadings of the Harmonized Tariff Schedule of the United States (HTSUS): 6902.10.1000, 6902.10.5000, 6815.91.0000, 6815.99.2000, and 6815.99.4000. Although the HTSUS numbers are provided for convenience and customs purposes, the written product

description remains dispositive. A full description of the scope of the order is contained in the memorandum to Paul Piquado, Assistant Secretary for Enforcement and Compliance from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, "Decision Memorandum for the Preliminary Results of the Countervailing Duty Administrative Review of Certain Magnesia Carbon Bricks from the People's Republic of China," dated concurrently with and hereby adopted by this notice (Preliminary Decision Memorandum).

The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). IA ACCESS is available to registered users at <https://iaaccess.trade.gov>, and is available to all parties in the Department's Central Records Unit, located in Room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be found at <http://enforcement.trade.gov/frn/>. The signed and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Determination of No Shipments

On December 13, 2013, the Department received timely no shipment certifications from RHI AG and its affiliates: Liaoning RHI Jinding Magnesia Co.; RHI Refractories (Dalian) Co. Ltd.; RHI Refractories Liaoning Co., Ltd.; RHI Trading Shanghai Branch; and RHI Trading (Dalian) Co., Ltd. (collectively, the RHI Companies).¹ Because there is no evidence on the record to indicate that these companies had sales of subject merchandise during the POR, we preliminarily determine that the RHI Companies had no shipments during the POR. As a result, pursuant to 19 CFR 351.213(d)(3), the Department intends to rescind the review with respect to the RHI Companies. However, the Department finds that it is not appropriate to rescind the review with respect to the RHI

Companies at this time; instead, consistent with our practice, the Department will complete the review with respect to the RHI Companies and issue appropriate instructions to U.S. Customs and Border Protection (CBP) based on the final results of the review.² Information on the record shows that Fengchi did have sales of subject merchandise during the POR.³

Methodology

The Department conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each subsidy program under review, we preliminarily determine there are countervailable subsidies, *i.e.*, that there is a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.⁴ In making these findings, we relied on AFA for Fengchi, because it did not act to the best of its ability to respond to our request for information; as such, we drew an adverse inference in selecting among the facts available.⁵

With respect to the remaining companies for which we initiated reviews and that did not file no-shipment certifications, we will assign to entries made by these companies the all-others rate from the investigation. Accordingly, and consistent with section 705(c)(5)(A)(ii) of the Act, we relied upon the all others rate from the investigation because the rate calculated for the sole mandatory respondent in these preliminary results of review is based entirely upon facts available. We consider the use of the all others rate from the investigation, which was based upon a calculated rate for one of the mandatory respondents in the investigation, to be a "reasonable method" for calculating the all others rate because it represents the only rate in the history of the countervailing duty order on MCBs from the PRC that is not zero, *de minimis*, or based entirely upon facts available.⁶

¹ See the December 13, 2013, Letter to the Secretary, "Certain Magnesia Carbon Bricks from China: Notice of No Sales." In our *Initiation Notice*, we stated that any company named in the notice of initiation that had no exports, sales, or entries during the POR must notify the Department within 60 days of publication of the notice in the **Federal Register**. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 78 FR 67104, 67104 (November 8, 2013) (*Initiation Notice*).

Preliminary Results of Review

We preliminarily determine the following margins exist for the POR:

Company	<i>Ad valorem</i> net subsidy rate (percent)
Fengchi Imp. and Exp. Co., Ltd. of Haicheng City and Fengchi Refractories Co., of Haicheng City (collectively, Fengchi)	66.27
Rate Applicable to the Remaining Companies Under Review ⁷	24.24

Assessment Rates and Cash Deposit Requirements

In accordance with 19 CFR 351.221(b)(4)(i), we assigned a subsidy rate for each producer/exporter subject to this administrative review. Upon issuance of the final results, the Department shall determine, and CBP shall assess, countervailing duties on all appropriate entries covered by this review. We intend to issue instructions to CBP 15 days after publication of the final results of review.

Pursuant to section 751(a)(2)(C) of the Act, the Department also intends to instruct CBP to collect cash deposits of estimated countervailing duties, in the amounts shown above for each of the respective companies shown above, on shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review. For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits at the most-recent company-specific or all-others rate applicable to the company, as appropriate. These cash deposit requirements, when imposed, shall remain in effect until further notice.

These preliminary results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).
