

The Commission also requests that the parties brief the following questions on review:

1. With respect to the economic prong of the domestic industry requirement, did the ID address the contextual analysis required by our precedent to determine if Kyocera's investments are significant? *See, e.g., Certain Carburetors and Products Containing Such Carburetors*, Inv. No. 337-TA-1123, Comm'n Op. at 17-19 (Oct. 28, 2019). If not, does the record evidence support a finding that Kyocera satisfies this requirement?

2. Did Hitachi present any argument(s) concerning contextual analysis in its petition for review? If so, please identify the argument(s) and the relevant petition pages, evidence, and authorities cited on the issue.

3. Does the RID's interpretation and application of the "initiating a driving cycle" limitation exclude the embodiments depicted in Figures 1 and 16 of the '718 patent?

Responses or replies to the briefing questions should not exceed 30 pages.

In connection with the final disposition of this investigation, the Commission may (1) issue an order that results in the exclusion of the subject articles from entry into the United States, and/or (2) issue one or more cease and desist orders that could result in the respective respondent being required to cease and desist from engaging in unfair acts in the importation and sale of such articles. Accordingly, the Commission is interested in receiving written submissions that address the form of remedy, if any, that should be ordered. If a party seeks exclusion of an article from entry into the United States for purposes other than entry for consumption, the party should so indicate and provide information establishing that activities involving other types of entry either are adversely affecting it or likely to do so. For background, *see Certain Devices for Connecting Computers via Telephone Lines*, Inv. No. 337-TA-360, USITC Pub. No. 2843 (December 1994) (Commission Opinion).

When the Commission contemplates some form of remedy, it must consider the effects of that remedy upon the public interest. The factors the Commission will consider include the effect that an exclusion order and/or cease and desist orders would have on (1) the public health and welfare, (2) competitive conditions in the U.S. economy, (3) U.S. production of articles that are like or directly competitive with those that are subject to investigation, and (4) U.S. consumers. The

Commission is therefore interested in receiving written submissions that address the aforementioned public interest factors in the context of this investigation.

When the Commission orders some form of remedy, the U.S. Trade Representative, as delegated by the President, has 60 days to approve or disapprove the Commission's action. *See* section 337(j), 19 U.S.C. 1337(j) and the Presidential Memorandum of July 21, 2005. 70 FR 43251 (July 26, 2005). During this period, the subject articles would be entitled to enter the United States under bond, in an amount determined by the Commission. The Commission is therefore interested in receiving submissions concerning the amount of the bond that should be imposed if a remedy is ordered.

Written Submissions: The parties to the investigation are requested to file written submissions on the issues under review that specifically address the Commission's questions set forth in this notice. The submissions should be concise and thoroughly referenced to the record in this investigation. Parties to the investigation, interested government agencies, and any other interested parties are encouraged to file written submissions on the issues of remedy, bonding, and the public interest. Such submissions should address the recommended determination by the ALJ on remedy and bonding.

Complainant is also requested to submit proposed remedial orders for the Commission's consideration. Complainant is also requested to state the date that the asserted patent expires, the HTSUS numbers under which the accused products are imported, and to supply the names of known importers of the products at issue in this investigation. The responses to the questions on review, written submissions, and proposed remedial orders must be filed no later than close of business on January 3, 2020. Reply submissions must be filed no later than the close of business on January 10, 2020. No further submissions on these issues will be permitted unless otherwise ordered by the Commission.

Persons filing written submissions must file the original document electronically on or before the deadlines stated above and submit eight true paper copies to the Office of the Secretary pursuant to Section 210.4(f) of the Commission's Rules of Practice and Procedure (19 CFR 210.4(f)). Submissions should refer to the investigation number ("Inv. No. 337-TA-1082") in a prominent place on the cover page and/or the first page. (*See*

Handbook on Filing Procedures, https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf). Persons with questions regarding filing should contact the Secretary at (202) 205-2000.

Any person desiring to submit a document to the Commission in confidence must request confidential treatment unless the information has already been granted such treatment during the proceedings. All such requests should be directed to the Secretary of the Commission and must include a full statement of the reasons why the Commission should grant such treatment. *See* 19 CFR 210.6. Documents for which confidential treatment by the Commission is sought will be treated accordingly. A redacted non-confidential version of the document must also be filed simultaneously with any confidential filing. All information, including confidential business information and documents for which confidential treatment is properly sought, submitted to the Commission for purposes of this Investigation may be disclosed to and used: (i) By the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel,¹ solely for cybersecurity purposes. All non-confidential written submissions will be available for public inspection at the Office of the Secretary and on EDIS.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in part 210 of the Commission's Rules of Practice and Procedure, 19 CFR part 210.

By order of the Commission.

Issued: December 12, 2019.

Lisa Barton,

Secretary to the Commission.

SUPPLEMENTARY INFORMATION: This agreement re-establishes a matching program between the IRS and the DOJ to provide DOJ with the mailing address of taxpayers to assist the Department in its effort to collect or to compromise debts owed to the United States. DOJ will provide to the IRS an electronic file containing the names and Social Security Numbers (SSN) of individuals who owe debts to the U.S. and whose debts have been referred to DOJ for litigation and/or enforced collection. The IRS provides direct notice to taxpayers in the instructions to Forms 1040, 1040A, and 1040EZ, and constructive notice in the **Federal Register** system of records notice. The notice provides taxpayers that information provided to the U.S. Individual Income Tax Returns may be given to other Federal agencies, as provided by law. For the records involved in this match, both IRS and DOJ have provided constructive notice to record subjects through the publication, in the **Federal Register**, of systems of records notices that contain routine uses permitting disclosures for this matching program.

Participating Agencies: The participating agencies include: DOJ and the IRS.

Authority for Conducting the Matching Program: This matching agreement is executed pursuant to 5 U.S.C. 552a(o), the Privacy Act of 1974, as amended, and sets forth the terms under which the IRS agrees to disclose taxpayer mailing addresses to the DOJ. This matching program is being conducted under the authority of the Internal Revenue Code § 6103(m)(2), and the routine uses published in the agencies' Privacy Act systems of records notices for the systems of records used in this match. This provides for disclosure, upon written request, of a taxpayer's mailing address for use by officers, employees, or agents of a Federal agency for the purpose of locating such taxpayer to collect or compromise a Federal claim against the taxpayer in accordance with Title 31, §§ 3711, 3717, and 3718. These statutory provisions authorize DOJ to collect debts on behalf of the United States through litigation.

Purposes: The purpose of this program is to provide DOJ with the most current addresses of taxpayers, to notify debtors of legal actions that may be taken by DOJ and the rights afforded them in the litigation, and to enforce collection of debts owed to the United States.

Categories of Individuals: Individuals who owe debts to the United States and whose debts have been referred to the DOJ for litigation and/or enforced collection.

Categories of Records: DOJ will submit the nine-digit SSN and four-character Name Control (the first four letters of the surname) of each individual whose current address is requested. IRS will provide:

- Nine-digit SSN and four-character Name Control; and
- The latest street address, P.O. Box, or other address, city, State and ZIP Code, only if the input SSN and Name Control both match the Individual Master File (IMF); or
- A code explaining that no match was found on the IMF.

Systems of Records: DOJ will provide records from the Debt Enforcement System, JUSTICE/DOJ-016, last published in its entirety at 77 FR 9965-9968 (February 21, 2012). This system of records contains information on persons who owe debts to the United States and whose debts have been referred to the DOJ for litigation and/or enforced collection. DOJ records will be matched against records contained in Treasury's Privacy Act System of Records: Customer Account Data Engine (CADE)

IMF, Treasury/IRS 24.030, last published at 77 FR 47948 (Aug. 10, 2012). This system of records contains, among other information, the taxpayer's name, SSN, and most recent address known by IRS. CADE is maintained at the Martinsburg Computing Center (MCC), and the notice for this system of records was last published at 80 FR 54082 (September 8, 2015).
