Title: Procedures for Requests from Tribal Lead Agencies to use Child Care and Development Fund (CCDF) Funds for Construction or Major Renovation of Child Care Facilities.

OMB No.: 0970–0160.

Description: The Child Care and Development Block Grant Act, as amended, allows Indian Tribes to use Child Care and Development Fund (CCDF) grant awards for construction and renovation of child care facilities. A tribal grantee must first request and receive approval from the

Administration for Children and Families (ACF) before using CCDF funds for construction or major renovation. This information collection contains the statutorily-mandated uniform procedures for the solicitation and consideration of requests, including instructions for preparation of environmental assessments in conjunction with the National Environmental Policy Act. The proposed draft procedures update the procedures that were originally issued in August 1997 and last updated in April 2010. Respondents will be CCDF tribal grantees requesting to use CCDF funds for construction or major renovation.

Respondents: Tribal Child Care Lead Agencies acting on behalf of Tribal Governments.

Title: Tribal TANF Financial Report (ACF–196T).

OMB No.: 0970–0345.

Description: Tribes use Form ACF–196T to report expenditures for the Tribal TANF grant. Authority to collect and report this information is found in the Personal Responsibility and Work

Opportunity Reconciliation Act of 1996 (PRWORA), Public Law 104–193. Tribal entities with approved Tribal plans for implementation of the TANF program are required by Section 412(h) of the Social Security Act to report financial data. Form ACF–196T provides for the collection of data regarding Federal expenditures. Failure to collect this data would seriously compromise the Administration for Children and Families’ (ACF) ability to monitor expenditures. This information is also used to estimate outlays and may be used to prepare ACF budget submissions to Congress. Financial management of the program would be seriously compromised if the expenditure data were not collected.

45 CFR part 286 Subpart E requires the strictest controls on funding requirements, which necessitates review of documentation in support of Tribal expenditures for reimbursement. Comments received from previous efforts to implement a similar Tribal TANF report Form ACF–196T were used to guide ACF in the development of the product presented with this submittal

Respondents: All Tribal TANF Agencies.

Health Resources and Services Administration

Notice of Intent To Make Changes in the State Title V Maternal and Child Health Block Grant Allocations

AGENCY: Health Resources and Services Administration, HHS.

ACTION: Response to solicitation of comments.

SUMMARY: The Health Resources and Services Administration's (HRSA) Maternal and Child Health Bureau (MCHB) plans to move forward in implementing annual changes to the State Title V MCH Block Grant allocations, beginning in Federal Fiscal Year (FY) 2013, using the U.S. Census Bureau's 3-year American Community Survey (ACS) poverty estimates. Title V MCH Block Grant funds are currently allocated to states based in part on a calculation of the number of children living in poverty (in an individual state) as compared to the total number of children living in poverty in the United States. Historically, data for the number of children in poverty in each state came from the Decennial Census. As the Census Bureau has replaced the Decennial Census long-form sample questionnaire with the ACS, MCHB
