

According to the application filed for the Belle Ayr 2000 tract, the maintenance tract would be mined to maintain production at the existing Belle Ayr Mine. The tract is also contiguous to an existing lease at the Caballo Mine.

The Belle Ayr 2000 tract is bounded on three sides by existing coal leases at the Belle Ayr and Caballo Mines. Under the approved mining plans for these two mines, a large portion of the tract will be disturbed when the adjacent leases are mined in order to recover all of the coal in those leases.

The Draft EA analyzes two alternatives. The Proposed Action is to issue a maintenance lease for the Belle Ayr 2000 tract as applied for to the successful bidder at a competitive sealed bid sale. The second alternative, Alternative 1, is the No Action Alternative, which assumes that the application for the Belle Ayr 2000 tract is rejected.

The Office of Surface Mining Reclamation and Enforcement is a cooperating agency in the preparation of this EA because it is the Federal agency that would recommend approval or disapproval of the Mineral Leasing Act (MLA) mining plan for the Belle Ayr 2000 LBA tract to the Secretary of the Interior, if a lease is issued for the tract.

During the scoping process, the issues that were identified related to this lease application included: The potential for conflicts with recovery of coalbed methane resources in the coal; potential cumulative impacts of increasing mineral development in the PRB; validity and currency of resource data; public access; potential impacts to threatened and endangered species and other species of concern; potential cumulative air quality impacts; potential impacts of nitrogen oxide emissions resulting from blasting of coal and overburden; and cumulative impacts of reasonably foreseeable actions such as the construction and operation of the DM&E railroad in the cumulative analysis.

Comments, including names and street addresses of respondents, will be available for public review at the BLM, Casper Field Office, 2987 Prospector Drive, Casper, WY, during regular business hours (8 a.m. to 4:30 p.m.), Monday through Friday, except holidays, and may be published as part of the final EA. Individual respondents may request confidentiality. If you wish to withhold your name or street address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. Such requests will be honored to the

extent allowed by law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives of officials of organizations or businesses, will be made available for public inspection in their entirety.
