Title of Collection: National Assessment of Educational Progress (NAEP) 2021.

OMB Control Number: 1850-0928.

Type of Review: A revision of an existing information collection.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 628,317.

Total Estimated Number of Annual Burden Hours: 372,570.

Abstract: The National Assessment of Educational Progress (NAEP), conducted by the National Center for Education Statistics (NCES), is a federally authorized survey of student achievement at grades 4, 8, and 12 in various subject areas, such as mathematics, reading, writing, science, U.S. history, civics, geography, economics, technology and engineering literacy (TEL), and the arts. The National Assessment of Educational Progress Authorization Act (Pub. L. 107–279 Title III, section 303) requires the assessment to collect data on specified student groups and characteristics, including information organized by race/ethnicity, gender, socio-economic status, disability, and limited English proficiency. It requires fair and accurate presentation of achievement data and permits the collection of background, noncognitive, or descriptive information that is related to academic achievement and aids in fair reporting of results. The intent of the law is to provide representative sample data on student achievement for the nation, the states, and subpopulations of students and to monitor progress over time. The nature of NAEP is that burden alternates from a relatively low burden in national-level administration years to a substantial burden increase in state-level administration years when the sample has to allow for estimates for individual states and some of the large urban districts. The request is to conduct NAEP 2021, including operational assessments and pilot tests: Operational national/state Digitally Based Assessments (DBA) in mathematics and reading at grades 4 and 8, and Puerto Rico in mathematics at grades 4 and 8; operational national DBA in U.S. history and civics at grade 8; and pilot DBA for mathematics at grades 4 and 8 was approved in April 2020. This request is the first of three 30D packages that will provide updates to materials for NAEP 2021, and provides the final details of the design for NAEP 2021 as well as some updated communication materials and a new sampling memo. The subsequent Materials Updates #2 and #3 are scheduled for June and October of 2020. The NAEP results will be reported to the public through the Nation's Report Card as well as other online NAEP tools.

Dated: April 16, 2020.
