

these safety incidents and until the cause of the incidents was determined, PATH operated its PTC system in manual mode. Through investigation, testing, and replication of the events that led to the safety incidents, PATH determined on May 23, 2022, the cause to be a software error. PATH subsequently developed a procedural mitigation to prevent the unique series of events that resulted in the safety incident. PATH is in parallel rectifying the software error.

PATH requested to operate its PTC system in manned automatic train control mode, with a procedural mitigation to prohibit the unique series of events that resulted in the safety incident, which FRA approved temporarily. As noted above, FRA's PTC regulations require PATH to repair the software error without undue delay. See 49 CFR 236.1023(j), 236.1029(a).

FRA will publish a further notice, including an opportunity for comment, when PATH submits a request for amendment (RFA) to its PTCSP that will include the update to PATH's PTC system rectifying the software error, in accordance with 49 CFR 236.1021. As background, before making certain changes to an FRA-certified PTC system or the associated FRA-approved PTCSP, a host railroad must submit, and obtain FRA's approval of, an RFA to its PTCSP. Under 49 CFR 236.1021(e), FRA's regulations provide that FRA will publish a notice in the **Federal Register** and invite public comment in accordance with 49 CFR part 211, if an RFA includes a request for approval of a material modification of a signal and train control system.

Privacy Act Notice

In accordance with 49 CFR 211.3, FRA solicits comments from the public to better inform its decisions. DOT posts these comments, without edit, including any personal information the commenter provides, to <https://www.regulations.gov>, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at <https://www.transportation.gov/privacy>. Confidential Business Information: Confidential Business Information (CBI) is commercial or financial information that is both customarily and actually treated as private by its owner. Under the Freedom of Information Act (FOIA) (5 U.S.C. 552), CBI is exempt from public disclosure. If your comments responsive to this notice contain commercial or financial information that is customarily treated as private, that you actually treat as private, and that is relevant or responsive to this notice, it is important that you clearly designate the submitted comments as CBI. Pursuant to 49 Code of Federal Regulations (CFR) 190.343, you may ask PHMSA to give confidential treatment to information you give to the agency by taking the following steps: (1) Mark each page of the original document submission containing CBI as "Confidential"; (2) send PHMSA, along with the original document, a second copy of the original document with the CBI deleted; and (3) explain why the information you are submitting is CBI. Unless you are notified otherwise, PHMSA will treat such marked submissions as confidential under the FOIA, and they will not be placed in the public docket of this notice. Submissions containing CBI should be sent to Kay McIver, DOT, PHMSA-PHP-80, 1200 New Jersey Avenue SE, Washington, DC 20590-0001. Any commentary PHMSA receives that is not specifically designated as CBI will be placed in the public docket for this matter.

FOR FURTHER INFORMATION CONTACT:

General: Ms. Kay McIver by telephone at 202-366-0113, or by email at kay.mciver@dot.gov.

Technical: Mr. Steve Nanney by telephone at 713-272-2855, or by email at steve.nanney@dot.gov.

SUPPLEMENTARY INFORMATION: PHMSA received a special permit request from TGP, a subsidiary of Kinder Morgan, Inc., seeking a waiver from the requirements of 49 CFR 192.611(a) and (d): Change in class location: Confirmation or revision of maximum allowable operating pressure, and 49 CFR 192.619(a): Maximum allowable

operating pressure: Steel or plastic pipelines.

This special permit is being requested in lieu of pipe replacement, pressure reduction, or new pressure tests for a Class 1 to 3 location change. The initial request involved multiple special permit segments located in the states of Kentucky, Louisiana, Ohio, and Tennessee. On February 3, 2022, TGP withdrew its special permit request pertaining to all but one (1) special permit segment totaling 2,829.60 feet (approximately 0.536 miles) of pipeline in Barrett County, Kentucky. This special permit segment is on TGP's 36-inch diameter Line 800-2 Pipeline, which operates at a maximum allowable operating pressure of 936 pounds per square inch gauge and was constructed in 1968. Additional information concerning this special permit segment is available in the docket.

The special permit request, proposed special permit with conditions, and draft environmental assessment (DEA) for the TGP 36-inch diameter Line 800-2 Pipeline are available for review and public comments in Docket No. PHMSA-2019-0152. PHMSA invites interested persons to review and submit comments on the special permit request and DEA in the docket. Please include any comments on potential safety and environmental impacts that may result if the special permit is granted.

Comments may include relevant data.

Before issuing a decision on the special permit request, PHMSA will evaluate all comments received on or before the comments closing date. Comments received after the closing date will be evaluated, if it is possible to do so without incurring additional expense or delay. PHMSA will consider each relevant comment it receives in making its decision to grant or deny this special permit request.

Issued in Washington, DC, on May 16, 2022, under authority delegated in 49 CFR 1.97.

Alan K. Mayberry,

Associate Administrator for Pipeline Safety.
